Turn Around Bright Eyes Bloomsbury Publishing
Goodnight Desdemona (Good Morning Juliet) is an exuberant comedy and feminist revisioning of Shakespeare's Othello and Romeo and Juliet. It takes us from a dusty office in Canada's

Queen's University, into the fraught and furious worlds of two of Shakespeare's best-known tragedies, and turns them upside-down. Constance Ledbelly is the beleaguered "spinster" academic, and unlikely heroine who embarks on a quest for Shakespearean origins and, ultimately, her own identity. When she deciphers an ancient and neglected manuscript, Constance is propelled through a very modern rabbit hole and lands smack in the middle of the tragic turning points of each play in turn. Her attempts to save first Desdemona, then Juliet, from their

harrowing fates, result in a wild unpredictable ride through comedy and near-tragedy, as mild-mannered Constance learns to love, sword-fight, dance Renaissance-style, and master a series of disguises... Goodnight Desdemona (Good Morning Juliet) a gender-bendy, big-hearted and crazily intelligent romp, where irony and anger sing in perfect harmony with innocence and poignancy.

A comprehensive biography of the late designer, Karl Lagerfeld, and his infamous rivalry with Yves Saint Laurent. In the 1970s, Paris fashion exploded like a champagne bottle left out in the sun. Amid sequins and longing, celebrities and aspirants flocked to the heart of chic, and Paris became a hothouse of revelry, intrigue, and searing ambition. At the center of it all were fashion's most beloved luminaries - Yves Saint Laurent, the reclusive enfant terrible, and Karl Lagerfeld, the flamboyant freelancer with a talent for reinvention - and they divided Paris into two fabulous halves. Their enduring rivalry is chronicled in this dazzling exposé of an era: of social ambitions, shared obsessions, and the mesmerizing quest for beauty. "Deliciously dramatic... The Beautiful Fall crackles with excitement." -New York Times Book Review "Fascinating." -New York Times "Addictive." - Philadelphia Inquirer "It's like US Weekly, 1970s style." -Gotham "A story constructed as exquisitely as a couture dress. . . . It moves stylishly forward, with frequent over-the-shoulder glances at some very dishy background." -Boston Globe

"Michael Gross's new book...packs [in] almost as many stories as there are apartments in the building. The Jackie Collins of real

estate likes to map expressions of power, money and ego... Even more crammed with billionaires and their exploits than 740 Park" (Penelope Green, The New York Times). With two concierge-staffed lobbies, a walnut-lined library, a lavish screening room, a private sixty-seat restaurant offering residents room service, a health club complete with a seventy-foot swimming pool, penthouses that cost almost \$100 million, and a tenant roster that's a roll call of business page heroes and villains, Fifteen Central Park West is the most outrageously successful, insanely expensive, titanically tycoon-stuffed real estate development of the twenty-first century. In this "stunning" (CNN) and "deliciously detailed" (Booklist, starred review) New York Times bestseller, journalist Michael Gross turns his gimlet eye on the new-money wonderland that's sprung up on the southwest rim of Central Park. Mixing an absorbing business epic with hilarious social comedy, Gross "takes another gossip-laden bite out of the upper crust" (Sam Roberts, The New York Times), which includes Denzel Washington, Sting, Norman Lear, top executives, and Russian and Chinese oligarchs, to name a few. And he recounts the legendary building's inspired genesis, costly construction, and the flashy international lifestyle it has brought to a once benighted and socially déclassé Manhattan neighborhood. More than just an apartment building, 15CPW represents a massive paradigm shift in the lifestyle of New York's rich and famous—and is a bellwether of the city's changing social and financial landscape.

"The first definitive biography of the iconic, notoriously private British fashion designer Alexander McQueen explores the connections between his dark work and even darker life. When

forty-year-old Alexander McQueen committed suicide in February 2010, a shocked world mourned the loss. McQueen had risen from humble beginnings as the son of an East London taxi driver to scale the heights of fame, fortune, and glamour. He designed clothes for the world's most beautiful women and royalty, most famously the Duchess of Cambridge, who wore a McQueen dress on her wedding day. He created a multimillion-dollar luxury brand that became a favorite with celebrities including Kate Moss and Naomi Campbell. But behind the confident facade and bad-boy image, lay a sensitive soul who struggled to survive in the ruthless world of fashion. As the pressures of work intensified, McQueen became increasingly dependent on the drugs that contributed to his tragic end. Meanwhile, in his private life, his failure to find lasting love in a string of boyfriends only added to his despair. And then there were the dark secrets that haunted his sleep... A modern-day fairy tale infused with the darkness of a Greek tragedy, Alexander McQueen tells the complete sensational story, and includes never-before-seen photos. Those closest to the designer--his family, friends, and lovers--have spoken for the first time about the man they knew, a fragmented individual, a lost boy who battled to gain entry into a world that ultimately destroyed him. "There's blood beneath every layer of skin," McQueen once said. Andrew Wilson's biography, filled with groundbreaking material, dispels myths, corrects inaccuracies, and offers new insights into McQueen's private life and the source of his creative genius"--

NEW YORK TIMES BESTSELLER • From the pages of Vogue to the runways of Paris, this “captivating” (Time) memoir by a

legendary style icon captures the fashion world from the inside out, in its most glamorous and most cutthroat moments. “The Chiffon Trenches honestly and candidly captures fifty sublime years of fashion.”—Manolo Blahnik NAMED ONE OF THE BEST BOOKS OF THE YEAR BY NPR • Fortune • Garden & Gun • New York Post During André Leon Talley’s first magazine job, alongside Andy Warhol at Interview, a fateful meeting with Karl Lagerfeld began a decades-long friendship with the enigmatic, often caustic designer. Propelled into the upper echelons by his knowledge and adoration of fashion, André moved to Paris as bureau chief of John Fairchild’s Women’s Wear Daily, befriendng fashion's most important designers (Halston, Yves Saint Laurent, Oscar de la Renta). But as André made friends, he also made enemies. A racially tinged encounter with a member of the house of Yves Saint Laurent sent him back to New York and into the offices of Vogue under Grace Mirabella. There, he eventually became creative director, developing an unlikely but intimate friendship with Anna Wintour. As she rose to the top of Vogue’s masthead, André also ascended, and soon became the most influential man in fashion. The Chiffon Trenches offers a candid look at the who’s who of the last fifty years of fashion. At once ruthless and empathetic, this engaging memoir tells with raw honesty the story of how André not only survived the brutal style landscape but thrived—despite racism, illicit rumors, and all the other challenges of this notoriously cutthroat industry—to become one of the most renowned voices and faces in fashion. Woven throughout the book are also André’s own personal struggles that impacted him over the decades, along with intimate stories of those he turned to for inspiration (Diana

Vreeland, Diane von Fürstenberg, Lee Radziwill, to name a few), and of course his Southern roots and faith, which guided him since childhood. The result is a highly compelling read that captures the essence of a world few of us will ever have real access to, but one that we all want to know oh so much more about.

Years after her discovery at age fourteen at New York City's John F. Kennedy Airport and her quick ascent to the top of the supermodeling world and choice luxury-brand figurehead, Kate Moss represents an unusual success story: that of a middle-class teenager who became one of the best-paid models in the world with no apparent effort. Hers is a story of endless reinvention: more than twenty years later, despite tabloid scandals, drug use, rehab, and tumultuous high-profile romances, Kate Moss appears

before us as a fresh creation each time, an ideal subject able to adapt to any circumstance, recast herself ceaselessly through self-staging and self-narration, and make the world fall in love with her over and over again. In *Kate Moss: The Making of an Icon*, Christian Salmon's insightful text, accompanied by more than sixty gorgeous images, explores this phenomenon—the story of an icon, a muse, a legend, an enigma—and how our culture has created the collective Kate Moss myth.

The memoir of the creative genius at *Vogue* US and star of *The September Issue*: a dazzling and beguiling story of fifty years in fashion. For decades, Grace Coddington's personal touch has steered wildly imaginative fashion spreads in *Vogue* magazine. Then came *The September Issue*, the behind-the-scenes documentary that turned the spotlight on a woman with a no-nonsense attitude and an unerring visual instinct. Overnight, the flame-haired Grace became a heroine for fashion insiders and the general public alike. Witty and forthright, and illustrated throughout with vintage photographs and exclusive line-drawings, *Grace: A Memoir* shares the excitement and vision that go into producing so many unforgettable fashion images. Here are the designers, models, photographers, hairstylists, make-up artists and celebrities with whom Grace has created her 'stories in pictures' - whether it be Jerry Hall conquering the USSR or Tom Ford falling down a rabbit hole in Annie Leibovitz's version of *Alice in Wonderland*. Grace's own life has been as dream-like as one of her madcap fashion spreads. Brought up in windswept wartime Anglesey, she arrived in London, aged eighteen, and

quickly became a face of the Sixties. The muse behind Vidal Sassoon's Five Point Cut, she posed for Bailey, Donovan, Duffy and Norman Parkinson in Swinging London and jumped into a pool in Saint-Tropez for Helmut Newton. Surviving a serious car-crash, she later became a fashion editor at British Vogue and during the Seventies and the Eighties started to create the fantasy travelogues that would become her trademark. Friendships bloomed - with Bruce Weber and Calvin Klein, whose offer of a job took Grace to New York. While two early marriages were brief, her romance with the hairstylist Didier Malige has endured. And her professional partnership with Anna Wintour - with whom she has collaborated for over twenty years - continues to have an astonishing influence on modern style.

"Nick Waplington: Alexander McQueen", Tate Britain exhibition 10 March - 17 May 2015. This major exhibition is the result of a unique collaboration between the artist Nick Waplington (b 1965) and the acclaimed fashion designer Alexander McQueen (1969-2010). In 2009, Waplington was given unprecedented access to McQueen's idiosyncratic creative journey as he prepared his final Autumn/Winter collection, *Horn of Plenty*. McQueen conceived the *Horn of Plenty* collection as an iconoclastic retrospective of his career in fashion, reusing silhouettes and fabrics from his earlier collections, and creating a catwalk set out of discarded elements from the sets of his past shows. Their collaboration reveals a raw side of the fashion world, juxtaposing Waplington's candid images of McQueen's intense and theatrical working process with rigorously produced photographs of recycling plants and landfills, creating a powerful commentary on destruction and creative renewal".--Tate website.
