JAMARI LOGAN

Basic English Grammar Vol.B(Third Edition)(CD1) Pearson Education ESL
A few years ago, a magazine sponsored a contest for the comment most likely to end a conversation. The winning entry? "I teach English grammar." Just throw that line out at a party; everyone around you will clam up or start saying "whom." Why does grammar make everyone so nervous? Probably because English teachers, for decades – no, for centuries – have been making a big deal out of grammar in classrooms, diagramming sentences and drilling the parts of speech, clauses, and verbals into students until they beg for mercy. Happily, you don't have to learn all those technical terms of English grammar – and you certainly don't have to diagram sentences – in order to speak and write correct English. So rest assured – English Grammar For Dummies will probably never make your English teacher's top-ten list of must-read books, because you won't have to diagram a single sentence. What you will discover are fun and easy strategies that can help you when you're faced with such grammatical dilemmas as the choice between "I" and "me," "had gone" and "went," and "who" and "whom." With English Grammar For Dummies, you won't have to memorize a long list of meaningless rules (well, maybe a couple in the punctuation chapter!), because when you understand the reason for a particular word choice, you'll pick the correct word

automatically. English Grammar For Dummies covers many other topics as well, such as the following: Verbs, adjectives, and adverbs – oh my! Preposition propositions and pronoun pronouncements Punctuation: The lowdown on periods, commas, colons, and all those other squiggly marks Possession: It's nine-tenths of grammatical law Avoiding those double negative vibes How to spice up really boring sentences (like this one) Top Ten lists on improving your proofreading skills and ways to learn better grammar Just think how improving your speaking and writing skills will help you in everyday situations, such as writing a paper for school, giving a presentation to your company's big wigs, or communicating effectively with your family. You will not only gain the confidence in knowing you're speaking or writing well, but you'll also make a good impression on those around you! Chartbook McGraw Hill Professional Reviews concepts in English grammar, and provides exercises with answers for practice.

Exercises Taylor & Francis

At last! An approach that compares and contrasts essential elements of Spanish grammar alongside their counterparts in English.

Understanding and Using English

Grammar Cambridge University Press

The Workbook consists solely of self-study exercises, with answers included, providing students the opportunity to explore and practice grammar independently. It is keyed to explanatory grammar charts in both the Student Book and the Chartbook. *Understanding and Using English Grammar* is a classic

developmental skills text for intermediate to advanced English language learners.

Basic English Grammar Allyn & Bacon

A classic developmental skills text for intermediate to advanced students of English, *Understanding and Using English Grammar* is a comprehensive reference grammar as well as a stimulating and teachable classroom text. While keeping the same basic approach and material as in earlier editions, the Third Edition more fully develops communicative and interactive language-learning activities. Some of the new features are: *Numerous real communication opportunities *More options for interactive work in pairs and groups *Additional open-ended communicative tasks for both speaking and writing *Expanded error analysis exercises *Interesting and lively new exercise material *Shorter units for easy class use The program components include the Student Book, Workbook, Chartbook, Teacher's Guide, and Companion Website. Also available: *Understanding and Using English Grammar Interactive* (a multimedia CD-ROM).

With Essential Online Resources

Pearson Education ESL

This third edition of this text presents the major grammatical contrasts between English and Spanish in a simple and direct manner that is ideal for teachers of either language. This book addresses difficult grammatical topics for the English speaker, such as the question of aspect (preterit/imperfect) and the Spanish rorindicative/subjunctive; the English modal auxiliary system; and other challenging topics for the Spanish speaker. This reworked and expanded edition presents a complete inventory of

all the major inter-lingual contrasts, emphasizing those contrasts that pose difficulties for teachers and students alike. The text features numerous exercises and, new with this edition, an extensive glossary of grammatical terms. Answer key available for download from the "features" tab on the publisher's website:

If you want to get to grips with editing, this book sets down, in a simple, uncomplicated way, the fundamental

knowledge you will need to make a good edit between two shots. Regardless of what you are editing, the problem of learning how to be a good editor remains the same. This book concentrates on where and how an edit is made and teaches you how to answer the simple question: 'What do I need to do in order to make a good edit between two shots?' Simple, elegant, and easy to use, *Grammar of the Edit* is a staple of the filmmaker's library.
