2012 Poet's Market BRILL

This book explores the art of writing poetry from a practice-based perspective. Split into three sections, it covers poetic form, tropes, structural devices and approaches poets have developed and used in their work. Each chapter unpacks a particular concept or form, then demonstrates how this works through examples and creative exercises.

Boethius (c.480–c.525/6), though a Christian, worked in the tradition of the Neoplatonic schools, with their strong interest in Aristotelian logic and Platonic metaphysics. He is best known for his Consolation of Philosophy, which he wrote in prison awaiting execution. His works also include a

long series of logical translations, commentaries and monographs and some short but densely-argued theological treatises, all of which were enormously influential on medieval thought. But Boethius was more than a writer who passed on important ancient ideas to the Middle Ages. The essays here by leading specialists, which cover all the main aspects of his writing and its influence, show that he was a distinctive thinker, whose arguments repay careful analysis and who used his literary talents in conjunction with his philosophical abilities to present a complex view of the world.

The Old Testament books of wisdom and poetry carry themselves differently from those of the Pentateuch, the histories or the prophets. The divine voice does not peal from Sinai, there are no narratives carried along by prophetic interpretation nor are oracles declaimed by a prophet. Here Scripture often speaks in the words of human response to God and God's world. The hymns, laments and thanksgivings of Israel, the dirge of Lamentations, the questionings of Qohelet, the love poetry of the Song of Songs, the bold drama of Job and the proverbial wisdom of Israel all offer their textures to this great body of biblical literature. Then too there are the finely crafted stories of Ruth and Esther that narrate the silent providence of God in the course of Israelite and Jewish lives. This third Old Testament volume in IVP's celebrated "Black Dictionary" series offers nearly 150 articles covering all the important aspects of Job, Proverbs, Ecclesiastes, Psalms, Song of Songs, Lamentations, Ruth and Esther. Over 90 contributors, many of them experts in this literature, have contributed to the 'Dictionary of the Old Testament: Wisdom, Poetry and Writings'. This volume maintains the quality of scholarship that students, scholars and pastors have come to expect from this series. Coverage of each biblical book includes an introduction to the book itself as well as separate articles on their ancient Near Eastern background and their history of interpretation. Additional articles amply explore the literary dimensions of Hebrew poetry and prose, including acrostic, ellipsis, inclusio, intertextuality, parallelism and rhyme. And there are well-rounded treatments of Israelite wisdom and wisdom literature, including wisdom poems, sources and theology. In addition, a wide range of interpretive approaches is canvassed in articles on hermeneutics, feminist interpretation, form criticism, historical criticism, rhetorical criticism and social-scientific approaches. The 'Dictionary of the Old Testament: Wisdom, Poetry and Writings' is sure to command shelf space within arm's reach of any student, teacher or preacher working in this portion of biblical literature.

"... a significant contribution to the field... great insight, learning, and clarity." -- George Hart III, University of California, Berkeley "A master's hand is behind this volume." -- Religious Studies Review "... eminently readable... artfully explains the initial spirit and modern understanding of Tamil bhakti poetry..." -- Pacific Affairs "Norman Cutler's major achievement in Songs of Experience is the new critical perspective he provides on bhakti poetry." -- The Journal of Religion Cutler reveals the link between Tamil poetry and religion. His fluent translations make the poems -- songs of the experience of God -- live for us as they did for their first audience nearly fifteen centuries ago.

Poems can be silly, serious, or fun, just like kids! This is the OCR-endorsed publication from Bloomsbury for the Latin AS and A-Level (Group 3) prescription of Catullus' poems 5, 6, 7, 8, 10, 11, 17, 40, 70, 76, 85, 88, 89, 91 and 107, and the A-Level (Group 4) prescription of poems 1, 34, 62 and 64 lines 124–264, giving full Latin text, commentary and vocabulary, with a detailed introduction that also covers the prescribed poems to be read in English for A Level. The poetry of Catullus is some of the most accessible and vivid literature ever composed. Yeats described his poems as ones which 'young men, tossing on their beds/ rhymed out in love's despair/ to flatter beauty's ignorant ear' and this selection reveals a writer baring his feelings on the page in lines of unforgettable force. He is rude and crude when he wants to be, but also elegant and wistful, sometimes in the same poem. Above all, he recreates what it was to be a young poet in the heady world of the Roman republic. Resources are available on the Companion Website.

PSALMS, Part 2, and LAMENTATIONS is Volume XV of The Forms of the Old Testament Literature, a series that aims to present a form-critical analysis of every book and each unit in the Hebrew Bible. Fundamentally exegetical, the FOTL volumes examine the structure, genre, setting, and intention of the biblical literature in question. They also study the history behind the form-critical discussion of the material, attempt to bring consistency to the terminology for the genres and formulas of the biblical literature, and expose the exegetical procedures so as to enable students and pastors to engage in their own analysis and interpretation of the Old Testament texts. This volume completes Erhard Gerstenberger's widely praised discussion of the psalms literature begun in Volume XIV, and includes as well an admirable study of the book of Lamentations. Gerstenberger interprets the different kinds of songs and prayers that comprise the book of Psalms in light of their sociohistorical settings and provides a concise formal and structural analysis of each biblical text based on an illuminating comparison with other ancient Near Eastern prayers and hymns. Seeing the biblical writings in relation to the social, cultic, religious, and theological conceptions of Israel's neighboring peoples allows contemporary readers to better grasp the purpose and spiritual meaning of the psalms and Lamentations to the Jewish community that composed them.

The purpose of the book is to enhance the concept of Technique in the teaching and practice of Social Work. Over the years Technique has not been stressed as a part of practice even though the actual practice of Social Work consists of the utilization of techniques in addition to theory and the

process of assessment and diagnosis. The book seeks to achieve its goal in four ways. It addresses the way the concept of Tchnique has or has not been used over the years. It addresses the need for a clear definition of technique. It analysis the qualities that Technique should have at this point in our history of clinical practice. It then formulates and presents a definition of technique for our thesis based on this definition. It then presents a brief discussion of 101 Techniques discussed in contemporary literature by discussing each one's place in practice a bit about its history and necessary knowledge skills to use responsibly. It addresses the latter by grouping a level of risk involved in its utilization.

"Jean-Baptiste Du Bos' Critical Reflections on Poetry and Painting is one of the seminal works of modern aesthetics. Du Bos rejected the seventeenth-century view that works of art assessed by reason. Instead, he believed, audience members have sentiments in response to artworks. Their sentiments are fainter versions of those they would feel in response to actually seeing what the work of art imitates. Du Bos was influenced by John Locke's empiricism and, in turn, had a major impact on virtually every major eighteenth-century contributor to philosophy of art, including Voltaire, Montesquieu, Diderot, Rousseau, Herder, Lessing, Mendelssohn, Kames, Gerard, and Hume. This is the first modern, annotated and scholarly edition of the Critical Reflections in any language"--
