Effective Blended Learning Practices: Evidence-Based Perspectives in ICT-Facilitated Education Lulu.com

An accessible, practical guide to incorporating the 10 essential EdTech skills and strategies in every learning setting. In a world awash in technology, what EdTech skills and strategies should educators focus on to ensure they are making the best use of online spaces for classroom learning? How can they navigate through the overwhelming number of options in digital tools and spaces? How can they guide students in learning best practices? EdTech consultant Monica Burns answers these and other questions in this powerful and reader-friendly guide to incorporating EdTech across all grade levels and subject areas, and in both distance-learning and face-to-face environments. Readers will gain practical advice on * Navigating online spaces, * Curating resources, * Introducing opportunities for exploring the world, * Developing collaboration structures, * Providing time and space to create learning products, * Assessing students, * Creating opportunities for sharing, * Connecting student work to relevant audiences, * Developing transferable skills, and * Planning for tech-rich learning experiences. Each chapter explains why the skill or strategy is essential, including supporting research, classroom examples, guiding questions for planning and reflection, and suggested websites and digital tools for classroom use. The book also includes access to downloadable forms to help you set goals, assess your progress, and build your EdTech tool belt. Timely, accessible, and informed by the author's experience and expertise, EdTech Essentials is a must-read for educators who want proven ways to prepare their students to be productive, responsible users of technology both within and outside the classroom.

When was the last time you listened to someone, or someone really listened to you? "If you're like most people, you don't listen as often or as well as you'd like. There's no one better qualified than a talented journalist to introduce you to the right mindset and skillset—and this book does it with science and humor." - Adam Grant, #1 New York Times bestselling author of *Originals* and *Give and Take* **Hand picked by Malcolm Gladwell, Adam Grant, Susan Cain, and Daniel Pink for Next Big Ideas Club** "An essential book for our times." -Lori Gottlieb, New York Times bestselling author of *Maybe You Should Talk to Someone* At work, we're taught to lead the conversation. On social media, we shape our personal narratives. At parties, we talk over one another. So

do our politicians. We're not listening. And no one is listening to us. Despite living in a world where technology allows constant digital communication and opportunities to connect, it seems no one is really listening or even knows how. And it's making us lonelier, more isolated, and less tolerant than ever before. A listener by trade, New York Times contributor Kate Murphy wanted to know how we got here. In this always illuminating and often humorous deep dive, Murphy explains why we're not listening, what it's doing to us, and how we can reverse the trend. She makes accessible the psychology, neuroscience, and sociology of listening while also introducing us to some of the best listeners out there (including a CIA agent, focus group moderator, bartender, radio producer, and top furniture salesman). Equal parts cultural observation, scientific exploration, and rousing call to action that's full of practical advice, *You're Not Listening* is to listening what Susan Cain's *Quiet* was to introversion. It's time to stop talking and start listening.

LEARN THE LANGUAGE OF OPHTHALMOLOGY before your rotation.

. . . Ophthalmology: A Brief Review for Nurses Medical Students, and Medical Technicians is a succinct primer for all members of the ophthalmic healthcare team. Listening to the digital audio of this book is a fast and efficient review or introduction to ophthalmology. Learning ophthalmology begins with learning the language of ophthalmology. Therefore, this text is laid out in a simple format with a disease and its definition and possible treatments. This text was originally written as a "Brief Review" for nurses studying for the Certification Examination for Ophthalmic Registered Nurses (CEORN), addressing many subjects listed by the NCBORN 2007 Handbook; and serves as an excellent introduction or brief review to ophthalmology. This and other works also available in Digital Audio at www.ApolloAudiobooks.com.
