*Why Men Love Bitches* Cosimo Reports

*Sneaker Wars* is the fascinating true story of the enemy brothers behind Adidas and Puma, two of the biggest global brands of athletic footwear. Adi and Rudi Dassler started their shoe business in their mother's laundry room and achieved almost instantaneous success. But by the end of World War II a vicious feud had torn the Dasslers apart, dividing their company and

their family and launching them down separate, often contentious paths. Out of the fires of their animosity, two rival sneaker brands were born, brands that would revolutionize the world of professional sports, sparking astonishing behind-the-scenes deals, fabulous ad campaigns, and multimillion-dollar contracts for pro athletes, from Joe Namath to Muhammad Ali to David Beckham.

*Crossing the Chasm* Createspace Independent Publishing Platform

Bestselling author and eminent foreign policy scholar Zbigniew Brzezinski's classic book on American's strategic mission in the modern world. In *The Grand Chessboard*, renowned geostrategist Zbigniew Brzezinski delivers a brutally honest and provocative vision for American preeminence in the twenty-first century. The task facing the United States, he argues, is to become the sole political arbiter in Eurasian lands and to prevent the emergence of any rival power threatening our material and diplomatic interests. The Eurasian landmass, home to the greatest part of the globe's population, natural resources, and economic activity, is the "grand chessboard" on which America's supremacy will be ratified and challenged in the years to come. In this landmark work of public policy and political science, Brzezinski outlines a groundbreaking and powerful blueprint for America's vital interests in the modern world. In this revised edition, Brzezinski addresses recent global developments including the war in Ukraine, the re-emergence of Russia, and the rise of China.

Want to learn how to THINK your way to success in business or life? "Your Mind is a Magnet" teaches you the 2 easy ways of

using the law of attraction for your benefit. Your mind actually possesses the power of being "magnetic" and bringing whatever into your life that you apply the law of attraction to. This book will change the way you look at the world and how to be successful.

**Manifest Love** Createspace Independent Publishing Platform

The real key to attracting lasting love and it works. Love starts within you and flows out into the world, not the other way around. This book helps you see how amazing you already are and remove internal blocks to allow true love into your life. You will attract the right life partner and improve your relationships through a simple three-step plan that uses self-hypnosis to get your mind in the right place for love. First, you will realize that you are already perfect. Then, you understand and let go of disempowering beliefs in your subconscious mind. In step two, you'll overcome emotional and behavioral barriers and allow space for true romance. Finally, you'll discover how to integrate your new vision of yourself into your life to attract a happy relationship

**LAW OF ATTRACTION AND THE POWER OF YOUR SUBCONSCIOUS MIND** Routledge

Researchers have spent the last decade trying to develop a 'pink pill' for women to function like Viagra does for men. So where is it? Well, for reasons this book makes crystal clear, that pill will never exist - but as a result of the research that's gone into it, scientists in the last few years have learned more about how women's sexuality works than we ever thought possible, and this book explains it all.

**The Art of Magnetism** National Academies Press

From Jay Feldmen comes an enlightening work about how the

most powerful earthquakes in the history of America united the Indians in one last desperate rebellion, reversed the Mississippi River, revealed a seamy murder in the Jefferson family, and altered the course of the War of 1812. On December 15, 1811, two of Thomas Jefferson's nephews murdered a slave in cold blood and put his body parts into a roaring fire. The evidence would have been destroyed but for a rare act of God—or, as some believed, of the Indian chief Tecumseh. That same day, the Mississippi River's first steamboat, piloted by Nicholas Roosevelt, powered itself toward New Orleans on its maiden voyage. The sky grew hazy and red, and jolts of electricity flashed in the air. A prophecy by Tecumseh was about to be fulfilled. He had warned reluctant warrior-tribes that he would stamp his feet and bring down their houses. Sure enough, between December 16, 1811, and late April 1812, a catastrophic series of earthquakes shook the Mississippi River Valley. Of the more than 2,000 tremors that rumbled across the land during this time, three would have measured nearly or greater than 8.0 on the not-yet-devised Richter Scale. Centered in what is now the bootheel region of Missouri, the New Madrid earthquakes were felt as far away as Canada; New York; New Orleans; Washington, DC; and the western part of the Missouri River. A million and a half square miles were affected as the earth's surface remained in a state of constant motion for nearly four months. Towns were destroyed, an eighteen-mile-long by five-mile-wide lake was created, and even the Mississippi River temporarily ran backwards. The quakes uncovered Jefferson's nephews' cruelty and changed the course of the War of 1812 as well as the future of the new republic. In *When the Mississippi Ran Backwards*, Jay Feldman expertly

weaves together the story of the slave murder, the steamboat, Tecumseh, and the war, and brings a forgotten period back to vivid life. Tecumseh's widely believed prophecy, seemingly fulfilled, hastened an unprecedented alliance among southern and northern tribes, who joined the British in a disastrous fight against the U.S. government. By the end of the war, the continental United States was secure against Britain, France, and Spain; the Indians had lost many lives and much land; and Jefferson's nephews were exposed as murderers. The steamboat, which survived the earthquake, was sunk. *When the Mississippi Ran Backwards* sheds light on this now-obscure yet pivotal period between the Revolutionary and Civil wars, uncovering the era's dramatic geophysical, political, and military upheavals. Feldman paints a vivid picture of how these powerful earthquakes made an impact on every aspect of frontier life—and why similar catastrophic quakes are guaranteed to recur. *When the Mississippi Ran Backwards* is popular history at its best.

[The Cultural Cold War](#) Simon and Schuster

Do you want to know all the secrets of the law of attraction? Does the law of attraction really work? What is the subconscious mind and how does it work? Can your subconscious mind control you? The Laws of Attraction means that people tend to attract similar people, but it also suggests that people's thoughts tend to attract similar results. Negative thinking is believed to attract negative experiences, while positive thinking is believed to produce desirable experiences. Here's some of the information included in the book: -Understanding the Law of Attraction -The Principles of the Law of Attraction -Attracting Your Goals -Building Self-Esteem -Law of Attraction Applications -Mental health and well-being -

How to Attract the Perfect Partner And Much More... The law of attraction may produce results because it taps into people's spirituality. Spirituality itself is connected to a variety of health benefits including reduced stress, better health, lower depression, and better overall well-being. Utilizing the law of attraction may also bring about positive impacts on mental well-being. By focusing on attaining a new reality and believing it is possible, we tend to take more risks, notice more opportunities, and open ourselves to new possibilities. Conversely, when we don't believe that something is in the realm of possibilities for us, we tend to let opportunities pass by unnoticed. Do you want to know more? The Model Rules of Professional Conduct provides an up-to-date resource for information on legal ethics. Federal, state and local courts in all jurisdictions look to the Rules for guidance in solving lawyer malpractice cases, disciplinary actions, disqualification issues, sanctions questions and much more. In this volume, black-letter Rules of Professional Conduct are followed by numbered Comments that explain each Rule's purpose and provide suggestions for its practical application. The Rules will help you identify proper conduct in a variety of given situations, review those instances where discretionary action is possible, and define the nature of the relationship between you and your clients, colleagues and the courts.

Magnetic Sponsoring is unlike anything you've ever seen or read before when it comes to building a network marketing or MLM business. This is NOT a book for people who want to follow the herd, or get average results handing out samples, holding home parties, or buying leads. It is for the few who want to become leaders in this industry. Who want to walk across the stage, and who want to earn 7-figures. It is for those who would rather be the hunted than the hunter. Who prefer to work smarter, instead of harder. Who want to build a life-long business, instead of an opportunity, and for those who value truth over hype. If you're tired of chasing your friends and family members, posting fliers on phone poles, cold calling leads, and handing out business cards, then Magnetic Sponsoring is exactly what you've been looking for. In this book, I will teach you... - How to get an endless number of prospects to call you, with credit card in hand ready to buy your product, or join your business. - How to create a life-long business with zero competition. - How to make income whether your prospects join your business or not. - How to legitimately produce endless leads for free. - How to create automated marketing systems that sell and recruit for you. - How to sponsor top industry leaders instead of tire-kickers. - How to become an Alpha man or woman that people respect and follow. - How I used these strategies to make over \$50 million online, and become the #1 residual income earner in my opportunity. The Revised and Expanded Edition includes a new forward by Tim Erway, access to BONUS chapters and action guide PDFs, a private online community, an attraction marketing success interview series, and a BRAND NEW interview with me, which will help you apply these powerful marketing strategies in your

business as fast as possible. Thank you for your leadership.

*Come as You Are* Independently Published

During the Cold War, freedom of expression was vaunted as liberal democracy's most cherished possession—but such freedom was put in service of a hidden agenda. In *The Cultural Cold War*, Frances Stonor Saunders reveals the extraordinary efforts of a secret campaign in which some of the most vocal exponents of intellectual freedom in the West were working for or subsidized by the CIA—whether they knew it or not. Called "the most comprehensive account yet of the [CIA's] activities between 1947 and 1967" by the *New York Times*, the book presents shocking evidence of the CIA's undercover program of cultural interventions in Western Europe and at home, drawing together declassified documents and exclusive interviews to expose the CIA's astonishing campaign to deploy the likes of Hannah Arendt, Isaiah Berlin, Leonard Bernstein, Robert Lowell, George Orwell, and Jackson Pollock as weapons in the Cold War. Translated into ten languages, this classic work—now with a new preface by the author—is "a real contribution to popular understanding of the postwar period" (*The Wall Street Journal*), and its story of covert cultural efforts to win hearts and minds continues to be relevant today.

*The Mind Magnet* Farrar, Straus and Giroux

The clock is relentlessly ticking! Our world teeters on a knife-edge between a peaceful and prosperous future for all, and a dark winter of death and destruction that threatens to smother the light of civilization. Within 30 years, in the 2030 decade, six powerful 'drivers' will converge with unprecedented force in a statistical spike that could tear humanity apart and plunge the

world into a new Dark Age. Depleted fuel supplies, massive population growth, poverty, global climate change, famine, growing water shortages and international lawlessness are on a crash course with potentially catastrophic consequences. In the face of both doomsaying and denial over the state of our world, Colin Mason cuts through the rhetoric and reams of conflicting data to muster the evidence to illustrate a broad picture of the world as it is, and our possible futures. Ultimately his message is clear; we must act decisively, collectively and immediately to alter the trajectory of humanity away from catastrophe. Offering over 100 priorities for immediate action, *The 2030 Spike* serves as a guidebook for humanity through the treacherous minefields and wastelands ahead to a bright, peaceful and prosperous future in which all humans have the opportunity to thrive and build a better civilization. This book is powerful and essential reading for all people concerned with the future of humanity and planet earth.

*Obsessed by a Dream* Bloomsbury Publishing USA

Should we pay children to read books or to get good grades? Should we allow corporations to pay for the right to pollute the atmosphere? Is it ethical to pay people to test risky new drugs or to donate their organs? What about hiring mercenaries to fight our wars? Auctioning admission to elite universities? Selling citizenship to immigrants willing to pay? In *What Money Can't Buy*, Michael J. Sandel takes on one of the biggest ethical questions of our time: Is there something wrong with a world in which everything is for sale? If so, how can we prevent market values from reaching into spheres of life where they don't belong? What are the moral limits of markets? In recent decades,

market values have crowded out nonmarket norms in almost every aspect of life—medicine, education, government, law, art, sports, even family life and personal relations. Without quite realizing it, Sandel argues, we have drifted from having a market economy to being a market society. Is this where we want to be? In his New York Times bestseller *Justice*, Sandel showed himself to be a master at illuminating, with clarity and verve, the hard moral questions we confront in our everyday lives. Now, in *What Money Can't Buy*, he provokes an essential discussion that we, in our market-driven age, need to have: What is the proper role of markets in a democratic society—and how can we protect the moral and civic goods that markets don't honor and that money can't buy?

**Ecommerce Evolved** Cambridge University Press

Do you ever feel like you're doing all the chasing in your love life? Like you're putting in all the effort to make a relationship work, while the men you're interested in seem to be slipping away? It's a frustrating and all-too-common experience, but what if I told you there's a better way to find love? What if I told you that by simply being magnetic, you can attract the right man without chasing him? It's true. Attraction is about so much more than looks or even personality - it's about the energy you put out into the world, the way you carry yourself, and the value you bring to a man's life. In "The Art of Magnetism," you'll discover how to unleash your feminine power and become the kind of woman who effortlessly draws men to her. You'll learn how to craft an irresistible life, one that makes you happy and fulfilled regardless of whether you have a man or not. And you'll discover practical tips for attracting the right man - one who sees your worth and is

eager to pursue you. This book isn't about playing games or being manipulative. It's about embracing your authentic self and allowing the right man to come to you. It's about creating a life that you love, and attracting a partner who loves and respects you for who you are. If you're tired of feeling like you're doing all the work in your love life, if you're ready to attract the kind of man you truly deserve, then "The Art of Magnetism" is for you. Let's unlock the power of magnetism and transform your love life for good

*The Craft and Science of Coffee* New Press, The

This Open Access biography chronicles the life and achievements of the Norwegian engineer and physicist Rolf Widerøe. Readers who meet him in the pages of this book will wonder why he isn't better known. The first of Widerøe's many pioneering contributions in the field of accelerator physics was the betatron. He later went on to build the first radiation therapy machine, an advance that would eventually revolutionize cancer treatment. Hospitals worldwide installed his machine, and today's modern radiation treatment equipment is based on his inventions. Widerøe's story also includes a fair share of drama, particularly during World War II when both Germans and the Allies vied for his collaboration. Widerøe held leading positions in multinational industry groups and was one of the consultants for building the world's largest nuclear laboratory, CERN, in Switzerland. He gained over 200 patents, received several honorary doctorates and a number of international awards. The author, a professional writer and maker of TV documentaries, has gained access to hitherto restricted archives in several countries, which provided a wealth of new material and insights, in particular in relation to

the war years. She tells here a gripping and illuminating story.

[The Magic of Manifesting Love](#) Academic Press

Here is the bestselling guide that created a new game plan for marketing in high-tech industries. Crossing the Chasm has become the bible for bringing cutting-edge products to

progressively larger markets. This edition provides new insights into the realities of high-tech marketing, with special emphasis on the Internet. It's essential reading for anyone with a stake in the world's most exciting marketplace.
