The Complete Numerology Guide Himalayan Academy Publications

At last a truly comprehensive and authoritative text on numerology! Part I is a complete introduction to esoteric numerology. Part II includes extensive delineations of each of the numbers 1 to 78 and, for the first time in book form, a synthesis of numerology, astrology and the Tarot. Each number is explained as personal number vibrations, as a temporary number vibration, in terms of its astrological correspondence and in terms of its Tarot symbolism. Each of the Tarot cards is illustrated.

Numerology and the Divine Triangle is the book to which all books on the subject will be compared from now on.

The Super-Afrikaners, originally published in South Africa in 1978, scandalised a nation as it exposed the secret workings of a powerful Afrikaner organisation called the Broederbond. Out of print for over three decades, this new edition is available for a new generation and includes an introduction by Max du Preez. Formed in Johannesburg in 1918 by a group of young Afrikaners disillusioned by their role as dispossessed people in their own country, the first triumph of this remarkable organisation was the fact that it was largely responsible for welding together dissident factions within Afrikanerdom and thereby ensuring the accession of the National Party to power in 1948. This highly organised clique of Super-Afrikaners, by sophisticated political intrigue, waged a remarkable campaign to harness political, social and economic forces in South Africa to its cause ... and succeeded. Political journalists Hans Strydom and Ivor Wilkins traced, at great personal risk, its development from its earliest days. The book includes the most comprehensive list of Broeders ever published.

[T]here is a system of interpretation in numerology which is supported by experience, but has its origin beyond the realm of the phenomenal worlds. If no such system existed, it would be impossible to prove the geometrical relations of thought. But this is done daily by those who make use of numbers for purposes of divination.-from "Chapter II: Geometrical Relations of Thought" Originally published in two volumes in 1913, this classic of the art of numerology builds upon the work of the ancient Greeks, Aryans, and Egyptians to describe the dramatic effect that numbers exert upon the

world all around us. Part I introduces numerological theories and practices, including how to read others' thoughts through numbers, predict and influence success and failure, and understand "chance" events. Part II explores the geometry of nature and how it affects us, numbers that sway human will, and much more. For practitioners of the paranormal arts and those interested in the history of science and pseudoscience, this is a fascinating and essential book. "Sephariel" was the pseudonym of British mystic WALTER GORN-OLD (1864-1929), one of the most prolific writers on and teachers of astrology in modern times. Numbers and Names and the date of our birth have profound effect upon our life's. All these things are not accidental and everything happens at the precise time, as the Universe is choreographed to perfection. Cheiro was a well known clairvoyant in his time, will show you the mysteries of numbers according to the Chaldean Numerology. As mentioned in his memoirs, Cheiro acquired his expertise in India. As a teenager, he traveled to the Bombay port of Apollo Bunder. There, he met his Guru, an Indian Brahmin, who took him to his village in the valley of the Konkan region of Maharashtra. Later Cheiro was permitted by Brahmans to study an ancient book that has many studies on hands; the pages of the book were made of human skin and written with gold and it is still guarded and protected with great care. After studying thoroughly for two years, he returned to London and started his career as a palmist. He had a wide following of famous European and American clients during the late 19th and early 20th centuries. He read palms and told the fortunes of famous celebrities like Mark Twain, W. T. Stead, Sarah Bernhardt, Mata Hari, Oscar Wilde, Grover Cleveland, Thomas Edison, the Prince of Wales, General Kitchener, William Ewart Gladstone, and Joseph Chamberlain. He documented his sittings with these clients by asking them to sign a guest book he kept for the purpose, in which he encouraged them to comment on their experiences as subjects of his character analyses and predictions. Of the Prince of Wales, he wrote that "I would not be surprised if he did not give up everything, including his right to be crowned, for the woman he loved." Cheiro also predicted that the Jews would return to Palestine and the country would again be called Israel.

Vedic Astrology is undoubtedly the oldest and most comprehensive faith of astrology among all such faiths practiced across the globe, and whereas some of these faiths have the depth and volume of a stream, some of a river, Vedic Astrology is the Ocean which can provide resources to all these faiths and which can validate or invalidate any one of these faiths. This is what inspired me to make a carrier choice with the Ocean itself and now after years and years of this voyage; I can happily say that I made the right choice, many years back.
