Imagine having an extra \$500, \$1000, or even \$10K above your other income each and every month. Imagine that income was completely unconnected to your time and just showed up in your bank account at the end of every month like clockwork without you having to punch a clock or trade 40 hours of your life every week to earn it. What would you do with that money? Send your children to college? Pay your mortgage off early? Finally go on the vacation you've always dreamed of? Or maybe you would do all three! The internet has quietly ushered in an age of unlimited passive income potential. A couple of decades ago, unless you were born into money, you had to work to survive, essentially selling your life off by the hour to a company that likely didn't care much about your happiness, well-being, hopes, or dreams. And worst of all, if the company found a way to automate or outsource your job and save a couple of cents an hour, they'd do it in a heartbeat. You give the company the best hours of your

day and the best days of your life and in exchange you're paid enough to survive but not enough to thrive. But for those who have harnessed the power of online small business startups to generate passive income streams, THOSE DAYS ARE OVER! Author and internet entrepreneur Seth Ramsey has boiled down the essentials of earning passive income online and laid out a proven 8 step plan that even a total beginner can follow and successfully generate passive income streams within 90 days. *Amazon Selling Secrets* Alakai Publishing LLC

There is no money left after buying groceries, paying the bills and covering other expenses. Times are tough, but what if I told you there is a way out? In *Passive Income Secrets*, I will be sharing some of the most successful income opportunities that you can take advantage of in 2018 and beyond. Many of the opportunities you read about on the internet today are worthless in 2018 - the world is growing, people are getting smarter, and you need to adapt. Instead of providing you with the same list of opportunities you are used to be presented with, I have compiled a list of only the best opportunities that will work for you today. I have tried and tested many different passive income opportunities. Sometimes I failed, but I learned from my mistakes. This has led me to discover which opportunities really work - and now I am sharing my knowledge with you. If you find yourself wasting your time at a day job, only to make someone else rich, then this book is definitely for you. I share with you a total of 15 different opportunities, giving you the freedom to choose an opportunity that will suit your current skillset, your budget (some of these opportunities are 100% free to get started with), and, of course, your preferences. I cover each of these opportunities to help you determine what you need for each, as well as learn more about the benefits and drawbacks associated with each of these passive income business opportunities.
