Seen And Being

Heard One of the most powerful human needs is that of being seen and heard. We all want to feel valued, important and that we matter at various

times. This is something that marketers try to tap into all the time, as they strive to personalise marketing offers in a way that resonates with us. For example, facial recognition software is now being used to personalise offers to customers when they are in-store. 7-Eleven in Thailand is using this technology to identify regular customers and make ...The power of being seen and heard - Michelle Gibbings Being Seen and Being Heard as a Thought Leader: What's Necessary for Individuals and Businesses to Transition from the Industrial Age to the Social Age (Audio Download): Amazon.co.uk: Mitchell Levy, Eran Levy, Teresa de Grosbois,
