Greeted with controversy on its publication, Answer to Job has long been neglected by many serious commentators on Jung. In Jung's Answer to Job: A Commentary, the author argues that such neglect is due to a failure to understand Jung's objectives in this text and offers a new way of reading the work. The book places Answer to Job in the context of biblical commentary, and then examines the circumstances surrounding its compositions and immediate reception. A detailed commentary on the work discusses the major methodological presuppositions informing it and explains how key Jungian concepts operate in the text. Jung's Answer to Job: A Commentary unravels Jung's narrative by reading it in the chronological order of the biblical events in analyses and the books to which it refers, offering a comprehensive re-reading of Jung's text. An original argument put across in a scholarly and accessible style provides an essential framework for understanding the work.

Most people consider their home the largest investment they will ever make. However, it is the loan to buy the house that can add hundreds of thousands of dollars to your overall cost. Depending on the loan you choose, your \$200,000 house could cost you \$400,000-or even \$600,000-before you are done paying for it. The Mortgage Answer Book breaks down the complex mortgage industry with straightforward, easy-to-follow advice on finding the

loan that is right for you. -Does the fixed rate or adjustable rate mortgage make more sense for me? -Which payment plan can knock years off my loan? -Why are government loans not always the best bet? -When can a higher interest second mortgage actually save me money? Whether you are a first-time home buyer or refinancing for the third time, The Mortgage Answer Book will help match your needs with the best loan.
