W. W. Norton  
The definitive survey, combining current scholarship with a vibrant narrative. Carefully informed by feedback from dozens of scholars, it remains the book that students and teachers trust to explain what's important, where it fits, and why it matters. Peter

Burkholder weaves a compelling story of people, their choices, and the western musical tradition that emerged. From chant to hip-hop, he connects past to present to create a context for tomorrow's musicians.

Because listening is central to music history, the new Total Access program provides a full suite of media resources—including an ebook and premium streaming recordings of the entire Norton Anthology of Western Music repertoire—within every new text. Combining thoughtful revisions—particularly to chapters on the twentieth and twenty-first centuries—with exceptional media resources, *A History of Western Music* provides all the resources that students need in a text that will last a lifetime. *Study & Listening Guide for Concise History of Western Music* W. W. Norton The *Study and Listening Guide* provides chapter outlines and objectives,

study questions, review questions, and valuable guides to help students listen more productively.

**Norton Anthology of Western Music: The twentieth century and after R.S.**

Means Company  
The music of the twentieth and twenty-first centuries in its cultural, social, and intellectual contexts. Joseph Auner's *Music in the Twentieth and Twenty-First Centuries* explores the

sense of possibility unleashed by the era's destabilizing military conflicts, social upheavals, and technological advances. Auner shows how the multiplicity of musical styles has called into question traditional assumptions about compositional practice, the boundaries of music and noise, and the relationship among composer, performer, and listener. He also shows

how composers and their works have played important roles in defining ideas of nation, race, and gender, and thus in shaping the modern world for better and worse. *Western Music in Context: A Norton History* comprises six volumes of moderate length, each written in an engaging style by a recognized expert. Authoritative and current, the series examines

music in the broadest sense—as sounds notated, performed, and heard—focusing not only on composers and works, but also on broader social and intellectual currents.

Study and Listening Guide for Concise History of Western Music, Second Edition, by Barbara Russano Hanning, and Norton Anthology of Western Music, Fourth Edition, by

Claude V. Palisca W. W. Norton Joseph Haydn, known as the father of the string quartet, significantly influenced the sonata and the symphony, helping to create the modern symphony orchestra as we know it. Haydn lived during a time of many changes, beginning his career in the late Austrian baroque period, experiencing the Enlightenment, and ending as

romanticism began. This title highlights Haydn's impressive, long, and productive career. Concise History of Western Music W. W. Norton Eighteenth Century Music in its cultural, social, and intellectual contexts. John Rice's Music in the Eighteenth Century takes the reader on an engrossing Grand Tour of Europe's musical centers, from Naples, to London, Berlin, Vienna, Prague, and St. Petersburg

—with a side trip to the colonial New World. Against the backdrop of Europe's largely peaceful division into Catholic and Protestant realms, Rice shows how "learned" and "galant" styles developed and commingled. While considering Mozart, Haydn, and early Beethoven in depth, he broadens his focus to assess the contributions of lesser-known but significant figures like Johann Adam Hiller, Francois-André Philidor, and Anna Bon. Western Music in Context: A Norton History comprises six volumes of moderate length, each written in an engaging style by a recognized expert. Authoritative and current, the series examines music in the broadest sense—as sounds notated, performed, and heard—focusing not only on composers and works, but also on broader social and intellectual currents. Haydn's World W. W. Norton & Company Concise History of Western Music combines Grout and Palisca's uncompromising reliability, scope, and respect for the narrative, while offering many more pedagogical aids, such as chapter preludes and postludes; "Etudes," excursions that explore the material more deeply

than the main text; and "Windows," boxed discussions of special topics. Ninth Edition The Rosen Publishing Group, Inc The ideal companion to A History of Western Music, Seventh Edition, the two-volume Norton Anthology of Western Music, Fifth Edition, includes 172 historically significant scores, 71 of them new to this edition, with a strengthened emphasis on

twentieth-century music. Eighth Edition Volume 3 W. Norton This volume includes 50 examples of music from Debussy and Scriabin to Adams and Zwilich. With a note on using the anthology, list of instrument names and abbreviations, glossary, and indices. NORTON ANTHOLOGY OF WESTERN MUSIC; 1 W.W. Norton & Company Nineteenth-century music in its cultural, social, and intellectual

contexts. Music in the Nineteenth Century examines the period from the Congress of Vienna in 1815 to the advent of Modernism in the 1890s. Frisch traces a complex web of relationships involving composers, performers, publishers, notated scores, oral traditions, audiences, institutions, cities, and nations. The book's central themes include middle-class involvement in

music, the rich but elusive concept of Romanticism, the cult of virtuosity, and the ever-changing balance between musical and commercial interests. The final chapter considers the sound world of nineteenth-century music as captured by contemporary witnesses and early recordings.	Western Music in Context: A Norton History comprises six volumes of moderate length, each written in an engaging style by a recognized expert. Authoritative and current, the series examines music in the broadest sense--as sounds notated, performed, and heard--focusing not	only on composers and works, but also on broader social and intellectual currents. <i>Classic to twentieth century</i> W W Norton & Company Incorporated A classic, reimagined. <i>Norton Anthology of Western Music Recordings, 8th Edition Volume 2 Reg Card</i> W. W. Norton
