Complete Tables for Reference, Showing at a Glance the Conjugation of Every Verb, Regular or Irregular This work forms one of "Hugo's Simplified Series." the chief object of which is to save the Student's time by giving no Rules but those actually necessary. In this case, however, as with "French Genders Simplified," the greater part of the book is for Reference only. The tables

appended, which may be taken out and mounted, will be found specially convenient for reference, as they show at a glance every Number, Person, Mood, and Tense of every Verb, Regular or Irregular. Students should first learn the regular terminations (see page 6), referring to the Rules on the Formation of Tenses opposite. This is quickly done by taking one Tense at a time, the best

order to follow being Present, Perfect, Future, Imperfect, Conditional, etc., as laid down in Hugo's "French Grammar Simplified." When the Regular Verbs have been thoroughly mastered, the Irregular Verbs present no difficulty. All that need be learnt is the irregularities of important Verbs, which are indicated by thick type. No English for the Subjunctive Mood should

be learned. The translation usually given, - "that I may speak," or "might speak," is most misleading, and often absolutely wrong. The only safe way is to learn when to employ this Mood. We omit que before the French Subjunctive, as it is no part of this Mood, and neither always precedes it nor always governs it. It is advisable, however, to insert it in replies to

examination questions. Fuller conjugations of the Compound Tenses, and of the Negative and Interrogative Forms, are omitted, as they require no learning whatever. The mere sight of these as given in most Grammars appals and disheartens the Student; and the formation is precisely the same throughout every Verb in the language. For the same reason, we give no list of

the Verbs requiring "de" before a following Infinitive. There is no occasion to learn these Verbs, if it is borne in mind that all Verbs require "de" unless given in our Lists of those requiring "a," or no Preposition. We believe that this work will be found a great help to the beginner who has not yet mastered the Verbs, and an invaluable book of reference for the advanced Student. About the

Focus your

French learning on the most frequently used verbs. Learn just the 100 verbs you need for everyday life to talk about the past, the present and the future. One of the usual mistakes when learning a foreign language is that the student has no priorities. All the unknown verbs get the same attention. Actually, to communicate you only need 100 verbs in any language.

These verbs are the most frequently used and can be defined using an algorithm that provides the ranking. In this book you'll find the list. This book will provide you with the 100 verbs you have to learn first to get around when traveling or interacting with French speaking people. The phrases are presented in a very simple fashion: Past, Present and Future. No complications with the so many different

conjugations and their weird names. Straight and simple. So, don't waste your time and energy! Focus your effort on the most important verbs you have to learn to master French! Purchase your copy and start focusing your energy today!"
