(1690-1743), an excellent example of the fete galante, a genre that was created and reached the peak of its popularity in France during the first half of the eighteenth century. This monograph seeks to familiarize American audiences with Lancret, a master of this genre, who was a revered painter in his own time, rivalling his contemporaries Antoine Watteau and Francois Boucher, and

a favourite of crowned heads across Europe. Mary Tavener Holmes's engrossing text uses this painting as a springboard to reveal a remarkable amount about the painter, his mode of painting, Paris at the time this work was made, eighteenth-century dance, and the world of art patronage and collecting in France and elsewhere in the eighteenth and nineteenth centuries. Lavishly

illustrated with comparative paintings by artists such as Watteau, Boucher, Peter Paul Rubens, Jean-Francois De Troy, Jean-Baptiste Oudry, and Hubert Robert, this fascinating peek into a bygone Parisian era is a treat for the eyes and the intellect alike. Mademoiselle de Maupin New Directions Publishing "The papers composing this volume were written in Madrid in the spring of

 Introduction
Le journal d'une soubrette
 Library of Alexandria
 First published in Germany in 1929, *The End and the Beginning* is a lively personal memoir of a vanished world and of a rebellious, high-spirited

young woman's struggle to achieve independence. Born in 1883 into a distinguished and wealthy aristocratic family of the old Austro-Hungarian Empire, Hermynia Zur Muhlen spent much of her childhood travelling in Europe and North Africa with her diplomat father. After five years on her German husband's estate in czarist Russia she broke with both her family and her

husband and set out on a precarious career as a professional writer committed to socialism. Besides translating many leading contemporary authors, notably Upton Sinclair, into German, she herself published an impressive number of politically engaged novels, detective stories, short stories, and children's fairy tales. Because of her outspoken opposition to National

Socialism, she had to flee her native Austria in 1938 and seek refuge in England, where she died, virtually penniless, in 1951. This revised and corrected translation of Zur Muhlen's memoir - with extensive notes and an essay on the author by Lionel Gossman - will appeal especially to readers interested in women's history, the Central European aristocratic world that came to an

end with the First World War, and the culture and politics of the late nineteenth and early twentieth centuries. *Dust Tracks on a Road* Scarecrow Press This book critically engages with the study of theatre and performance in colonial India, and relates it with colonial (and postcolonial) discussions on experience, freedom, institution-building, modernity, nation/subject

not only as concepts but also as philosophical queries. It opens up with the discourse around 'Indian theatre' that was started by the orientalists in the late 18th century, and which continued till much later. The study specifically focuses on the two major urban centres of colonial India: Bombay and Calcutta of the 19th and early 20th centuries. It discusses different cultural practices in

colonial India, including the initiation of 'Indian theatre' practices, which resulted in many forms of colonial-native 'theatre' by the 19th century; the challenges to this dominant discourse from the 'swadeshi jatra' (national jatra/theatre) in Bengal, which drew upon earlier folk and religious traditions and was used as a tool by the nationalist movement; and the Indian People's Theatre

Association (IPTA) that functioned from Bombay around the 1940s, which focused on the creation of one national subject - that of the 'Indian'. The author contextualizes the relevance of the concept of 'Indian theatre' in today's political atmosphere. She also critically analyses the post-Independence Drama Seminar organized by the Sangeet Natak Akademi in 1956 and its

relevance to the subsequent organization of 'Indian theatre'. Many theatre personalities who emerged as faces of smaller theatre committees were part of the seminar which envisioned a national cultural body. This book is an important contribution to the field and is of interest to researchers and students of cultural studies, especially Theatre and Performance Studies, and

South Asian Studies. *Castilian Days* University Press of Kentucky Any singer longing to have a career in opera, particularly in Europe, should be familiar with the European system of classifying voices know as Fach. The *Opera Singer's Career Guide: Understanding the European Fach System* presents valuable information to help readers learn, understand, and use the Fach system

to their professional advantage. More than just soprano, alto, tenor, or bass, students and professionals alike should know the 25 different Fach categories fully defined here, along with the examples of roles, audition arias, and European opera houses and agents provided. Based on careful research and personal experience, singer and teacher Pearl Yeadon McGinnis describes the

features, characteristics, and benefits of the Fach system, including voice categorization and classification and using Fach to train the young voice. She provides practical information on maintaining a career in opera, such as the different types, procedures, and pitfalls of opera auditions; types of opera contracts and contract negotiations; and the value of networking.

She explains the different styles of European opera houses and gives an example of life in a state level German opera house, including the various performance spaces, the makeup and responsibilities of an ensemble, and the jobs and functions of opera house personnel. A glossary and several appendixes supply tools for auditioning, such as newly classified roles for Children, Lyric, and

Beginner singers; roles for the established Fach categories; lists of opera agents and houses in the German speaking countries; and suggested audition arias by Fach. In addition, practical details are offered about establishing and maintaining residency in Europe, obtaining permission to live and work in Europe, and helpful hints about customs and travel.

Historians of French politics, art, philosophy and literature have long known the tensions and fascinations of Louis XV's reign, the 1750s in particular. David Charlton's study comprehensively re-examines this period, from Rameau to Gluck and elucidates the long-term issues surrounding opera. Taking Rousseau's Le

Devin du Village as one narrative centrepiece, Charlton investigates this opera's origins and influences in the 1740s and goes on to use past and present research to create a new structural model that explains the elements of reform in Gluck's tragédies for Paris. Charlton's book opens many new perspectives on the musical practices and politics of the period, including the

Querelle des Bouffons. It gives the first detailed account of intermezzi and opere buffe performed by Eustachio Bambini's troupe at the Paris Opéra from August 1752 to February 1754 and discusses Rameau's comedies Platée and Les Paladins and their origins. **Theatre and National Identity in Colonial India** Univ of California Press This magisterial book offers comprehensiv

e accounts of the professional itineraries of three women in the silent film in the Netherlands, France and North America. Annette Förster presents a careful assessment of the long career of Dutch stage and film actress Adriëne Solser; an exploration of the stage and screen careers of French actress and filmmaker Musidora and Canadian-born actress and

filmmaker Nell Shipman; an analysis of the interaction between the popular stage and the silent cinema from the perspective of women at work in both realms; fresh insights into Dutch stage and screen comedy, the French revue and the American Northwest drama of the 1910s; and much more, all grounded in a wealth of archival research.

Albert Jay Nock, perhaps the most brilliant American essayist of the 20th century, and certainly among its most important libertarian thinkers, set out to write his autobiography but he ended up doing much more. He presents here a full theory of society, state, economy, and culture, and does so

almost inadvertently. His stories, lessons, observations, and conclusions pack a very powerful punch, so much so that anyone who takes time to read carefully cannot but end up changed in intellectual outlook. One feels that one has been let in a private club of people who see more deeply than others. This is truly an American classic.

This carefully

crafted ebook: "ULYSSES (Modern Classics Series)" is formatted for your eReader with a functional and detailed table of contents. Ulysses is a modernist novel by Irish writer James Joyce. It is considered to be one of the most important works of modernist literature, and has been called "a demonstration and summation of the entire movement". Ulysses chronicles the peripatetic appointments and encounters of Leopold Bloom in Dublin in the course of an ordinary day, 16 June 1904. Ulysses is the Latinised name of Odysseus, the hero of Homer's epic poem *Odyssey*, and the novel establishes a series of parallels between its characters and events and those of the poem (the correspondence of Leopold Bloom to Odysseus, Molly Bloom to Penelope, and Stephen Dedalus to Telemachus). Joyce divided *Ulysses* into 18 chapters or "episodes". At first glance much of the book may appear unstructured and chaotic; Joyce once said that he had "put in so many enigmas and puzzles that it will keep the professors busy for centuries arguing over what I meant", which would earn the novel "immortality". James Joyce (1882-1941) was an Irish

novelist and poet, considered to be one of the most influential writers in the modernist avant-garde of the early 20th century. Joyce is best known for *Ulysses*, the short-story collection *Dubliners*, and the novels *A Portrait of the Artist as a Young Man* and *Finnegans Wake*.

In any consideration of S. J. Perelman-and

S. J. Perelman certainly deserves the same consideration one accords old ladies on street cars, babies traveling unescorted on planes, and the feeble-minded generally-it is important to remember the crushing, the well-nigh intolerable odds under which the man has struggled to produce what may well be, in the verdict of history, the most picayune prose ever produced in America.

Denied every advantage, beset and plagued by ill fortune and a disposition so crabbed as to make Alexander Pope and Dr. Johnson seem sunny by contrast, he has nevertheless managed to belt out a series of books each less distinguished than its predecessor, each a milestone of bombast, conceit, pedantry, and strutting pomposity. Collected Stories of Guy de Maupassant

University of Michigan Press
 Architecture and Modern Literature explores the representation and interpretation of architectural space in modern literature from the early nineteenth century to the present, with the aim of showing how literary production and

architectural construction are related as cultural forms in the historical context of modernity. In addressing this subject, it also examines the larger questions of the relation between literature and architecture and the extent to which these two arts define one another in the social and philosophical contexts of modernity. Architecture and Modern Literature will serve as a foundational introduction to

the emerging interdisciplinary study of architecture and literature. David Spurr addresses a broad range of material, including literary, critical, and philosophical works in English, French, and German, and proposes a new historical and theoretical overview of this area, in which modern forms of "meaning" in architecture and literature are related to the discourses of being, dwelling, and

homelessness. Women and the Everyday City Cambridge University Press This book examines, for the first time, the history of the social, cultural, political and economic presence of the French in London, and explores the multiple ways in which this presence has contributed to the life of the city. The capital has often provided a place of refuge, from the Huguenots in the 17th century,

through the period of the French Revolution, to various exile communities during the 19th century, and on to the Free French in the Second World War. It also considers the generation of French citizens who settled in post-war London, and goes on to provide insights into the contemporary French presence by assessing the motives and lives of French people seeking new opportunities

in the late 20th and early 21st centuries. It analyses the impact that the French have had historically, and continue to have, on London life in the arts, gastronomy, business, industry and education, manifest in diverse places and institutions from the religious to the political via the educational, to the commercial and creative industries.

In *Women and the Everyday City*, Jessica Ellen Sewell explores the lives of women in turn-of-the-century San Francisco. A period of transformation of both gender

roles and American cities, she shows how changes in the city affected women's ability to negotiate shifting gender norms as well as how women's increasing use of the city played a critical role in the campaign for women's suffrage. Focusing on women's everyday use of streetcars, shops, restaurants, and theaters, Sewell reveals the impact of women on these public places-what

women did there, which women went there, and how these places were changed in response to women's presence. Using the diaries of three women in San Francisco- Annie Haskell, Ella Lees Leigh, and Mary Eugenia Pierce, who wrote extensively on their everyday experiences- Sewell studies their accounts of day trips to the city and combines them with memoirs, newspapers,

maps, photographs, and her own observations of the buildings that exist today to build a sense of life in San Francisco at this pivotal point in history. Working at the nexus of urban history, architectural history, and cultural geography, *Women and the Everyday City* offers a revealing portrait of both a major American city during its early years and the women who shaped it-and

the country- for generations to come. Putnam's Word Book Good Press This study affords an entirely new view of the nature of modern popular entertainment . American vaudeville is here regarded as the carefully elaborated ritual serving the different and paradoxical myth of the new urban folk. It demonstrates that the compulsive myth-making

faculty in man is not limited to primitive ethnic groups or to serious art, that vaudeville cannot be dismissed as meaningless and irrelevant simply because it fits neither the criteria of formal criticism or the familiar patterns of anthropological study. Using the methods for criticism developed by Susanne K. Langer and others, the author evaluates American vaudeville as a symbolic

manifestation of basic values shared by the American people during the period 1885-1930. By examining vaudeville as folk ritual, the book reveals the unconscious symbolism basic to vaudeville-in its humor, magic, animal acts, music, and playlets, and also in the performers and the managers—which gave form to the dominant American myth of success. This striking view of the new

mass man as a folk and of his mythology rooted in the very empirical science devoted to dispelling myth has implications for the serious study of all forms of mass entertainment in America. The book is illustrated with a number of striking photographs. The Books in My Life Springer The first two volumes of Discipline featured Mademoiselle Françoise, her devoted helper Anna L., the she-
