Two Days to Live. What Would You Write? a Memoir of Hope Createspace Independent Publishing Platform

When a ventilator prevented her from speaking during her final hours, Jennifer started writing. After her death, her husband turns to those pages to tell her story of courage and faith. James had just walked through the door after a day’s work when Jennifer told him the news that changed everything: it was cancer. In the following two years they would lose their sense of normalcy and their dreams for the future. But along the way, they would gain something even greater than their loss. Told through the eyes of a grieving husband is this true story of a young woman’s fight for her life. Jennifer’s final words, penned by hand when a ventilator prevented her from speaking, provide a powerful backdrop to this journey of faith and hope. A memoir that also offers a practical pathway for those struggling with loss, *The Last Seven Pages* is a testimony of a God who is present in our darkest moments, and who turned a devastating illness into a life-changing promise.

Four young Black sisters come of age during the American Civil War in *So Many Beginnings*, a warm and powerful YA remix of the classic novel *Little Women*, by national bestselling author Bethany C. Morrow. North Carolina, 1863. As the American Civil War rages on, the Freedpeople’s Colony of Roanoke Island is blossoming, a haven for the recently emancipated. Black people have begun building a community of their own, a refuge from the shadow of the “old life.” It is where the March family has finally been able to safely put down roots with four young daughters: Meg, a teacher who longs to find love and start a family of her own. Jo, a writer whose words are too powerful to be contained. Beth, a talented seamstress searching for a higher purpose. Amy, a dancer eager to explore life outside her family’s home. As the four March sisters come into their own as independent young women, they will face first love, health struggles, heartbreak, and new horizons. But they will face it all together. Praise for *So Many Beginnings: A Little Women Remix* “Morrow’s ability to take the lingering stain of slavery on American history and use it as a catalyst for unbreakable love and resilience is flawless. That she has remixed a canonical text to do so only further illuminates the need to critically question who holds the pen in telling our nation’s story.” —Booklist, starred review “Bethany C. Morrow’s prose is a sharpened blade in a practiced hand, cutting to the core of our nation’s history. ... A devastatingly precise reimagining and a joyful celebration of sisterhood. A

narrative about four young women who unreservedly deserve the world, and a balm for wounds to Black lives and liberty.” —Tracy Deonn, New York Times bestselling author of *Legendborn* “A tender and beautiful retelling that will make you fall in love with the foursome all over again.” —Tiffany D. Jackson, New York Times bestselling author of *White Smoke* and *Grown*

A cannon. A strap. A piece. A biscuit. A burner. A heater. A chopper. A gat. A hammer A tool for RULE Or, you can call it a gun. That’s what fifteen-year-old Will has shoved in the back waistband of his jeans. See, his brother Shawn was just murdered. And Will knows the rules. No crying. No snitching. Revenge. That’s where Will’s now heading, with that gun shoved in the back waistband of his jeans, the gun that was his brother’s gun. He gets on the elevator, seventh floor, stoked. He knows who he’s after. Or does he? As the elevator stops on the sixth floor, on comes Buck. Buck, Will finds out, is who gave Shawn the gun before Will took the gun. Buck tells Will to check that the gun is even loaded. And that’s when Will sees that one bullet is missing. And the only one who could have fired Shawn’s gun was Shawn. Huh. Will didn’t know that Shawn had ever actually USED his gun. Bigger huh. BUCK IS DEAD. But Buck’s in the elevator? Just as Will’s trying to think this through, the door to the next floor opens. A teenage girl gets on, waves away the smoke from Dead Buck’s cigarette. Will doesn’t know her, but she knew him. Knew. When they were eight. And stray bullets had cut through the playground, and Will had tried to cover her, but she was hit anyway, and so what she wants to know, on that fifth floor elevator stop, is, what if Will, Will with the gun shoved in the back waistband of his jeans, MISSES. And so it goes, the whole long way down, as the elevator stops on each floor, and at each stop someone connected to his brother gets on to give Will a piece to a bigger story than the one he thinks he knows. A story that might never know an END...if Will gets off that elevator. Told in short, fierce staccato narrative verse, *Long Way Down* is a fast and furious, dazzlingly brilliant look at teenage gun violence, as could only be told by Jason Reynolds.

The Midnight Library Independently Published

Part comedy of manners, part treasure hunt, the first novel from the writer whom David Sedaris calls “perfectly, relentlessly funny” Kezia, Nathaniel, and Victor are reunited for the extravagant wedding

of a college friend. Now at the tail end of their twenties, they arrive completely absorbed in their own lives—Kezia the second-in-command to a madwoman jewelry designer in Manhattan; Nathaniel the former literary cool kid, selling his wares in Hollywood; and the Eeyore-esque Victor, just fired from a middling search engine. They soon slip back into old roles: Victor loves Kezia. Kezia loves Nathaniel. Nathaniel loves Nathaniel. In the midst of all this semi-merriment, Victor passes out in the mother of the groom's bedroom. He wakes to her jovially slapping him across the face. Instead of a scolding, she offers Victor a story she's never even told her son, about a valuable necklace that disappeared during the Nazi occupation of France. And so a madcap adventure is set into motion, one that leads Victor, Kezia, and Nathaniel from Miami to New York and L.A. to Paris and across France, until they converge at the estate of Guy de Maupassant, author of the classic short story "The Necklace." Heartfelt, suspenseful, and told with Sloane Crosley's inimitable spark and wit, *The Clasp* is a story of friends struggling to fit together now that their lives haven't gone as planned, of how to separate the real from the fake. Such a task might be possible when it comes to precious stones, but is far more difficult to pull off with humans.

With an uncanny relevance to today's world and inspired by the life of its author, *Karl's Story*, is a WW II child refugee's tale of resilience, hope and courage as told through the narrative of her beloved teddy bear, Karl. A story perfect for all ages: read to children by parents, grandparents and teachers alike. It has been read many times to middle elementary grades. A book to be handed down from parent to child to child for generations to come. Karl, "a very old teddy bear," has a magic gift- he can tell stories to children who are still young enough to understand toy talk. *Karl's Story* begins in Europe. It's about Karl, the young girl Karin, and Mimi the mind reading cat, ... how the three friends experience and survive WW II and then escape from communism to a new and hope-filled life with his beloved friend Karin. Their journey, their story, enchants children but in the sense of *The Little Prince* speaks timelessly to adults as well. *Karl's Story* tells of European refugees and is as relevant today as then. The chaos of the time turned the world of the three friends upside down, slowly at first, from no more whipped cream at birthday parties to ever more frequent air raids, crashing bombs, and a harrowing train ride, with Karl and Mimi stuffed in Karin's old wicker trunk. In the journey Karin loses all she ever knew or loved, but goes on to rebuild her world in America. The book is categorized as Children's Fiction because of its charming cover and talking stuffed animals but is inspirational to young and old alike, and a perfect antidote in these still troubled times; this is indeed a book for all.

NEW YORK TIMES BESTSELLER • A modern American epic set against the panorama of contemporary politics and culture—a hurtling, page-turning mystery that is equal parts *The Great Gatsby* and *The Bonfire of the Vanities* **NAMED ONE OF THE BEST BOOKS OF THE YEAR BY NPR • PBS • HARPER'S BAZAAR • ESQUIRE • FINANCIAL TIMES • THE TIMES OF INDIA** On the day of Barack Obama's inauguration, an enigmatic billionaire from foreign shores takes up residence in the architectural jewel of "the Gardens," a cloistered community in New York's Greenwich Village. The neighborhood is a bubble within a bubble, and the residents are immediately intrigued by the eccentric newcomer and his family. Along with his improbable name, untraceable accent, and unmistakable whiff of danger, Nero Golden has brought along his three adult sons: agoraphobic, alcoholic Petya, a brilliant recluse with a tortured mind; Apu, the flamboyant artist, sexually and spiritually omnivorous, famous on twenty blocks; and D, at twenty-two the baby of the family, harboring an explosive secret even from himself. There is no mother, no wife; at least not until Vasilisa, a sleek Russian expat, snags the septuagenarian Nero, becoming the queen to his king—a queen in want of an heir. Our guide to the Golden's world is their neighbor René, an ambitious young filmmaker. Researching a movie about the Golden's, he ingratiates himself into their household. Seduced by their mystique, he is inevitably implicated in their quarrels, their infidelities, and, indeed, their crimes. Meanwhile, like a bad joke, a certain comic-book villain embarks upon a cross presidential run that turns New York upside-down. Set against the strange and exuberant backdrop of current American culture and politics, *The Golden House* also marks Salman Rushdie's triumphant and exciting return to realism. The result is a modern epic of love and terrorism, loss and reinvention—a powerful, timely story told with the daring and panache that make Salman Rushdie a force of light in our dark new age. Praise for *The Golden House* "[A] modern masterpiece . . . telling a story full of wonder and leaving you marveling at how it ever came out of the author's head."—Associated Press "Wildly satiric and yet piercingly real . . . If F. Scott Fitzgerald, Homer, Euripides, and Shakespeare collaborated on a contemporary fall-of-an-empire epic set in New York City, the result would be *The Golden House*."—Poets & Writers "A tonic addition to American—no, world!—literature . . . a Greek tragedy with Indian roots and New York coordinates."—San Francisco Chronicle

The great scholar, W. E. B. Du Bois, once wrote about the Problem of race in America, and what he called "Double Consciousness," a sensitivity that every African American possesses in order to survive. Since childhood, Ailey Pearl Garfield has understood Du Bois's words all too well. Bearing the names of two formidable Black Americans—the revered choreographer Alvin Ailey and her great grandmother Pearl, the descendant of enslaved Georgians and tenant farmers—Ailey carries Du Bois's Problem on her shoulders. Ailey is reared in the north in the City but spends summers in the small Georgia town of Chicassetta, where her mother's family has lived since their ancestors arrived from Africa in bondage. From an early age, Ailey fights a battle for belonging that's made all the more difficult by a hovering trauma, as well as the whispers of women—her mother, Belle, her sister, Lydia, and a maternal line reaching back two centuries—that urge Ailey to succeed in their stead. To come to terms with her own identity, Ailey embarks on a journey through her family's past, uncovering the shocking tales of generations of ancestors—Indigenous, Black, and white—in the deep South. In doing so Ailey must learn to embrace her full heritage, a legacy of oppression and resistance, bondage and independence, cruelty and resilience that is the story—and the song—of America itself.

NEW YORK TIMES BESTSELLER The complete, uncensored history of the award-winning *The Daily Show* with Jon Stewart, as told by its correspondents, writers, and host. For almost seventeen years, *The Daily Show* with Jon Stewart brilliantly redefined the borders between television comedy, political satire, and opinionated news coverage. It launched the careers of some of today's most significant comedians, highlighted the hypocrisies of the powerful, and garnered 23 Emmys. Now the show's behind-the-scenes gags, controversies, and camaraderie will be chronicled by the players themselves, from legendary host Jon Stewart to the star cast members and writers-including Samantha Bee, Stephen Colbert, John Oliver, and Steve Carell - plus some of *The Daily Show's* most prominent guests and adversaries: John and Cindy McCain, Glenn Beck, Tucker Carlson, and many more. This oral history takes the reader behind the curtain for all the show's highlights, from its origins as Comedy Central's underdog late-night program to Trevor Noah's succession, rising from a scrappy jester in the 24-hour political news cycle to become part of the beating heart of politics-a trusted source for not only comedy but also commentary, with a reputation for calling bullshit and an ability to effect real change in the world. Through years of incisive election coverage, passionate debates with President Obama and Hillary Clinton, feuds with Bill O'Reilly and Fox, and provocative takes on Wall Street and racism, *The Daily Show* has been a cultural touchstone. Now, for the first time, the people behind the show's seminal moments come together to share their memories of the last-minute rewrites, improvisations, pranks, romances, blow-ups, and moments of Zen both on and off the set of one of America's most groundbreaking shows.

Roll of Thunder, Hear My Cry Feiwel & Friends

In a rapidly changing world, where the collapse of humanity feels like a news cycle away, how will our species possibly survive? Take heart and witness communities creating the future in this bold and hilarious travelogue from the bestselling author of *The Sex Lives of Cannibals*. One day, J. Maarten Troost looked up from the book he was reading, a novel about civilization's collapse. Here's what he saw: his wife composing a report on the dire future of global fish stocks, his youngest child building a battle robot called the Terminator, and his oldest watching a movie about children in a post-apocalyptic world. He took this moment in (really, imagine it, a charming family, dad-wife-two-kids, and they're all thinking about the disastrous future), and he wondered: when did our conceptions of the future—in pop culture, in science, in business—become so bleak? Even more, are our fears founded? A lifelong traveler, he decided to head off to several ends of the earth (of course) to investigate how different societies today might reveal the future to us, or more specifically, how they might answer the question: what will the world look like in 2050? In South Korea, he navigated the future of cities and of artificial intelligence. In Denmark, he tasted the future of food. In Japan, he marveled at youth in an aging population. And in South Africa, he witnessed the struggle between our noble efforts at conservation and our continued corruption. What he found in each of these four countries surprised and, even more, enlightened him. Apparently, the hipster of tomorrow will be a forest ranger, and the insect-based diet will prevail. (Hear that, cockroaches? We're coming for you.) With his characteristic wit and charming irreverence, Troost brilliantly reimagines the travel narrative in this hilarious and game-changing book—traveling not just to an existing place at a particular moment, but to the unforeseeable future, and inviting us all to travel with him. Pack light. Be prepared.
