The Works of Daniel Defoe, Carefully Selected from the Most Authentic Sources Schocken
A CHOICE Magazine Outstanding Academic Title of 2018. A novel approach to understanding personality, based on evidence that we share more than we realize with other mammals. This book presents the wealth of scientific evidence that our personality emerges from evolved primary emotions shared by all mammals. Yes, your dog feels love—and many other things too. These subcortically generated emotions bias our actions, alter our perceptions, guide our learning, provide the basis for our thoughts and memories, and become regulated over the course of our lives. Understanding personality development from the perspective of mammals is a groundbreaking approach, and one that sheds new light on the ways in which we as humans respond to life events, both good and bad. Jaak Panksepp, famous for discovering laughter in rats and for creating the field of affective neuroscience, died in April 2017. This book forms part of his lasting legacy and impact on a wide range of scientific and humanistic disciplines. It will be essential reading for anyone trying to understand how we act in the world, and the world's impact on us.

Comparative legal systems W. W. Norton & Company

Spitzer discusses the method he evolved for bringing together the two disciplines, linguistics and literary history, and examines the work of Cervantes, Racine, Diderot, and Claudel in the light of this theory. Originally published in 1967. The Princeton Legacy Library uses the latest print-on-demand technology to again make available previously out-of-print books from the distinguished backlist of Princeton University Press. These editions preserve the original texts of these important books while presenting them in durable paperback and hardcover editions. The goal of the Princeton Legacy Library is to vastly increase access to the rich scholarly heritage found in the thousands of books published by Princeton University Press since its founding in 1905.

Practice in Second Language Learning Charles C. Thomas Publisher

Franz Kafka met Felice Bauer in August 1912, at the home of his friend Max Brod. Energetic, down-to-earth, and life-affirming, the twenty-five-year-old secretary was everything Kafka was not, and he was instantly smitten. Because he was living in Prague and she in Berlin, his courtship was largely an epistolary one—passionate, self-deprecating, and anxious letters sent almost daily, sometimes even two or three times a day. But soon after their engagement was announced in 1914, Kafka began to worry that marriage would interfere with his writing and his need for solitude. The more than five hundred letters Kafka wrote to Felice—through their breakup, a second engagement in 1917, and their final parting in the fall of that year, when Kafka began to feel the effects of the tuberculosis that would eventually claim his life—reveal the full measure of his inner turmoil as he tried, in vain, to balance his desire for human connection with what he felt were the solitary demands of his craft.

Marketing an Introduction Penguin

A full-scale historical treatment of the advent of printing and its importance as an agent of change, first published in 1980.

Discovery-driven Growth Pearson

“What the future fortunes of [Gramsci’s] writings will be, we cannot know. However, his permanence is already sufficiently sure, and justifies the historical study of his international reception. The present collection of studies is an indispensable foundation for this.” —Eric Hobsbawm, from the preface Antonio Gramsci is a giant of Marxian thought and one of the world's greatest cultural critics. Antonio A. Santucci is perhaps the world's preeminent Gramsci scholar. Monthly Review Press is proud to publish, for the first time in English, Santucci’s masterful intellectual biography of the great Sardinian scholar and revolutionary. Gramscian terms such as “civil society” and “hegemony” are much used in everyday political discourse. Santucci warns us, however, that these words have been appropriated by both radicals and conservatives for contemporary and often self-serving ends that often have nothing to do with Gramsci’s purposes in developing them. Rather what we must do, and what Santucci illustrates time and again in his dissection of Gramsci’s writings, is absorb Gramsci’s methods. These can be summed up as the suspicion of “grand explanatory schemes,” the unity of theory and practice, and a focus on the details of everyday life. With respect to the last of these, Joseph Buttigieg says in his Nota: “Gramsci did not set out to explain historical reality armed with some full-fledged concept, such as hegemony; rather, he examined the minutiae of concrete social, economic, cultural, and political relations as they are lived in by individuals in their specific historical circumstances and, gradually, he acquired an increasingly complex understanding of how hegemony operates in many diverse ways and under many aspects within the capillaries of society.” The rigor of Santucci’s examination of Gramsci’s life and work matches that of the seminal thought of the master himself. Readers will be enlightened and inspired by every page.

Convergence Culture Cambridge University Press

In no other work does Franz Kafka reveal himself as in Letters to Milena, which begins as a business correspondence but soon develops into a passionate but doomed epistolary love affair. Kafka's Czech translator, Milena Jesenská, was a gifter and charismatic twenty-three-year-old who was uniquely able to recognize Kafka's complex genius and his even more complex character. For thirty-six-year-old Kafka, she was "a living fire, such as I have never seen." It was to Milena that he revealed his most intimate self and, eventually, entrusted his diaries for safekeeping.

Accounting Cambridge University Press

The study of Islamic law can be a forbidding prospect for those entering the field for the first time. Wael Hallaq, a leading scholar and practitioner of Islamic law, guides students through the intricacies of the subject in this absorbing introduction. The first half of the book is devoted to a discussion of Islamic law in its pre-modern natural habitat. The second part explains how the law

was transformed and ultimately dismantled during the colonial period. In the final chapters, the author charts recent developments and the struggles of the Islamists to negotiate changes which have seen the law emerge as a primarily textual entity focused on fixed punishments and ritual requirements. The book, which includes a chronology, a glossary of key terms, and lists of further reading, will be the first stop for those who wish to understand the fundamentals of Islamic law, its practices and history.

Introduction to Econometrics Harvard Business Press

This landmark study of the literary relationship between the gospel of John and the synoptic gospels presents compelling evidence for the existence of a written pre-canonical Alpha gospel that contained almost all of the main episodes in the adult life of Jesus and which became the written source for the core biography of Jesus in all four gospels.

A Principled Approach to Abuse of Dominance in European Competition Law Palala Press

Described as "the perfect Baroque city," the southeastern Sicilian city of Noto was totally destroyed by an earthquake in 1693 and then rebuilt by ambitious citizens eager to match Italian achievements. The Genesis of Noto traces the complex history of Noto's foundation and growth as a grid-planned Renaissance-Baroque utopia. Described as "the perfect Baroque city," the southeastern Sicilian city of Noto was totally destroyed by an earthquake in 1693 and then rebuilt by ambitious citizens eager to match Italian achievements. The Genesis of Noto traces the complex history of Noto's foundation and growth as a grid-planned Renaissance-Baroque utopia.

Letters to Milena MIT Press

Well before the Industrial Revolution, Europe developed the superior military potential and expertise that enabled her to dominate the world for the next two centuries. In this attractively illustrated and updated edition, Geoffrey Parker discusses the major changes in the military practice of the West during this time period--establishment of bigger armies, creation of superior warships, the role of firearms--and argues that these major changes amounted to a "military revolution" that gave Westerners a decided advantage over people of other continents. A new chapter addresses the controversies engendered by the previous edition.

Frankenstein. Ediz.inglese Bloomsbury Publishing

Three questions surround the interpretation and application of Article 82 of the EC Treaty. What is its underlying purpose? Is it necessary to demonstrate actual or likely anticompetitive effects on the market place when applying Article 82? And how can dominant undertakings defend themselves against a finding of abuse? Instead of the usual discussion of objectives, Liza Lovdahl Gormsen questions whether the Commission's chosen objective of consumer welfare is legitimate. While many Community lawyers would readily accept and indeed welcome the objective of consumer welfare, this is not supported by case law. The Community Courts do not always favour consumer welfare at the expense of economic freedom. This is important for dominant undertakings' ability to advance efficiencies and for understanding why the Chicago and post-Chicago School arguments cannot be injected into Article 82.

Ted Hughes Random House Trade Paperbacks

A dramatic and moving tribute to the military's unsung heroes, *American Patriots* tells the story of the black servicemen and women who defended American ideals on the battlefield, even as they

faced racism in the ranks and segregation on the home front. Through hundreds of original interviews with veterans of every war since World War I, historic accounts, and photographs, Gail Buckley brings these heroes and their struggles to life. We meet Henry O. Flipper, who withstood silent treatment from his classmates to become the first black graduate of West Point in 1877. And World War II infantry medic Bruce M. Wright, who crawled through a minefield to shield a fallen soldier during an attack. Finally, we meet a young soldier in Vietnam, Colin Powell, who rose through the ranks to become, during the Gulf War, the first black chairman of the Joint Chiefs of Staff. Fourteen years in the making, *American Patriots* is a landmark chronicle of the brave men and women whose courage and determination changed the course of American history.

A World History Da Capo Press

Written by one of the foremost experts in the area, Paul Davies' *Introduction to Company Law* provides a comprehensive conceptual introduction, giving readers a clear framework with which to navigate the intricacies of company law. The five core features of company law - separate legal personality, limited liability, centralized management, shareholder control, and transferability of shares - are clearly laid out and examined, then these features are used to provide an organisation structure for the conduct of business. It also discusses legal strategies that can be used to deal with arising problems, the regulation of relationships between the parties, and the trade-offs that have been made in British company law to address some of the conflicting issues that have arisen. Fully revised to take into account the Companies Act 2006, and including a new chapter on international law which considers the role of European Community Law, this new edition in the renowned Clarendon Law Series offers a concise and stimulating introduction to company law.

Linguistics and Literary History NYU Press

A contextualised study setting out the foundations of administrative law, with discussion of case law and legislation to show practical application.

Letters to Felice Cambridge University Press

Drawing on a range of different approaches and perspectives, this book attempts to set and develop a new agenda for IPE research. It lays down the theoretical foundations of a new IPE, provides new perspectives on orthodox IPE concerns and highlights previously neglected issues and approaches.

An Introduction to Islamic Law Simon & Schuster (Trade Division)

Three Lives Three short stories comprise Gertrude Stein's first significant work, each a psychological portrait of a different woman. "The Good Anna" is a kindly but domineering German servant. "The Gentle Lena" apathetically endures her miserable life until she dies in childbirth. "Melanctha" is a young Black woman learning about sexuality and love. Different as they may be, all three women are bound by poverty—and all three face the restrictions of class, race, and sex with resignation. Tender Buttons Stein spoke of maintaining a "continuous present," comprised of "moments of consciousness," independent of time and memory. Nowhere is this more clear than in her prose poems *Tender Buttons*. Their repetitive sentences, juxtaposition of sounds, and simple language connote this continuous presence. To live in this state is "to begin again and again," to "use everything." Each of the three sections, "Objects," "Food," and "Rooms," employs both this repetition and disjointed words to build images. Prose poetry at its most abstract expression, *Tender Buttons* "is to writing...what cubism is to art." (W.G. Rogers)

The Industrial Revolution Palgrave Macmillan

La nuova edizione di questa Introduzione ai Sistemi giuridici comparati è stata aggiornata ed arricchita con una serie di illustrazioni seguendo il movimento del "Legal design". Nel volume i sistemi giuridici sono visti come un insieme in cui ogni parte di essi è in relazione con le altre ed in un contesto globale con il quale sono in osmosi. Il volume è suddiviso in otto capitoli dedicati a: 1. Sistemi democratici. 2. Valori. 3. Il governo. 4. La dimensione economica. 5. Il 'Welfare state'. 6. La repressione dei reati. 7. Giudici e giurisdizione. 8. Modelli per un mondo globalizzato.

The New International Political Economy Cambridge University Press

Paper Maps is a Zine Series made on the road by Kit Whistler and J.R. Switchgrass of Idle Theory Bus. Volume 3 entitled Doing Nothing Optimistically is an exploration in where Idleness and Optimism combine. This Zine will take you on a rainbow filled journey over land and through the mind complete with photos and essays created while living on the road.

Pearls and Pomegranates OUP Oxford

For courses in Introductory Econometrics Engaging applications bring the theory and practice of

modern econometrics to life. Ensure students grasp the relevance of econometrics with Introduction to Econometrics-the text that connects modern theory and practice with motivating, engaging applications. The Third Edition Update maintains a focus on currency, while building on the philosophy that applications should drive the theory, not the other way around. This program provides a better teaching and learning experience-for you and your students. Here's how: Personalized learning with MyEconLab-recommendations to help students better prepare for class, quizzes, and exams-and ultimately achieve improved comprehension in the course. Keeping it current with new and updated discussions on topics of particular interest to today's students. Presenting consistency through theory that matches application. Offering a full array of pedagogical features. Note: You are purchasing a standalone product; MyEconLab does not come packaged with this content. If you would like to purchase both the physical text and MyEconLab search for ISBN-10: 0133595420 ISBN-13: 9780133595420. That package includes ISBN-10: 0133486877 /ISBN-13: 9780133486872 and ISBN-10: 0133487679/ ISBN-13: 9780133487671.
