Leading the reader to a better understanding of the inner characters that make up one's personality and filled with simple exercises, this book teaches how negative judgments can lead to greater self awareness and natural compassion for self and others.

St. Martin's Press

This is an empowering—though at times heartbreaking—work that seeks to encourage others to embrace their inner selves in the face of adversity. It illuminates how we make meaning of our experiences by the stories we tell and how stories of human tragedy can be transformed through the perspective of soul journey with the potential to shift the shape of your life.

A NEW YORK TIMES NOTABLE BOOK OF THE YEAR • NEW YORK

TIMES BEST SELLER • From the indie rockstar of Japanese Breakfast fame, one of TIME's Most Influential People of 2022, and author of the viral 2018 New Yorker essay that shares the title of this book, an unflinching, powerful memoir about growing up Korean American, losing her mother, and forging her own identity. In this exquisite story of family, food, grief, and endurance, Michelle Zauner proves herself far more than a dazzling singer, songwriter, and guitarist. With humor and heart, she tells of growing up one of the few Asian American kids at her school in Eugene, Oregon; of struggling with her mother's particular, high expectations of her; of a painful adolescence; of treasured months spent in her grandmother's tiny apartment in Seoul, where she and her mother would bond, late at night, over heaping plates of food. As she grew up, moving to the East Coast for college, finding work in the restaurant industry, and performing gigs with her fledgling band--and meeting the man who would become her husband--her Koreanness began to feel ever more distant, even as she found the life she wanted to live. It was her mother's diagnosis of terminal cancer, when Michelle

was twenty-five, that forced a reckoning with her identity and brought her to reclaim the gifts of taste, language, and history her mother had given her. Vivacious and plainspoken, lyrical and honest, Zauner's voice is as radiantly alive on the page as it is onstage. Rich with intimate anecdotes that will resonate widely, and complete with family photos, *Crying in H Mart* is a book to cherish, share, and reread.

It's Time to Take Back Your Life Fear takes many forms -- dread, panic, anxiety, self-consciousness, superstition, and negativity -- and manifests itself in many ways -- avoidance, procrastination, judgment, control, and agitation, to name just a few. Whether we are afraid of the dark or being alone, of failure or commitment, of public speaking or flying, fear dominates our lives, affecting nearly every decision we make. Combining compelling stories from the author's twenty-five-year practice, examples from his own struggles with addiction and depression, and practical exercises and tools, *Embracing Fear* does not pretend to teach the impossible and eliminate fear, but rather shows us that once we understand it we can live beyond its tyrannical control. Instead of repressing or ignoring the voices of panic and dread, we learn that it is only through facing, exploring, accepting, and responding to fear that we free ourselves from its paralyzing grip.

Think Again Dexterity

Whether you are stuck in the distress of life, or appear like nothing's wrong, you may have faced trauma or incredible stress or suffocating fear. Maybe you wonder whether those emotions, memories, and experiences are blocking you from being as fulfilled and happy as you could be. Maybe you're stuck in patterns that simply no longer work for you. What if you could change it all? What if you could feel safe and solid and secure inside your own body? What if your life could be peaceful and centered and fulfilled? In *Becoming Safely Embodied*, Deidre Fay shares from her 35 years of psychotherapy and spiritual practice to provide a truly practical way to integrate modern neurobiology and ancient wisdom to finally and completely heal from emotional trauma, no matter how deep or faint, how long ago or recent you experienced the pain. Throughout her years as a therapist, Deirdre noticed that clients would make progress while in a therapy session and then revert to old patterns between sessions. What people need is a set of skills and practices to support ongoing healing and wholeness. That's what this book will help you with. You'll discover: What "trauma" is and why you might have had a hard time healing from this pain, Why shame is an attachment wound and how to harness self-compassion to truly transform suffering, What to do when you feel like you're easily "triggered" by a certain person or situation in your life so that you can stay centered and safe, Instantly effective methods of breath work for brain change and emotional regulation so that you can calm your mind or energize your body, The nine core skills that can help you to be more at home with your internal world and cultivate a body that's a safe place for rest, reflection, and wellbeing, Simple daily practices that (like brushing your teeth) promote ongoing healing in your body, mind, and soul, And much, much more. Whether you are healing from abandonment issues or from pain or from grief—or whether you are helping

someone else to heal—*Becoming Safely Embodied* is your map and guidebook to finally becoming at home with your internal world, cultivating a body that's a safe place for rest, reflection, and wellbeing, and creating the life you want to live, instead of living in the life your history catapults you into. You may be wondering, "Is it possible for ME? Can I change? Is it possible for me to shift these painful patterns into a more fulfilling life? Can I truly organize this crazy inner world?" The simple answer is, "Yes," and your journey to becoming safely embodied begins inside the pages of this book.

Hal and Sidra Stone are the creators of "Voice Dialogue" process, a therapy that transforms the inner critic from crippling adversary to productive ally. The inner critic. It whispers, whines, and needles us into place. It checks our thoughts, controls our behavior, and inhibits action. It thinks it is protecting us from being disliked, hurt, or abandoned. Instead, the critical inner voice causes shame, anxiety, depression, exhaustion, and low-self-esteem. It acts as a powerful saboteur of our intimate relationships and is a major contributor to drug and alcohol abuse. Through examples and exercises, the Stones show us how to recognize the critic, how to avoid or minimize "critic attacks," and, most important, how the inner critic can become as intelligent, perceptive, and supportive partner in life.

The Inner Work of Age Sounds True

Based on Dharma talks by Zen Master Thich Nhat Hanh and insights from participants in retreats for healing the inner child, this book is an exciting contribution to the growing trend of using Buddhist practices to encourage mental health and wellness. Reconciliation focuses on the theme of mindful awareness of our emotions and healing our relationships, as well as meditations and exercises to acknowledge and transform the hurt that many of us experienced as children. The book shows how anger, sadness, and fear can become joy and tranquility by learning to breathe with, explore, meditate, and speak about our strong emotions. Reconciliation offers specific practices designed to bring healing and release for people suffering from childhood trauma. The book is written for a wide audience and accessible to people of all backgrounds and spiritual traditions.

Shame influences more of our thoughts and actions than many other emotions. Used as a punishment for bad behavior, shame acts as an incentive for us to behave in socially acceptable ways. As a common method used to regulate children's behavior, shame is by far one of the most pervasive socializing agents. Many of our more persistent, punitive, and critical feelings about ourselves stem from humiliations in early childhood even if we don't remember the specific events that prompted them. While w

Embracing the Stranger in Me: Devorss & Company

A former firearms executive pulls back the curtain on America's multibillion-dollar gun industry, exposing how it fostered extremism and racism, radicalizing the nation and bringing cultural division to a boiling point. As an avid hunter, outdoorsman, and conservationist—all things that the firearms industry was built on—Ryan Busse chased a childhood dream and built a successful career selling millions of firearms for one of America's most popular gun companies. But blinded by the promise of massive profits, the gun industry abandoned its self-imposed decency in favor of hardline conservatism and McCarthyesque internal policing, sowing irreparable division in our politics and society. That drove Busse to do something few other gun executives have done: he's ending his 30-year career in the industry to show us how and why we got here. *Gunfight* is an insider's call-out of a wild, secretive, and critically important industry. It shows us how America's gun industry shifted from prioritizing safety and ethics to one that is addicted to fear, conspiracy, intolerance, and secrecy. It recounts Busse's personal transformation and shows how authoritarianism spreads in the guise of freedom, how voicing one's conscience becomes an act

of treason in a culture that demands sameness and loyalty. *Gunfight* offers a valuable perspective as the nation struggles to choose between armed violence or healing.
