The Valet's Tragedy CRC Press

This third book in the GISDATA series focuses on the widespread use of geographical information systems GIS in European local government. The editors include a wide range of applications carried out by different professional groups, and offer the opportunity of studying the extent to which diffusion of innovations like GIS are sensitive to national issues such as cultural context, institutional setup and the availability of data.; The book answers key questions such as: what can be learnt from research on organizational behaviour in relation to technological innovation?; what are the classical features of the GIS diffusion process?; to what extent is the adoption and utilization of GIS facilitated - or impeded - by the organizational culture within which it takes place?; and what mechanisms can be applied to enhance the diffusion of GIS? The book covers aspects of diffusion in the following European countries: UK, France, Italy, Poland, Denmark, The Netherlands, Germany, Greece and Portugal.

*Aussie Stories* London : Longmans, Green

Christmas time is believed by many, to be a season of hope and miracles. Sometimes, hearts are broken, faith is lost, and many times, hope is renewed. This Christmas, lives will be changed forever! In this short story, in a small town somewhere in America, there was a house without Christmas, just like many. That night, the temperature was at a freezing point. A 10-year-old boy named Kadi ran after his dog, Diana. She got very excited about the snow. When she did not stop, something unimaginable happened! It was awful. It was heartbreaking. It was a miracle. Do you believe in miracles?

**Diesel Engine Handbook** UCINA Confindustria Nautica & goWare

This guide covers walks in the dramatic landscape of Wester Ross, in the area between Torridon in the north and Glenelg in the south. The 31 walks featured range from 0.75 miles to 12 miles (1-19km).

*Walks Wester Ross*

Historical mysteries including the case of Sir Edmund Berry Godfrey.

*One Hundred Years of Good Company*

Diesel engine is acknowledged for its superior efficiency and possesses a wide field of applications. It is also known as CI engine. Diesel engines also however, are the prime source of emissions such as NOX and particulate matter (PM). In order to reduce the emissions to an absolute minimum, this book explain as to how these toxins can be regulated. It is no hidden secret that the world is witnessing an oil crisis. But with other alternative sources such as biogas, natural gas and coke based substances; diesel is not the only way forward. The unique characteristics and properties such as combustion and emission of the aforementioned alternatives are explained extensively in this book. The book also goes on to explain how one can look for early signs of wear and tear and malfunctioning components of a diesel engine and its parts.

GIS Diffusion

This is the first newly translated English edition of Louis Cardinal Billot's work on Liberalism taken from his larger work on ecclesiology, "Tractatus de Ecclesia."

**The House Without Christmas**

Anno 2016: YTEM Yacht'n Italy Export Museum giunge al quarto episodio. In questa fase, ogni anno verrà individuata una figura di eccellenza che si sia professionalmente distinta nell'ambito della progettazione, del design, dell'innovazione, della cultura nautica che abbia dato un contributo al Made in Italy. In questa occasione YTEM, presenterà la "prima" di questa nuova fase alla 56<sup>a</sup> edizione del Salone Nautico di Genova. La scelta del personaggio di quest'anno coincide con l'iniziativa dell'Università degli Studi di Genova di riconoscere alla figura di Renato "Sonny" Levi la Laurea Magistrale honoris causa in Yacht Design. Progettista vivente di straordinaria longevità e produttività, con alle spalle oltre sessantacinque anni di progettazione in ambito nautico, Levi ha vissuto attivamente tutto il periodo della nautica italiana, dal 1959 al presente, oggetto dello studio storico di inquadramento di YTEM. In parallelo negli spazi del padiglione B durante il 56° Salone Nautico Internazionale di Genova, la mostra "Renato 'Sonny' Levi Milestones of yacht design",

organizzata dall'Università degli Studi di Genova, dalla fondazione Promostudi di La Spezia con il patrocinio del sito Altomareblu ([www.altomareblu.com](http://www.altomareblu.com)) e il supporto della Levi Boats e Ucina Confindustria Nautica. YTEM fin dal primo concepimento ha espresso, in una sorta di Mise en abyme, la sua volontà di essere non solo un contenitore per il design e la sua narrazione, ma esso stesso un prodotto del design Made in Italy.
