## **HARDY RILEY**

---

The Making of Judge Dredd Hachette UK  
In the conclusion of Alastair Reynolds' epic Poseidon's Children saga, the Akinya family receives an invitation from across the stars—and a last opportunity to redeem their name... Send Ndege... The cryptic message originated seventy light-years away from the planet Crucible, where Ndege Akinya lives under permanent house arrest for her

role in the catastrophe that killed 417,000 people. Could it be from her mother, Chiku, who vanished during a space expedition decades earlier? Ndege's daughter, Goma, a biologist, joins the crew of the Travertine, dispatched to Gliese 163 to uncover the source behind the enigmatic message. Goma's odyssey will take her not only into the furthest reaches of space but centuries into her family's past where the answers to the universe's greatest mysteries await...

**Design of Sigma-Delta Converters in**

**Matlab(r)/Simulink(r)** Simon and Schuster

A lavishly illustrated, full-color chronicle traces the making of the sixty-million-dollar science-fiction action film starring Sylvester Stallone, due to be released in the summer of 1995. Original. Movie tie-in.

**The Clocks of Iraz** Hachette UK  
Publicity flyer for the book to be published Nov. 1976; reproduces p. 8-11, 16-17, 70-71, 80-81.

The Art of Star Trek Hachette UK  
The Best Mislaid Plans Wizardly schemes, Jorian knew went off a-gley. But this time the wizard's plan seemed simple. Since ancient prophecy foretold that the clocks would save Iraz, Jorian must repair the great tower clocks that his father had built. If everything went

well, Karadur could then plan the rescue of Jorian's beloved wife, Queen Estrildis from Xylar. And Jorian would be appointed Clockmaster of Iraz, a position that would require him to break a pirate siege, placate an amorous priestess, and stay at least one step ahead of the Royal Guard of Xylar - where he was still wanted as the star attraction of a royal beheading!

**The Saxon Shore** Spatterlight Press  
The Science Fiction Grand Master's Thorns "holds up chillingly well after all these decades. A dark pastiche upon Beauty and the Beast" (SF Reviews). In a world where humanity has colonized the solar system and begun to explore more of the local galaxy, a vast audience follows real-life stories presented by wealthy media mogul Duncan Chalk. To

satisfy his audience's voyeuristic needs—and his own appetite for others' pain—he pairs Minner Burris, an emotionally withdrawn space explorer who was captured and freakishly surgically altered by aliens, with Lona Kelvin, a suicidal seventeen-year-old girl who donated eggs for a fertility experiment that produced one hundred babies, none of whom she has been allowed to adopt or even see. Chalk promises to solve their personal problems in return for a joint performance tour. Though the love affair doesn't last, Chalk keeps the couple on the hook by making new offers. While Minner and Lona struggle to cope with their newfound celebrity and Chalk's broken promises, they will uncover the true nature of their manipulator—and

risk everything to regain the humanity that has been stolen from them . . . An early exploration of media exploitation and a deep look at freak-show entertainment on a mass scale, this novel was one of the earliest of Silverberg's mature masterworks. "Masterful . . . This is a sophisticated novel, beautifully written, intelligent and insightful, with wonderful dialogue and a satisfying conclusion." —Fantasy Literature "Silverberg's brooding, post-utopian, rumination has the makings of a great science fiction novel. . . . A worthwhile read which rambles along a dark path . . . Well done." —Science Fiction Ruminations  
Villains of Voltornus Pocket Books/Star Trek  
 Standard issue for all Starfleet Officers,

this vital tool for space survival covers everything from space suit leaks and hotwiring a tri-corder to hostile alien encounters. Paying particular attention to the importance of initiative in situations where available technology is malfunctioning, The Survival Guide is broadly divided into the following sections: understanding alien technology; dealing with alien wildlife; modifying federation technology; and encountering temporal anomalies. There is information on essential Federation emergency equipment, and various extreme escape and survival scenarios are accompanied by actual accounts by legendary Starfleet heroes of their own dramatic improvisations. The whole is illustrated throughout with explanatory black & white line art illustrations, easy

to follow in a crisis -- especially valuable when a reader is stranded on a downed shuttlecraft with only a com-badge and a self-sealing stem-bolt.

#### Vandals of the Void Penguin

For fans of Red Sonja and Xena the Warrior Princess, a collection of five fantasy stories starring a mighty and powerful female warrior. The 1930s heralded the arrival of C.L. Moore, one of the pioneering women writers of speculative fiction, and the appearance of fantasy's landmark female hero: Jirel of Joiry. With her red hair flowing, her yellow eyes glinting like embers, and her face streaked with blood, Jirel is strong, fearless, and driven by honor. Her legendary debut, Black God's Kiss, begins as her castle, Joiry, is overrun by invaders, but knowing that this is one

battle she cannot fight, she summons her courage and cunning and descends into the castle's hidden reaches, where she crosses through a doorway into Hell itself... Jirel of Joiry collects the classic tales of blood and vengeance that secured C.L. Moore's place among legendary authors of sword and sorcery like Robert E. Howard and Edgar Rice Burroughs. Originally published in the magazine *Weird Tales*, Moore's fantastic tales of warriors, gods, and magic are defined by a fierce, romantic vision that helped define the genre, earning her the title of Grand Master for lifetime achievement by the World Fantasy Convention. Includes "Black God's Kiss," "Black God's Shadow," "Jirel Meets Magic," "The Dark Land," and "Hellsgarde." "One of the best authors of

her era.... The stories are engaging and well written, and the central character, who is headstrong and passionate, is more than compelling.... Fans of eldritch horror and sinister gods...will find much to enjoy here."—Alan Brown, *Tor.com Star Wars* Springer

What was the strange impetus that drove a group of four widely different humans to embark on a fear-filled journey across a forbidden sea to a legendary land? This was Earth still, but the Earth of a future terribly changed after a planet-searing disaster, a planet of weird cults, mutated beasts, and people who were not always entirely human. As for the four who made up that questing party, they included a woman who was either a goddess, a witch, or both, a four-armed boy whose

humanity was open to question, and two more men with equally "wild" talents. The story of their voyage, of the power-wielding "jewels" they sought, of the atomic and post-atomic terrors they encountered, is a remarkable science-fiction Odyssey of the days to come.

**Davy** Ozymandias Press

From the original starship Enterprise to the all-new Star Trek: Voyager, Star Trek has treated generations of viewers to unforgettable images. This lavishly illustrated guide offers a one-of-a-kind gallery of sketches, drawings, paintings, miniatures, props, graphics, and backstage photos, most never before published, which explore every incarnation of this popular universe.

*Poseidon's Wake* Penguin  
Vol. 4.

### **The Śikh Gurus and the Śikh Society** Hyperion

Never Trust a Demon Three years earlier, Jorian had been the crowned King of Xylar. But the laws of Xylar decreed that each randomly chosen King must be beheaded at the end of a five-year reign. Jorian had a prejudice against losing his head. With the aid of the aged wizard Karadur, he managed to flee. Unfortunately he had not been able to bring his beloved wife, Queen Estrildis, with him, nor had he yet been able to find a means of freeing her from the palace in Xylar City. Now, however, he felt that his luck was about to change. He and the aged wizard Karadur were being flown through the night air in a great copper bathtub, powered by a demon under Karadur's control. Ahead of

them lay Xylar City. There, while the demon kept the bathtub hovering above the palace, Jorian could let down a rope and rescue Estrildis. It should have been a foolproof scheme;

#### The Skystone Diversion Books

In this thrilling collection of stories, John Wyndham, author of the acclaimed classics *The Day of the Triffids* and *The Midwich Cuckoos*, conducts ten experiments along the theme of 'I wonder what might happen if . . .'. There's the story of the meteor, which holds much more than meets the eye. In *Chronoclasm* a man is pursued by his own future. We meet a robot with an overactive compassion circuit. And what happens when the citizens of the future turn the past into a giant theme park? 'One of the few authors whose

compulsive readability is a compliment to the intelligence' *Spectator*  
*The Seeds of Time* DK Publishing  
(Dorling Kindersley)

Boldly go where no Trekkie has gone before. *Star Trek the Visual Dictionary* is the final frontier. Charting each and every one of the the voyages of the starship Enterprise. Its mission: to explore everything Star Trek, strange new worlds (and old ones), to seek out every character, ship and series, to boldly go where no book has gone before. Covering all five live-action television series, with full coverage of favourite characters such as Spock, Bones, Scotty and Uhura, and full-colour pictures of ships that would make James T. Kirk proud, this is the ultimate guide to Star Trek for any Trekkie. Don't be a

Vulcan - live long and prosper with Star Trek the Visual Dictionary.

*Thorns* Penguin UK

Davy is set in the far future of our world, in the fourth century after the collapse of what we describe as the twentieth-century civilisation. In a land turned upside-down and backwards by the results of scientific unwisdom, Davy and his fellow Ramblers are carefree outcasts, whose bawdy, joyous adventures among the dead ashes of Old-Time culture make a novel which has been hailed as "a frightening, ribald, poignant look at the imaginary future," as "this chilling and fascinating book," as "superb entertainment - unique," as "so unusual as the make it both refreshing and thought provoking."

Star Trek Puzzle Manual Open Road

Media

This textbook is intended for a semester-length course in Sigma-Delta converters. The author minimizes his use of mathematical theory, emphasizes real-use cases, and discusses concepts in a way to be accessible to inexperienced students and entry-level, practicing engineers. Little or no prior knowledge of Sigma-Delta converters and/or MATLAB(R)/Simulink(R) is assumed. Readers will learn what the design process involves, the trade-offs to consider, how a modulator is actually simulated and how to consider a specific design successful. Each chapter begins with the essential, practical information, while the necessary, theoretical concepts are presented through results evaluation of the suggested simulation

exercises of the modulators supplied in the MATLAB(R)/Simulink(R) Toolbox software accompanying this book. Provides practically-oriented, textbook coverage of Sigma-Delta converters; Accompanied by a downloadable, dedicated Simulink(R) Toolbox, which allows readers to perform all the common simulations required to evaluate a complete design, individually investigate the most important non-idealities affecting single blocks, and explore some of the most famous Sigma-Delta architectures; Includes numerous, solved and fully explained examples, as well as exercises at the end of each chapter.

The Unbeheaded King Macmillan

Born of the chaos of the Dark Ages, the Dream of Eagles produced a king, a

country and an everlasting legend—Camelot Publius Varrus is a veteran Roman officer and a maker of swords. In the early fifth century, amid the violent struggles between the people of Britain and the invading Saxons, Picts and Scots, he and his former general, Caius Britannicus, forge the government and military system that will become known as the Round Table, and initiate a chain of events that will lead to the coronation of the High King we know today as Arthur. Rich in historical detail, brimming with drama, intrigue and passion, *The Skystone* gives new resonance to an enduring and powerful legend.
