*Eloquent JavaScript, 3rd Edition* SAGE Publications

Literary Nonfiction. Poetry. Latinx Studies. LGBTQIA Studies. Edited by Ricardo F. Vivancos-Pérez and Norma Cantú. Rooted in Gloria Anzaldúa's experiences growing up near the U.S./Mexico border, *BORDERLANDS/LA FRONTERA* remaps our understanding of borders as psychic, social, and cultural terrains that we inhabit and that inhabit us all. Drawing heavily on archival research and a comprehensive literature review while contextualizing the book within her theories and writings before and after its 1987 publication, this critical edition elucidates Anzaldúa's complex composition process and its centrality in the development of her philosophy. It opens with two introductory studies; offers a corrected text, explanatory footnotes, translations, and four archival appendices; and closes with an updated bibliography of Anzaldúa's works, an extensive scholarly bibliography on *Borderlands*, a brief biography, and a short discussion of the Gloria E. Anzaldúa Papers. "Ricardo F. Vivancos-Pérez's meticulous archival work and Norma Elia Cantú's life experience and expertise converge to offer a stunning resource for Anzaldúa scholars; for writers, artists, and activists inspired by her work; and for everyone. Hereafter, no study of *Borderlands* will be complete without this beautiful, essential reference."--Paola Bacchetta

*The Enigma of Reason* Maison Des Langues Editions

A breathless adventure from international award winner Timothée de Fombelle charts a desperate search for identity across the vast expanses of Europe. In a world between wars, a young man on the cusp of taking priestly vows is suddenly made a fugitive. Fleeing the accusations of police who blame him for a murder, as well as more sinister forces with darker intentions, Vango attempts to trace the secrets of his shrouded past and prove his innocence before all is lost. As he crisscrosses the continent via train, boat, and even the Graf Zeppelin airship, his adventures take him from Parisian rooftops to Mediterranean islands to Scottish forests. A mysterious, unforgettable, and romantic protagonist, Vango tells a thrilling story sure to captivate lovers of daring escapades and subversive heroes.

**Key Concepts in Family Studies** Harvard University Press

"Time travel, UFOs, mysterious planets, stigmata, rock-throwing poltergeists, huge footprints, bizarre rains of fish and frogs-nearly a century after Charles Fort's *Book of the Damned* was originally published, the strange phenomenon presented in this book remains largely unexplained by modern science. Through painstaking research and a witty, sarcastic style, Fort captures the imagination while exposing the flaws of popular scientific explanations. Virtually all of his material was compiled and documented from reports published in reputable journals, newspapers and periodicals because he was an avid collector. Charles Fort was somewhat of a recluse who spent most of his spare time researching these strange events and collected these reports from publications sent to him from around the globe. This was the first of a series of books he created on

unusual and unexplained events and to this day it remains the most popular. If you agree that truth is often stranger than fiction, then this book is for you"--Taken from Good Reads website.

A complete guide to Scandinavia filled with travel tips, cultural and historical facts, recipes, and inspirational photography from the Nordic nations. Why are Scandinavians constantly topping the happiness table? How do you get more Scandi-style in your life? Just how do you use lagom? Whether you want your apartment to look like it belongs in Copenhagen, to workout like a Norwegian or to make cinnamon buns like a Swede, this is the ultimate insider's guide to the countries of the north. Full of inspiration and ideas, how-tos and recipes to help you experience the very best of Scandinavian design, philosophy, cookery, and culture, this honest behind-the-scenes look at the culture provides an invaluable insight into the wonderful and visually stunning world of Scandinavia. Like her viking ancestors before her, Brontë Aurell left Denmark to explore the world beyond home shores and in her travels has come to understand the fascination with her kinfolk, as well as seeing the idiosyncrasies of the Scandinavian lifestyle that locals take for granted. With a signature wit and a keen eye for detail, she takes you on a journey through fjords and mountains, farmlands, and cities to better understand these three nations and what makes each one so unique. So get outdoors, learn the life lesson that there's no such thing as bad weather (only bad clothing), and you may discover your inner Scandi sooner than you think . . . From the *How To Live* . . . series of insightful guides to some of the most intriguing cultures and locations on the planet, other books available include *How To Live Japanese*, *How To Live Korean*, and *How to Live Icelandic*.

**The Start of Me and You** Andersen Press USA

The Los Angeles Times bestseller! "A Gallic prescription for living a life that is richer, more sensual, messier, and a lot more fun" (Boston Globe) It's not the shoes, the scarves, or the lipstick that gives

French women their allure. It's this: French women don't give a damn. They don't expect men to understand them. They don't care about being liked or being like everyone else. They accept the passage of time, celebrate the immediacy of pleasure, embrace ambiguity and imperfection, and prefer having a life to making a living. In *What French Women Know*, Debra Ollivier goes beyond stale ooh-la-la stereotypes, challenging ingrained notions about sex, love, marriage, motherhood, and everything in between. With savvy, provocative thinking from French mistresses and maidens alike, Ollivier presents a refreshing counterpoint to the tired love dogma of our times, and offers realistic, liberating alternatives from the land that knows how to love.

**Calligrammes** No Starch Press

*Fresh Fruit, Broken Bodies* provides an intimate examination of the everyday lives, suffering, and resistance of Mexican migrants in our contemporary food system. Seth Holmes, an anthropologist and MD in the mold of Paul Farmer and Didier Fassin, shows how market forces, anti-immigrant sentiment, and racism undermine health and health care. Holmes was invited to trek with his companions clandestinely through the desert into Arizona and was jailed with them before they were deported. He lived with Indigenous families in the mountains of Oaxaca and in farm labor camps in the United States, planted and harvested corn, picked strawberries, and accompanied sick workers to clinics and hospitals. This “embodied anthropology” deepens our theoretical understanding of the ways in which social inequities come to be perceived as normal and natural in society and in health care. In a substantive new epilogue, Holmes and Indigenous Oaxacan scholar Jorge Ramirez-Lopez provide a current examination of the challenges facing farmworkers and the lives and resistance of the protagonists featured in the book.

For dynamic and successful learning! The brainchild of passionate and experienced authors, *Entre Nous* is a modern and realistic teaching method, the result of the hard work, experience, and dedication of numerous FLE teachers worldwide.\* The Student book, Learner's notes, Cultural notes and Workbook all in one volume\* A Realistic and action-oriented approach to language learning: a progression built around the completion of an original and motivating final task\* The interactive method was created to encourage the involvement of the learner, helping them discover the subjects that interest them and get involved with other students in the classroom\* A clear learning process with navigation and activities easily tracked between the student book, workbook and the various supplements\* Varied and interesting documents, always accompanied by explanations and context\* A cultural and socio-cultural approach to the francophone world, as well as an inter-cultural reflection\* Preparation for the DELF exam, with tips, explanations, and advice for passing the exam, and practice activities for the different examination sections

**Jane Eyre** University of Ottawa Press

A groundbreaking critique of the West's historical, cultural, and political perceptions of the East that is—three decades after its first publication—one of the most important books written about our divided world. “Intellectual history on a high order ... and very exciting.” —The New York Times In this wide-ranging, intellectually vigorous study, Said traces the origins of “orientalism” to the centuries-long period during which Europe dominated the Middle and Near East and, from its position of power, defined “the orient” simply as “other than” the occident. This entrenched view

continues to dominate western ideas and, because it does not allow the East to represent itself, prevents true understanding.

**The Book of Kali** Vintage

**The State and Revolution** Bloomsbury Publishing

An intensely personal, and philosophical, account of why white America's racial unconscious is not so unconscious An Essay for Ezra is a critique of terror that begins but by no means ends with the presidency of Donald J. Trump. A father addresses his son and a boy shares his observations in a dynamic dialogistic exchange that is a commentary of and for its time, taking the measure of racial terror and of white supremacy both in our moment and as a historical phenomenon. Framed through the experiences of the author's biracial son, An Essay for Ezra is intensely personal while also powerfully universal. Drawing on the social and political thought of James Baldwin and Martin Luther King, Grant Farred examines the temptation and the perils of essentialism and the need to discriminate—to engage the black mind as much as the black body. With that dialectic as his starting point, Farred engages the ideas of Jameson, Barthes, Derrida, Adorno, Kant, and other thinkers to derive an ethics of being in our time of social peril. His antiessentialist racial analysis is salient, especially when he deploys Dave Chappelle as a counterpoint to Baldwin—and Chappelle's brilliant comic philosophic voice jabs at both racial and gender identity. Standing apart for its willingness to explore terror in all its ambivalence, this theoretical reflection on racism, knowledge, ethics, and being in our neofascist present brings to bear the full weight of philosophical inquiry and popular cultural critique on black life in the United States.

**Adaptation** Knopf Books for Young Readers

For fans of Marie Lu comes the first book in an epic series that bends the sci-fi genre into a new dimension. “A truly beautiful novel that redefines the form.” —Victoria Aveyard, bestselling author of *Red Queen* This morning, Kady thought breaking up with Ezra was the hardest thing she'd have to do. This afternoon, her planet was invaded. The year is 2575, and two rival megacorporations are at war over a planet that's little more than a speck at the edge of the universe. Now with enemy fire raining down on them, Kady and Ezra—who are barely even talking to each other—are forced to evacuate with a hostile warship in hot pursuit. But their problems are just getting started. A plague has broken out and is mutating with terrifying results; the fleet's AI may actually be their enemy; and nobody in charge will say what's really going on. As Kady hacks into a web of data to find the truth, it's clear the only person who can help her is the ex-boyfriend she swore she'd never speak to again. Told through a fascinating dossier of hacked documents—including emails, maps, files, IMs, medical reports, interviews, and more—Illuminae is the first book in a heart-stopping trilogy about lives interrupted, the price of truth, and the courage of everyday heroes. “Prepare yourselves for Illuminae.” —EW.com “[Y]ou're not in for an ordinary novel experience. . . .” —Bustle.com “A truly interactive experience. . . . A fantastically fun ride.” —MTV.com ★ “[O]ut-of-this-world awesome.” —Kirkus Reviews, starred ★ “...stylistically mesmerizing.” —Publishers Weekly, starred ★ “[A]n arresting visual experience.” —Booklist, starred ★ “[A] game-changer.” —Shelf Awareness, starred

“Brace yourself. You're about to be immersed in a mindscape that you'll never want to leave.”  
 —Marie Lu, bestselling author of the Legend trilogy “Genre: Undefined. Novel: Unforgettable.”  
 —Kami Garcia, bestselling coauthor of Beautiful Creatures & author of Unbreakable “An exuberant mix of space opera, romance, zombies, hackers, and political thrills.” —Scott Westerfeld, bestselling author of Zeroes and Uglies “Stunningly creative. Smart, funny, and romantic.” —Veronica Rossi, bestselling author of Under the Never Sky “This is one of those rare books that will truly keep your heart pounding.” —Beth Revis, bestselling author of Across the Universe “This book is xxxing awesome.” —Laini Taylor, bestselling author of Daughter of Smoke and Bone  
*Encore Tricolore Nouvelle 1 Teacher's Book* Nelson Thornes

One of the most unconventional yet immensely popular deities in the Hindu pantheon, goddess Kali essentially represents the dark and contrary aspects of the cosmos. Her naked form and association with violence, blood and gore challenge the very concept of divinity. Yet, over the centuries, she has come to represent a whole gamut of conflicting images—from bloodthirsty ogress to benign goddess. So today while she is venerated as Chamunda, a deity who verges on the macabre and grotesque, she is also adored in household shrines in one of her milder forms, Dakshina-Kali. It is this evolution of Kali—from her origin as a tantric goddess to her metamorphosis into a divinity in mainstream religion—that Seema Mohanty captures brilliantly in this book. Drawing upon a variety of sources—rituals associated with the worship of Kali, tales from the Ramayana, the Mahabharata, the Puranas, the Tantras and Agamas, folklore and films—she has succeeded in portraying in engrossing detail the myriad manifestations of the enigmatic deity that is Kali.

*501 French Verbs* Workman Publishing

The aim of this book is to analyze the problem of the intensity of forms in the late Middle Ages and to show how this debate eventually gave rise to a new metaphysical project in the 14th century: the project of quantifying the different types of perfections existing in the universe – that is the project of “measuring being”. Cet ouvrage se propose d’analyser l’histoire du débat relatif à l’intensité des formes au Moyen Âge, et de retracer la manière dont il conduisit au XIVe siècle à l’émergence d’un projet métaphysique nouveau : celui de quantifier les perfections contenues dans l’univers et, ainsi, de “mesurer l’être”.

*Elmer's Opposites* Univ of California Press

American Military History provides the United States Army—in particular, its young officers, NCOs, and cadets—with a comprehensive but brief account of its past. The Center of Military History first published this work in 1956 as a textbook for senior ROTC courses. Since then it has gone through a number of updates and revisions, but the primary intent has remained the same. Support for

military history education has always been a principal mission of the Center, and this new edition of an invaluable history furthers that purpose. The history of an active organization tends to expand rapidly as the organization grows larger and more complex. The period since the Vietnam War, at which point the most recent edition ended, has been a significant one for the Army, a busy period of expanding roles and missions and of fundamental organizational changes. In particular, the explosion of missions and deployments since 11 September 2001 has necessitated the creation of additional, open-ended chapters in the story of the U.S. Army in action. This first volume covers the Army's history from its birth in 1775 to the eve of World War I. By 1917, the United States was already a world power. The Army had sent large expeditionary forces beyond the American hemisphere, and at the beginning of the new century Secretary of War Elihu Root had proposed changes and reforms that within a generation would shape the Army of the future. But world war—global war—was still to come. The second volume of this new edition will take up that story and extend it into the twenty-first century and the early years of the war on terrorism and includes an analysis of the wars in Afghanistan and Iraq up to January 2009.

*An Essay for Ezra* U of Minnesota Press

The eighteenth century witnessed the publication of an unprecedented number of voyages and travels, genuine and fictional. Within a genre distinguished by its diversity, curiosity, and experimental impulses, Katrina O'Loughlin investigates not just how women in the eighteenth century experienced travel, but also how travel writing facilitated their participation in literary and political culture. She canvases a range of accounts by intrepid women, including Lady Mary Wortley Montagu's Turkish Embassy Letters, Lady Craven's Journey through the Crimea to Constantinople, Eliza Justice's A Voyage to Russia, and Anna Maria Falconbridge's Narrative of Two Voyages to the River Sierra Leone. Moving from Ottoman courts to theatres of war, O'Loughlin shows how gender frames access to people and spaces outside Enlightenment and Romantic Britain, and how travel provides women with a powerful cultural form for re-imagining their place in the world.

*Orientalism* Library of Alexandria

Deeper than the ocean is a book of poetry diving into all the emotions of grief, love, and heart break. The book is divided into two chapters, before the death of a loved one and the life changing moments after. Emma tells her story beautifully, a story I believe a lot of people could relate to. And I believe reading something so relatable has a true healing essence to it.
