 of the

 team. Two
 weeks before

 South Korea's
 women's

hockey team was forced into a predicament that no president, ambassador or general had been able to resolve in the sixty-five years since the end of the Korean War. Against all odds, the group of young women were able to bring North and South Korea closer than ever before. The team was built for this moment. They had been brought together from across the globe and

from a wide variety of backgrounds —concert pianist, actress, high school student, convenience store worker—to make history. Now the special kinship they had developed would guide them through the biggest challenge of their careers. Suddenly thrust into an international spotlight, they showed the powerful meaning of what a unified Korea could resemble. In A Team of Their

Own, Seth Berkman goes behind the scenes to tell the story of these young women as they became a team amid immense political pressure and personal turmoil, and ultimately gained worldwide acceptance on a journey that encapsulates the truest meanings of sport and family.

Tuttle Publishing Supreme Court Justice Sonia Sotomayor

tells her own story for young readers for the very first time! As the first Latina Supreme Court Justice, Sonia Sotomayor has inspired young people around the world to reach for their dreams. But what inspired her? For young Sonia, the answer was books! They were her mirrors, her maps, her friends, and her teachers. They helped her to connect with her family in New York and in Puerto Rico, to

deal with her diabetes diagnosis, to cope with her father's death, to uncover the secrets of the world, and to dream of a future for herself in which anything was possible. In *Turning Pages*, Justice Sotomayor shares that love of books with a new generation of readers, and inspires them to read and puzzle and dream for themselves. Accompanied by Lulu Delacre's vibrant art, this story of

the Justice's life shows readers that the world is full of promise and possibility--all they need to do is turn the page. Praise for *Turning Pages*: * "A sincere and insightful autobiography that also demonstrates the power of the written word. A winning addition to libraries that serve young readers." -- *School Library Journal*, starred review "A personal and appealing book made to inspire." --

descriptions are followed by examples and exercises which allow students to reinforce and consolidate their learning. This new edition has been updated and enhanced to include more varied exercises and contemporary vocabulary and dialogues. Clearly presented and user-friendly, Basic Korean provides readers with the essential tools to express themselves in a wide variety of situations, making it an

ideal reference grammar and practice resource for both beginners and students with some knowledge of the language. A Practical Guide University of Hawaii Press Japan and South Korea are Western-style democracies with open-market economies committed to the rule of law. They are also U.S. allies. Yet despite their shared interests, shared values,

and geographic proximity, divergent national identities have driven a wedge between them. Drawing on decades of expertise, Brad Glosserman and Scott A. Snyder investigate the roots of this split and its ongoing threat to the region and the world. Glosserman and Snyder isolate competing notions of national identity as the main obstacle to a

productive partnership between Japan and South Korea. Through public opinion data, interviews, and years of observation, they show how fundamentally incompatible, rapidly changing conceptions of national identity in Japan and South Korea—and not struggles over power or structural issues—have complicated territorial claims and international policy. Despite

changes in the governments of both countries and concerted efforts by leading political figures to encourage U.S.-ROK-Japan security cooperation, the Japan-South Korea relationship continues to be hobbled by history and its deep imprint on ideas of national identity. This book recommends bold, policy-oriented prescriptions for overcoming problems in

Japan-South Korea relations and facilitating trilateral cooperation among these three Northeast Asian allies, recognizing the power of the public on issues of foreign policy, international relations, and the prospects for peace in Asia.

Before Supreme Court Justice Sonia Sotomayor took her seat in our nation's highest court, she was just a little girl in the South Bronx. With little sunlight and only a modest plot from which to grow, Justice Sotomayor bloomed for the whole world to see. Antes de que la magistrada de la Corte Suprema Sonia Sotomayor llegara al máximo tribunal de nuestra nación, no era
