RISHI CHAPMAN

Teaching in a Digital Age Jossey-Bass
Telegeoinformatics is a new discipline resulting from the integration of mobile computing with wired and wireless communications, geoinformatics (including GIS and GPS), and remote sensing techniques and technologies. Users of telegeoinformatics from every field will need a comprehensive

reference to solve multiple types of problems involving local
Effective Teaching with Technology in Higher Education
CRC Press

Universities today are faced with difficult decisions about how to integrate technology into their curriculum. Rather than merely offering advice on the applications of technology to teaching, this book provides a pedagogical foundation for decisions about and use of technology within the curriculum.
