 Modern Library

Adopting a microhistory approach, *Fair and Unfair Trials in the British Isles, 1800-1940* provides an in-depth examination of the evolution of the modern justice system. Drawing upon criminal cases and trials from England, Scotland, and Ireland, the book examines the errors, procedural systems, and the ways in which adverse influences of social and cultural forces impacted upon individual instances of justice. The book investigates several case studies of both justice and injustice which prompted the development of forensic toxicology, the implementation of state propaganda and an increased interest in press sensationalism. One such case study considers the trial of William Sheen, who was prosecuted and later acquitted of the murder of his infant child at the Old Baily in 1827, an extraordinary miscarriage of justice that prompted outrage amongst the general public. Other case studies include trials for treason, theft, obscenity and blasphemy. Nash and Kilday root each of these cases within their relevant historical, cultural, and political contexts, highlighting changing attitudes to popular culture, public criticism, protest and activism as significant factors in the transformation of the criminal trial and the British judicial system as a whole. Drawing upon a wealth of primary sources, including legal records, newspaper articles and photographs, this book provides a unique insight into the evolution of modern criminal justice in Britain.

Into the Abyss of War and Exile, 1900-1941 The November Criminals

The book edition of *Constitutions of the World from the late 18th Century to the middle of the 19th Century* is the most complete and academically thorough collection of its kind. It contains constitutional documents from all over the world, written from 1776 to the end of the year 1849. This collection includes about 1,600 constitutions, amendments, human rights declarations, and draughts of constitutions that never came into force, from this period. These early constitutional documents were collected and examined in archives and libraries all over the world, as part of a project by the Deutsche Forschungsgemeinschaft (German Research Foundation). Using the original documents, experts from American and European universities reconstructed the authentic constitution texts for each country, and annotated them in their respective original languages. Each volume contains a short introduction, a main part with the edited constitution documents of a country, comments and an index. The unique value of the complete edition lies in its making all constitutions, from the early phase of modern constitutionalism, accessible in a reliable,

authentic text version for the first time. These constitutions were widely scattered until now and, in many cases, unknown. In all, constitutional documents from about 50 countries in Europe and the Americas will be published in volumes for each country. *Constitutions of the World from the late 18th Century to the Middle of the 19th Century* is a unique and fundamental source edition and an extensive documentation of constitutional history. At the same time, it supplements the microfiche edition *Constitutions of the World 1850 to the Present*. The editor, Horst Dippel, is Professor of British and North American History at the University of Kassel, Germany.

Bulletin English Edition Simon and Schuster

This final volume of John Röhl's acclaimed biography of Kaiser Wilhelm II reveals the Kaiser's central role in the origins of the First World War. The book examines the Kaiser's part in the Boer War, the Russo-Japanese War, the naval arms race with Britain and Germany's rivalry with the United States as well as in the crises over Morocco, Bosnia and Agadir. It also sheds new light on the public scandals which accompanied his reign from the allegations of homosexuality made against his intimate friends to the Daily Telegraph Affair. Above all, John Röhl scrutinises the mounting tension between Germany and Britain and the increasing pressure the Kaiser exerted on his Austro-Hungarian ally from 1912 onwards to resolve the Serbian problem. Following Germany's defeat and Wilhelm's enforced abdication, he charts the Kaiser's bitter experience of exile in Holland and his frustrated hopes that Hitler would restore him to the throne.

A Killing in November Basic Books

Selected by the Modern Library as one of the 100 best nonfiction books of all time From the Modern Library's new set of beautifully repackaged hardcover classics by Truman Capote—also available are *Breakfast at Tiffany's* and *Other Voices, Other Rooms* (in one volume), *Portraits and Observations*, and *The Complete Stories* Truman Capote's masterpiece, *In Cold Blood*, created a sensation when it was first published, serially, in *The New Yorker* in 1965. The intensively researched, atmospheric narrative of the lives of the Clutter family of Holcomb, Kansas, and of the two men, Richard Eugene Hickock and Perry Edward Smith, who brutally killed them on the night of November 15, 1959, is the seminal work of the "new journalism." Perry Smith is one of the great dark characters of American literature, full of contradictory emotions. "I thought he was a very nice gentleman," he says of Herb Clutter. "Soft-spoken. I thought so right up to the moment I cut his throat." Told in chapters that alternate between the Clutter household and the approach of Smith and Hickock in their black Chevrolet, then between the investigation of the case and the killers' flight, Capote's account is so detailed that the reader comes to feel almost like a participant in the events.

Harper Collins

Contemporary fantasy meets true crime when schools of ancient sorcery go up against the art of the long con in this stunningly entertaining debut fantasy novel. Mike Wood is satisfied just being a guy with broad shoulders at a decidedly unprestigious Catholic school in Manhattan. But on the dirty streets of New York City he's an everyman with a moral code who is unafraid of violence. And when Mike is unwittingly recruited into a secret cell of magicians by a fellow student, Mike's role as a steadfast soldier begins. These magicians don't use ritualized rote to work their magic, they use willpower in their clandestine war with the establishment: The Assholes.

[Nuremberg 14 November 1945-1 October 1946. English Edition](#) Simon and Schuster

THE POSTHUMOUS MASTERWORK FROM "ONE OF THE GREATEST AND MOST INFLUENTIAL MODERN WRITERS" (JAMES WOOD, THE NEW YORK TIMES BOOK REVIEW) Composed in the last years of Roberto Bolaño's life, *2666* was greeted across Europe and Latin America as his highest achievement, surpassing even his previous work in its strangeness, beauty, and scope. Its throng of unforgettable characters includes academics and convicts, an

American sportswriter, an elusive German novelist, and a teenage student and her widowed, mentally unstable father. Their lives intersect in the urban sprawl of SantaTeresa—a fictional Juárez—on the U.S.-Mexico border, where hundreds of young factory workers, in the novel as in life, have disappeared.

Crime Must Pay the Penalty #12 Crown Forum

Collects and analyzes seventy years of communist crimes that offer details on Kim Sung's Korea, Vietnam under "Uncle Ho," and Cuba under Castro.

The Sunday Times Crime Book of the Month Oswaal Books and Learning Private Limited

One by one, the guests arrived at the mansion on Indian Island, summoned by a mysterious host. And one by one, with terrifying meticulousness, they were stalked by a cunning murderer. Utterly baffling...and yet there was a pattern, concealed in a nursery rhyme hanging over the fireplace.

An Imaginary Racism Walter de Gruyter

#1 NEW YORK TIMES BESTSELLER • More than one million copies sold! A "brilliant" (Lupita Nyong'o, *Time*), "poignant" (*Entertainment Weekly*), "soul-nourishing" (*USA Today*) memoir about coming of age during the twilight of apartheid "Noah's childhood stories are told with all the hilarity and intellect that characterizes his comedy, while illuminating a dark and brutal period in South Africa's history that must never be forgotten."—Esquire Winner of the Thurber Prize for American Humor and an NAACP Image Award • Named one of the best books of the year by *The New York Times*, *USA Today*, *San Francisco Chronicle*, *NPR*, *Esquire*, *Newsday*, and *Booklist* Trevor Noah's unlikely path from apartheid South Africa to the desk of *The Daily Show* began with a criminal act: his birth. Trevor was born to a white Swiss father and a black Xhosa mother at a time when such a union was punishable by five years in prison. Living proof of his parents' indiscretion, Trevor was kept mostly indoors for the earliest years of his life, bound by the extreme and often absurd measures his mother took to hide him from a government that could, at any moment, steal him away. Finally liberated by the end of South Africa's tyrannical white rule, Trevor and his mother set forth on a grand adventure, living openly and freely and embracing the opportunities won by a centuries-long struggle. Born a Crime is the story of a mischievous young boy who grows into a restless young man as he struggles to find himself in a world where he was never supposed to exist. It is also the story of that young man's relationship with his fearless, rebellious, and fervently religious mother—his teammate, a woman determined to save her son from the cycle of poverty, violence, and abuse that would ultimately threaten her own life. The stories collected here are by turns hilarious, dramatic, and deeply affecting. Whether subsisting on caterpillars for dinner during hard times, being thrown from a moving car during an attempted kidnapping, or just trying to survive the life-and-death pitfalls of dating in high school, Trevor illuminates his curious world with an incisive wit and unflinching honesty. His stories weave together to form a moving and searingly funny portrait of a boy making his way through a damaged world in a dangerous time, armed only with a keen sense of humor and a mother's unconventional, unconditional love.

Trial of the Major War Criminals Before the International Military Tribunal Calgary : Burroughs

The fateful blunder that radically altered the course of the twentieth century—and led to some of the most murderous dictators in history President Woodrow Wilson famously rallied the United States to enter World War I by saying the nation had a

duty to make "the world safe for democracy." But as historian Jim Powell demonstrates in this shocking reappraisal, Wilson actually made a horrible blunder by committing the United States to fight. Far from making the world safe for democracy, America's entry into the war opened the door to murderous tyrants and Communist rulers. No other president has had a hand—however unintentional—in so much destruction. That's why, Powell declares, "Wilson surely ranks as the worst president in American history." Wilson's War reveals the horrifying consequences of our twenty-eighth president's fateful decision to enter the fray in Europe. It led to millions of additional casualties in a war that had ground to a stalemate. And even more disturbing were the long-term consequences—consequences that played out well after Wilson's death. Powell convincingly demonstrates that America's armed forces enabled the Allies to win a decisive victory they would not otherwise have won—thus enabling them to impose the draconian surrender terms on Germany that paved the way for Adolf Hitler's rise to power. Powell also shows how Wilson's naiveté and poor strategy allowed the Bolsheviks to seize power in Russia. Given a boost by Woodrow Wilson, Lenin embarked on a reign of terror that continued under Joseph Stalin. The result of Wilson's blunder was seventy years of Soviet Communism, during which time the Communist government murdered some sixty million people. Just as Powell's FDR's Folly exploded the myths about Franklin Roosevelt and the New Deal, Wilson's War destroys the conventional image of Woodrow Wilson as a great "progressive" who showed how the United States can do good by intervening in the affairs of other nations. Jim Powell delivers a stunning reminder that we should focus less on a president's high-minded ideals and good intentions than on the consequences of his actions. A selection of the Conservative Book Club and American Compass

Mein Kampf Random House

The Crime of My Very Existence investigates a rarely considered yet critical dimension of anti-Semitism that was instrumental in the conception and perpetration of the Holocaust: the association of Jews with criminality. Drawing from a rich body of documentary evidence, including memoirs and little-studied photographs, Michael Berkowitz traces the myths and realities pertinent to the

discourse on "Jewish criminality" from the eighteenth century through the Weimar Republic, into the complex Nazi assault on the Jews, and extending into postwar Europe.

And Then There Were None One World

The 120 Days of Sodom is Sade's masterpiece. A still unsurpassed catalogue of sexual aberrations and the first systematic exploration of the psychopathology of sex, it was written during Sade's imprisonment and then lost after the storming of the Bastille in 1789. Later rediscovered, the manuscript remained unpublished until 1936 and is now introduced by Simone de Beauvoir's landmark essay, 'Must We Burn Sade?' Unique in its enduring capacity to shock and provoke, The 120 days of Sodom must stand as one of the most controversial books ever written

A Novel Harper Collins

Agatha Christie's most exotic murder mystery, reissued with a striking new cover designed to appeal to the latest generation of Agatha Christie fans and book lovers.

Hitler Independently Published

Crave presents the ultimate book boyfriend experience with this beautiful four-color illustrated edition of November 9, the unforgettable love story between a writer and his unexpected muse from the beloved #1 New York Times bestselling author, Colleen Hoover. Fallon meets Ben, an aspiring novelist, the day before her scheduled cross-country move. Their untimely attraction leads them to spend Fallon's last day in L.A. together, and her eventful life becomes the creative inspiration Ben has always sought for his novel. Over time and amidst the various relationships and tribulations of their own separate lives, they continue to meet on the same date every year. Until one day Fallon becomes unsure if Ben has been telling her the truth or fabricating a perfect reality for the sake of the ultimate plot twist. Can Ben's relationship with Fallon—and simultaneously his novel—be considered a love story if it ends in heartbreak?

Antiracist Writing Assessment Ecologies Peter Lang

Does a system of great powers necessarily imply a struggle for world primacy? Do great states merely hold onto what is theirs, or do they reach for more? Anthony D'Agostino offers a fascinating new answer to these questions through a fundamental reassessment of the international history of the first half of the twentieth century. From the spatial limits of a purely European great power politics the book looks out to the new horizon of world politics. From the time limits of 1914 to 1945 it considers the interface with nineteenth-century imperialism at one end and the impact of the world wars on the Cold War at the other. This is a global retelling of the expansion of Europe coming up against its limits in the most violent conflicts and explosive social movements yet known to history, the two world wars, the Great Depression, and the Russian and Chinese revolutions. *International Politics in the Era of the World Wars* Routledge In *Antiracist Writing Assessment Ecologies*, Asao B. Inoue theorizes classroom writing assessment as a complex system that is "more than" its interconnected elements. To explain how and why antiracist work in the writing classroom is vital to literacy learning, Inoue incorporates ideas about the white racial habitus that informs dominant discourses in the academy and other contexts.

Wilhelm II Harvard University Press

The series was designed in response to the research experiences accumulated by the Center for Research on Antisemitism of Berlin Technical University since 1982. The first two volumes presented normative thinking on the social and psychological mechanisms effective in antisemitism. The present volume
