a breeze and learning fun!
By implementing the
resources provided in this
book into your vocabulary
instruction, students will
learn to expand their
vocabularies by learning

how words are built from the roots up!
4th Grade Practice Making Connections Level 3 Teacher's Manual Skills and Strategies for Academic Reading Classroom Connections brings math, language arts, and science together around a common skill. This book for third graders covers nouns, verbs, adjectives, adverbs, sentences, cause and effect, multiplication, division, place value, fractions, geometry, graphing, and critical thinking. --The Classroom

Connections series provides math, language arts, and science practice for children in kindergarten to grade 3. Each page ties three subject areas together around a common skill, giving children a fresh way to look at important concepts. Children are also provided with extension activities, tips, and hints related to the skill to encourage additional learning and real-world application. Skills and Strategies for Academic Reading Cambridge University

Press
 The Academic Vocabulary Practice for third grade offers teachers 128-pages of practical ways to help students master essential academic vocabulary. It is aligned with Common Core State Standards and includes word lists of more than 200 domain-specific words, reproducible practice pages, game templates, a student dictionary, and an answer key. Additionally, a full set of vocabulary flash cards is available online. The Academic Vocabulary Practice series

for kindergarten through grade 5 supports literacy in the content areas of language arts, math, science, social studies, art, and technology. Each book offers systematic practice and usage of many of the academic and domain-specific words and phrases that students need to know to successfully complete work at grade level. There is also a Games and Suggestion section and game templates for small or whole group activities! The Student Dictionary pages are organized by

content area and support the activity pages in each section.

Students need high-quality, purposeful practice to improve reading comprehension. Developed for students in grade 6, Read and Succeed Comprehension features high-interest fiction and nonfiction passages that capture their interest, and focused standards-based activities that provide targeted practice opportunities. This effective full-color resource includes 65 passages, skill practice

pages, answer key, and a whiteboard-compatible Teacher Resource CD. 152pp.

Mathematics Teacher Created Materials

Each of the four levels comprises about 80 hours of class work, with additional time for the self-study work. The Teacher's Book contains all the pages from the Classroom Book, with interleaved teaching notes including optional activities to cater for different abilities. There is a video to accompany the Beginner, Pre-

intermediate and Intermediate levels. Each video contains eight stimulating and entertaining short programmes, as well as a booklet of photocopiable activities. Free test material is available in booklet and web format for Beginner and Pre-intermediate levels. Visit www.cambridge.org/elt/liu or contact your local Cambridge University Press representative.

Achieve High-Quality Mathematics Discourse

With Purposeful Talk Techniques Engaging students in high quality discourse is important for their conceptual learning, but successfully promoting such discourse in elementary classrooms—with attention to the needs of every learner—can be a challenge. Based on research, *Activating Math Talk* tackles this challenge by bringing 11 practical, math-specific, productive discourse techniques to the classroom. You will be guided through each technique with ·

Classroom examples spanning grades K–5 · Reflection moments to help you relate to your own instruction · Classroom vignettes that illustrate the techniques in action · Group discussion questions for engaging with colleagues
