## MOODY WALLS

### The Neutronium Alchemist The Temporal Void

In the distant future, corporations have become sustainable communities with their own militaries, and corporate goals have essentially replaced political ideology. On a youthful, rebellious impulse, Lawrence joined the military of a corporation that he now recognizes to be ruthless and exploitative. His only hope for escape is to earn enough money to buy his place in a better corporation. When his platoon is sent to a distant colony to quell a local resistance effort, it seems like a stroke of amazing fortune, and Lawrence plans to rob the colony of their fabled gemstone, the Fallen Dragon, to get the money he needs. However, he soon discovers that the Fallen Dragon is not a gemstone at all, but an alien life form that the local colonists have been protecting since it crashed in their area. Now, Lawrence has to decide if he will steal the alien to exploit the use of its inherent biotechnical processes -- which far exceed anything humans are capable of -- or if he will help the Resistance get the alien home.

### *The Confederation Handbook* Salvation Sequence

These commentaries are written with special attention to the needs and interests of theological students, but they will also be useful for students in upper-level college or university settings, as well as for pastors and other religious leaders. In addition to providing basic information about the New Testament texts and insights into their meanings, these commentaries are intended to exemplify the task and procedures of careful, critical biblical exegesis. In this volume Steven J. Kraftchick studies these two epistles in their late first century context and discusses their relevance to the contemporary Christian church. He discusses the importance of the insider/outsider language, the harsh polemical tone of both letters, and their reliance upon the Old Testament and both early Jewish and Greco-Roman thought. Kraftchick enables modern readers to find contemporary relevance in these difficult, ancient texts.

### **Pandora's Star and Judas Unchained** Banner of Truth

Humanity's complex relationship with technology spirals out of control in this first book of an all-new series from "the owner of the most powerful imagination in science fiction" (Ken Follett). "How far 'space opera' has come! The Old Masters of sci-fi would admire the scope and sweep of Salvation."—The Wall Street Journal In the year 2204, humanity is expanding into the wider galaxy in leaps and bounds. Cutting-edge technology of linked jump gates has rendered most forms of transportation—including starships—virtually obsolete. Every place on Earth, every distant planet humankind has settled, is now merely a step away from any other. All seems wonderful—until a crashed alien spaceship of unknown origin is found on a newly located world eighty-nine light-years from Earth, carrying a cargo as strange as it is horrifying. To assess the potential of the threat, a high-powered team is dispatched to investigate. But one of them may not be all they seem. . . . Bursting with tension and big ideas, Peter F. Hamilton's Salvation is the first book of an all-new series that highlights the inventiveness of an author at the top of his game. Praise for Salvation "[A] vast, intricate sci-fi showstopper . . . The journey grips just as hard as the reveal."—Daily Mail (U.K.) "Exciting, wildly imaginative and quite possibly Hamilton's best book to date."—SFX "Dynamic, multifaceted characters, strong mind-expanding concepts, and impressive flair for language [make Salvation a] rare celestial event. . . . One of Britain's bestselling sci-fi authors has launched an addictive new book as the initial stage of what is sure to be an intriguing new series called the Salvation Sequence."—SyFyWire "Peter Hamilton just keeps getting better and better with each book, more assured and more craftsmanly adroit, and more inventive. [Salvation is] a bravura performance from start to finish. . . . Hamilton is juggling chainsaws while simultaneously doing needlepoint over a shark tank. It's a virtuoso treat, and I for one can hardly wait for Salvation Lost."—Paul Di Filippo, Locus "Peter F. Hamilton is known as one of the world's greatest sci-fi writers for a reason. . . . Salvation is well worth the effort and a great introduction to some good old-fashioned space opera."—Fantasy Book Review

### **An Oral History as Told by Jon Stewart, the Correspondents, Staff and Guests** Penguin

Reviewers exhaust superlatives when it comes to the science fiction of Peter F. Hamilton. His complex and engaging novels, which span thousands of years—and light-years—are as intellectually stimulating as they are emotionally fulfilling. Now, with *The Dreaming Void*, the first volume in a trilogy set in the same far-future as his acclaimed Commonwealth saga, Hamilton has created his most ambitious and gripping space epic yet. The year is 3589, fifteen hundred years after Commonwealth forces barely staved off human extinction in a war against the alien Prime. Now an even greater danger has surfaced: a threat to the existence of the universe itself. At the very heart of the galaxy is the Void, a self-contained microuniverse that cannot be breached, cannot be destroyed, and cannot be stopped as it steadily expands in all directions, consuming everything in its path: planets, stars, civilizations. The Void has existed for untold millions of years. Even the oldest and most technologically advanced of the galaxy's sentient races, the Raiel, do not know its origin, its makers, or its purpose. But then Inigo, an astrophysicist studying the Void, begins dreaming of human beings who live within it. Inigo's dreams reveal a world in which thoughts become actions and dreams become reality. Inside the Void, Inigo sees paradise. Thanks to the gaiafield, a neural entanglement wired into most humans, Inigo's dreams are shared by hundreds of millions—and a religion, the Living Dream, is born, with Inigo as its prophet. But then he vanishes. Suddenly there is a new wave of dreams. Dreams broadcast by an unknown Second Dreamer serve as the inspiration for a massive Pilgrimage into the Void. But there is a chance that by attempting to enter the Void, the pilgrims will trigger a catastrophic expansion, an accelerated devourment phase that will swallow up thousands of worlds. And thus begins a desperate race to find Inigo and the mysterious Second Dreamer. Some seek to prevent the Pilgrimage; others to speed its progress—while within the Void, a supreme entity has turned its gaze, for the first time, outward. . . . BONUS: This edition includes an excerpt from Peter F. Hamilton's *The Temporal Void*.

### **The Secret Throne** Pan

The Night's Dawn Trilogy is one of the most triumphant works of

science fiction to appear in decades. Swiftly gathering a worldwide readership, this masterwork of cosmic imagination and storytelling brought to life an entire galaxy of diverse planets and astonishing civilizations. At the core is the Confederation, an assembly of human and alien colony worlds whose cultures, conflicts, and turmoil are described over a Timeline of nearly 600 years. "The Confederation Handbook" is Peter F. Hamilton's companion guide to the diverse elements in the massive universe he created. Including a full list of characters and their roles and, of course, details of the Timeline itself, this is a must-read for Hamilton's fans.

*Forever Peace* Chronicle of the Fallers

WALL STREET JOURNAL BESTSELLER • "An interstellar suspense thriller . . . sweeping in scope and emotional range."—San Antonio Express-News In the star-spanning civilization known as the Intersolar Commonwealth, twenty-three planets have fallen victim to the Prime, a technologically advanced alien species genetically hardwired to exterminate all other forms of life. But the Prime is not the only threat. The Starflyer, an alien with mind-control abilities impossible to detect or resist, has secretly infiltrated the Commonwealth and is sabotaging the war effort. Is the Starflyer an ally of the Prime, or has it orchestrated a fight to the death between the two species for its own advantage? Caught between two deadly enemies, the fractious Commonwealth must unite as never before. This will be humanity's finest hour—or its last gasp. Praise for Judas Unchained, the sequel to Pandora's Star "Bristles with the energy of golden age SF, but the style and characterizations are polished and modern."—SF Site "You're in for quite a ride."—The Santa Fe New Mexican "The reader is left breathless in amazement."—SFRevu

**1 and 2 Peter** Random House Digital, Inc.

Earning comparisons to such sci-fi/fantasy greats as Frank Herbert, Isaac Asimov, and George R. R. Martin, Peter F. Hamilton is a one-of-a-kind voice in space opera. His interstellar adventures are hugely ambitious, wildly entertaining, and philosophically stimulating. Now Hamilton's centuries-spanning Commonwealth Saga—the linked novels Pandora's Star and Judas Unchained—is available in one epic eBook bundle. Contains a thrilling preview of Peter F. Hamilton's upcoming novel, *The Abyss Beyond Dreams*, set in the same universe as the Commonwealth Saga. PANDORA'S STAR JUDAS UNCHAINED 2380. The Intersolar Commonwealth, a

sphere of stars, contains more than six hundred worlds interconnected by a web of transport "tunnels" known as wormholes. At the farthest edge of the Commonwealth, astronomer Dudley Bose observes the impossible: over one thousand light-years away, a star . . . disappears. Since the location is too distant to reach by wormhole, the Second Chance, a faster-than-light starship commanded by Wilson Kime, a five-times-rejuvenated ex-NASA pilot, is dispatched to learn what has occurred and whether it represents a threat. Opposed to the mission are the Guardians of Selfhood. Shortly after the journey begins, Kime wonders if the crew of the Second Chance has been infiltrated. But soon enough he will have other worries. Halfway across the galaxy, something truly incredible is waiting: a deadly discovery whose unleashing will threaten to destroy the Commonwealth . . . and humanity itself. Praise for the Commonwealth Saga Pandora's Star "Should be high on everyone's reading list . . . You won't be able to put it down."—Nancy Pearl, NPR "An imaginative and stunning tale of the perfect future threatened . . . a book of epic proportions not unlike Frank Herbert's *Dune* or Isaac Asimov's *Foundation* trilogy."—SFRevu "Recommended . . . A large cast of characters, each with his own story, brings depth and variety to this far-future saga."—Library Journal Judas Unchained "An interstellar suspense thriller . . . sweeping in scope and emotional range."—San Antonio Express-News "Hamilton tackles SF the way George R. R. Martin is tackling fantasy. . . . There's a sense of wonder here that's truly unchained."—SF Reviews "Richly satisfying . . . wonderfully imagined . . . Hamilton adroitly leaps from the struggles of one engaging, quirky character to another."—Publishers Weekly (starred review)

**The Temporal Void** Del Rey

Peter F. Hamilton has proven himself a modern master of epic space opera, carrying the tradition of far-future empire building begun by Heinlein and Asimov into the new millennium. But Hamilton is also a master of the short story, and when he tackles one of science fiction's most enduring themes—time travel—the result is as provocative as it is entertaining. It starts in 2007 with a break-in. The victim: Marcus Orthew, the financial and technological genius behind Orthanics, the computer company whose radical products have delivered a one-two punch to the industry, all but knocking PCs and Macs out of the ring. The

perpetrator: a man obsessed with Orthew. Just another simple case of celebrity stalking—or so everyone assumes at first, including Metropolitan Police Chief Detective David Lanson. But when Lanson interviews the suspect, he makes a startling claim: Orthew is from the future. Or, rather, a future—a parallel timeline. Thus begins the ride of a lifetime for Lanson, as his pursuit of the facts tumbles him headlong down a rabbit hole—and the hunter finds himself hunted.

*The Temporal Void* Pan Macmillan

In the last few years, 9/11, a tsunami, Hurricane Katrina, and many other tragedies have shown us that the vision of God in today's churches in relation to evil and suffering is often frivolous. Against the overwhelming weight and seriousness of the Bible, many Christians are choosing to become more shallow, more entertainment-oriented, and therefore irrelevant in the face of massive suffering. In *Suffering and the Sovereignty of God*, contributors John Piper, Joni Eareckson Tada, Steve Saint, Carl Ellis, David Powlison, Dustin Shramek, and Mark Talbot explore the many categories of God's sovereignty as evidenced in his Word. They urge readers to look to Christ, even in suffering, to find the greatest confidence, deepest comfort, and sweetest fellowship they have ever known.

**Fallen Dragon** Del Rey

BONUS: This edition contains Peter F. Hamilton's short story, *If At First...* Exposed as the Second Dreamer, Araminta has become the target of a galaxywide search by others equally determined to prevent—or facilitate—the pilgrimage into the Void. An indestructible microuniverse, the Void may contain paradise, but it is also a deadly threat. For the reality that exists inside its boundaries demands energy drawn from planets, stars, galaxies—from everything that lives. Meanwhile, the story of Edeard, the Waterwalker, continues to unfold. With time running out, Inigo, the First Dreamer, must decide whether to release Edeard's dangerous final dream. And Araminta must choose whether to run from her responsibilities or face them down, with no guarantee of success or survival. But all these choices may be for naught if the leader of a rival faction enters the Void. For it is not paradise she seeks there, but dominion.

*The Abyss Beyond Dreams* Del Rey

The first volume in the *Chronicles of the Fallers*, *The Abyss Beyond Dreams* by Peter F. Hamilton is an exceptional novel

exploring the mystery at the heart of the Commonwealth Universe. To save their civilization, he must destroy it. When a so-called prophet sees visions of a lost civilization, Nigel Sheldon is asked to investigate. Especially as these dreams seem to be coming from the Void – a mysterious area of space with hugely destructive capabilities. Then Nigel crash-lands inside the Void, and finds so much more than he expected. *Bienvenido*: a planet populated by survivors from long-vanished Commonwealth ships. For centuries their decedents have been fighting a desperate battle against the Fallers, space-born predators that have evolved to conquer worlds. And Nigel soon realizes that the Fallers hold the key to the destruction of the Void itself. If he can survive long enough to find it . . . 'Huge cast, enormous canvas, big ideas – mega in every way' – Daily Mail Continue the adventure with the second in the duology, *Night Without Stars*.

#### Salvation Lost Aspect

With refreshing determination and hopeful grit, humanity activates a bold endgame against an alien invasion in the finale of a series heralded as “a modern classic” (Stephen Baxter) from “one of the finest writers the genre has produced” (Gareth L. Powell). Humanity is struggling to hold out against a hostile takeover by an alien race that claims to be on a religious mission to bring all sentient life to its God at the End of Time. But while billions of cocooned humans fill the holds of the Olyix’s deadly arkships, humankind is playing an even longer game than the aliens may have anticipated. From an ultra-secret spy mission to one of the grandest battles ever seen, no strategy is off the table. Will a plan millennia in the making finally be enough to defeat this seemingly unstoppable enemy? And what secrets are the Olyix truly hiding in their most zealously protected stronghold? With his trademark optimism about humanity’s tenacity and capacity for greatness, Peter F. Hamilton wraps up this brilliant saga with a bang—and reminds us why freedom of choice is the most important freedom there is.

#### Salvation Del Rey

NAMED ONE OF THE BEST BOOKS OF THE YEAR BY PUBLISHERS WEEKLY New York Times bestselling author Peter F. Hamilton’s riveting new thriller combines the nail-biting suspense of a serial-killer investigation with clear-eyed scientific and social extrapolation to create a future that seems not merely plausible but inevitable. A century from now, thanks to a technology

allowing instantaneous travel across light-years, humanity has solved its energy shortages, cleaned up the environment, and created far-flung colony worlds. The keys to this empire belong to the powerful North family—composed of successive generations of clones. Yet these clones are not identical. For one thing, genetic errors have crept in with each generation. For another, the original three clone “brothers” have gone their separate ways, and the branches of the family are now friendly rivals more than allies. Or maybe not so friendly. At least that’s what the murder of a North clone in the English city of Newcastle suggests to Detective Sidney Hurst. Sid is a solid investigator who’d like nothing better than to hand off this hot potato of a case. The way he figures it, whether he solves the crime or not, he’ll make enough enemies to ruin his career. Yet Sid’s case is about to take an unexpected turn: because the circumstances of the murder bear an uncanny resemblance to a killing that took place years ago on the planet St. Libra, where a North clone and his entire household were slaughtered in cold blood. The convicted slayer, Angela Tramel, has always claimed her innocence. And now it seems she may have been right. Because only the St. Libra killer could have committed the Newcastle crime. Problem is, Angela also claims that the murderer was an alien monster. Now Sid must navigate through a Byzantine minefield of competing interests within the police department and the world’s political and economic elite . . . all the while hunting down a brutal killer poised to strike again. And on St. Libra, Angela, newly released from prison, joins a mission to hunt down the elusive alien, only to learn that the line between hunter and hunted is a thin one. **BONUS:** This edition includes an excerpt from Peter F. Hamilton’s *The Abyss Beyond Dreams*. Praise for *Great North Road* “A mesmerizing page-turner.”—Publishers Weekly (starred review) “A gripping saga that blends wilderness survival, police procedural, political and social intrigue, and dynastic sf into a mammoth tale featuring believable characters and exceptionally skilled storytelling.”—Library Journal (starred review) “A perfect introduction to [Hamilton’s] gifts for character design, dialogue, and sheer, big-idea-driven storytelling.”—Booklist (starred review) “Compelling and original . . . an awesome novel [with] plenty of action.”—SFRevu “One very compelling and entertaining science fiction novel.”—SF Site “Simply brilliant . . . an astonishing achievement.”—Tor.com

#### **The Reality Dysfunction** Del Rey

*The Temporal Void* by Peter F. Hamilton is the second book in the incredibly successful Void Trilogy. set in the Commonwealth Universe. Humanity is in turmoil as a fanatical cult, inspired by projected dreams from the Void, prepares to journey beyond its boundaries - no matter what they will unleash in doing so . . . Investigator Paula Myo is determined to find the Void's 'Second Dreamer', Araminta, who is channelling the latest visions of Edeard the Waterwalker. A messiah, it's his crusade against injustice that has influenced billions to risk journeying into the unknown. It's only as the dreams reach their culmination and Edeard's story nears its end that the Void's true nature will be revealed. And by then it may be too late . . . The story of the Commonwealth Universe continues with: *The Evolutionary Void: The Void Trilogy 3 The Abyss Beyond Dreams: Chronicle of the Fallers 1 Night Without Stars: Chronicle of the Fallers 2 The Nano Flower Pan 2043 A.D.: The Ngumi War* rages. A burned-out soldier and his scientist lover discover a secret that could put the universe back to square one. And it is not terrifying. It is tempting...

#### **The Naked God** Del Rey

Araminta becomes the target of a galaxywide search by a government agent seeking to prevent the pilgrimage of a cult into the heart of the Void, while Edeard, the Waterwalker, finds himself faced with powerful new enemies.

#### *The Dreaming Void: the Void Trilogy 1* Brazos Press

A veteran of Gulf War II, telepath Greg Mandel enters the high-tech world of computer crime, zero-gravity smuggling, and artificial intelligence when an elusive saboteur threatens a powerful organization and the very future of humankind. Reprint. *Judas Unchained* Aspect

Telepathic investigator Greg Mandel delves into the origins of a mysterious flower delivered to Julia Evans, owner of Event Horizon, that possesses genes millions of years in advance of terrestrial DNA.

#### The Nano Flower Orbit

All the best in humanity rises to meet a powerful alien threat in the sequel to *Salvation*--part of an all-new trilogy from "the owner of the most powerful imagination in science fiction" (Ken Follett). The comparative utopia of twenty-third-century Earth is about to go dreadfully awry when a seemingly benign alien race is abruptly

revealed to be one of the worst threats humanity has ever faced. Driven by an intense religious extremism, the Olyix are determined to bring everyone to their version of God as they see it. But they may have met their match in humanity, who are not about to go gently into that good night or spend the rest of their days cowering in hiding. As human ingenuity and determination rise to the challenge, collective humanity has only one goal--to wipe this apparently undefeatable enemy from the face of

creation. Even if it means playing a ridiculously long game indeed. But in a chaotic universe, it is hard to plan for every eventuality, and it is always darkest before the dawn.

#### **An Exposition of 1 & 2 Peter** Del Rey

This addition to the well-received Brazos Theological Commentary on the Bible offers a theological exegesis of 1 & 2 Peter. This commentary, like each in the series, is designed to serve the church--through aid in preaching, teaching, study groups, and so

forth--and demonstrate the continuing intellectual and practical viability of theological interpretation of the Bible. "The Brazos Theological Commentary exists to provide an accessible authority so that the preacher's application will be a ready bandage for all the hurts of life. The Brazos Commentary offers just the right level of light to make illuminating the word the joy it was meant to be."--Calvin Miller, author of A Hunger for the Holy and Loving God Up Close
