The exam paper is mainly computational and requires you to demonstrate that you can compute income tax, corporation tax, VAT, capital gains tax and national insurance. Paper F6 deals with the taxation of individuals as well as with the taxation of businesses. Practice, practice, practice. The key to passing paper F6 FA2008 is to practise as many exam standard questions as possible. BPP Learning Media's practice and revision kit allows you to do just this. Most of our questions are exam standard, although some are preparation questions which ease you into the topic you are studying. Questions are grouped into topic areas so that you can easily identify those that cover particular areas. Our detailed solutions often provide top tips, advice on how to approach the question or advice on gaining easy marks. There is also a reference so that you know where the topics concerned are covered in the study text. Where a question is a past exam question we reproduce any relevant examiner comments for you.
