Farmer Fred never smiled much. "Farmin' is serious business," he'd say. "Nothin' funny about corn." And so life on his farm was pretty serious. None of the animals laughed or even smiled. But everyone has to laugh sometimes, including Farmer Fed. The animals try everything to get him to smile: dancing by the light of the moon in Farmer Fred's clothes, singing chickens, sheep disguised in sunglasses and mustaches. Nothing works and finally the animals decide to leave Serious Farm in search of a more cheerful place to chuckle and graze. Will the animals find a livelier home, and will Farmer Fred ever lighten up?

Turning dreams into inventions can be a challenge, but lots of kids do it every day. The Kids' Invention Book takes kids step-by-step through the

creative process, from finding the inspiration to building a model. The book also includes information on applying for a patent, entering invention contests, and starting an inventors' club.

Harcourt Language Storytown Ride the Edge Theme 3 Grade 5Teacher EditionLiving DowntownThe History of Residential Hotels in the United States "Mit dose kids, society is nix!" So said the Inspector about the Katzenjammer kids, but he could have been speaking of all comic strips in their formative years at the turn of the last century. From the very first color Sunday supplement, comics were a driving force in newspaper sales, even though their crude and often offensive content placed them in a whirl of controversy. Sunday comics presented a wild parody of the world and the culture that surrounded them. Society didn't stand a chance. These are the origins of the American comic strip, born at a time when there were no set styles or formats, when artistic anarchy helped spawn a new medium. Here are the earliest offerings from known greats like R. F. Outcault, George McManus, Winsor McCay, and George Herriman, along with the creations of more than fifty other superb cartoonists; over 150 Sunday comics dating from 1895 to 1915.

Follow two abolitionists who fought one of the most shockingly persistent evils of the world: human trafficking and sexual exploitation of slaves. Told

in alternating chapters from perspectives spanning more than a century apart, read the riveting 19th century first-hand account of Harriet Jacobs and the modern-day eyewitness account of Timothy Ballard. Harriet Jacobs was an African-American, born into slavery in North Carolina in 1813. She thwarted the sexual advances of her master for years until she escaped and hid in the attic crawl space of her grandmother's house for seven years before escaping north to freedom. She published an autobiography of her life, *Incidents in the Life of a Slave Girl*, which was one of the first open discussions about sexual abuse endured by slave women. She was an active abolitionist, associated with Frederick Douglass, and, during the Civil War, used her celebrity to raise money for black refugees. After the war, she worked to improve the conditions of newly-freed slaves. As a former Special Agent for the Department of Homeland Security who has seen the horrors and carnage of war, Timothy Ballard founded a modern-day "underground railroad" which has rescued hundreds of children from being fully enslaved, abused, or trafficked in third-world countries. His story includes the rescue and his eventual adoption of two young siblings--Mia and Marky, who were born in Haiti. Section 2 features the lives of five abolitionists, a mix of heroes from past to present, who call us to action and teach us life lessons based on their own experiences: Harriet Tubman--The "Conductor"; Abraham Lincoln--the "Great Emancipator"; Little Mia--the sister who saved her little brother; Guesno Mardy--the Haitian father who lost his son to slave traders; and Harriet Jacobs--a teacher for us all.

Saving Endangered Sea Turtles Princeton Review

Richard gets frustrated by most of Mr. Best's assignments, but this latest one is the worst. He has to write a composition about a proverb that illustrates something that has happened in his life. And as if that isn't bad enough, Mr. Best has told him he needs to find his "writing voice." While working on the assignment, Richard finds his voice in more ways than one. He discovers that being himself makes a big difference in his writing and in his life.

Pamela Gillilan was born in London in 1918, married in 1948 and moved to Cornwall in 1951. When she sat down to write her poem *Come Away* after the death of her husband David, she had written no poems for a quarter of a century. Then came a sequence of incredibly moving elegies. Other poems followed, and two years after starting to write again, she won the Cheltenham Festival poetry competition. Her first collection *That Winter* (Bloodaxe, 1986) was shortlisted for the Commonwealth Poetry Prize.

"...profoundly moving..." -Publishers Weekly Nelson Mandela's two great-grandchildren ask their grandmother, Mandela's youngest daughter, 15 questions about their granddad - the global icon of peace and forgiveness who spent 27 years in prison. They learn that he was a freedom fighter who put down his weapons for the sake of peace, and who then became the President of South Africa and a Nobel Peace Prize-winner, and realise that they can continue his legacy in the world today. Seen through a child's perspective, and authored jointly by Nelson Mandela's great-grandchildren and daughter, this amazing story is told as never before to celebrate what would have been Nelson's Mandela 100th birthday.

Trina Robbins has spent the last thirty years recording the accomplishments of a century of women cartoonists, and *Pretty in Ink* is her ultimate book, a revised, updated and rewritten history of women cartoonists, with more color illustrations than ever before, and with some startling new discoveries (such as a Native American woman cartoonist from the 1940s who was also a Corporal in the women's army, and the revelation that a cartoonist included in all of Robbins's previous histories was a man!) In the pages of *Pretty in Ink* you'll find new photos and correspondence from cartoonists

Ethel Hays and Edwina Dumm, and the true story of Golden Age comic book star Lily Renee, as intriguing as the comics she drew. Although the comics profession was dominated by men, there were far more women working in the profession throughout the 20th century than other histories indicate, and they have flourished in the 21st. Robbins not only documents the increasing relevance of women throughout the 20th century, with mainstream creators such as Ramona Fradon and Dale Messick and alternative cartoonists such as Lynda Barry, Carol Tyler, and Phoebe Gloeckner, but the latest generation of women cartoonists—Megan Kelso, Cathy Malkasian, Linda Medley, and Lilli Carré, among many others. Robbins is the preeminent historian of women comic artists; forget her previous histories: *Pretty in Ink* is her most comprehensive volume to date.

Despite his importance and influence, jazz musician, educator, and community leader Horace Tapscott remains relatively unknown to most Americans. In *Songs of the Unsung* Tapscott shares his life story, recalling his childhood in Houston, moving with his family to Los Angeles in 1943, learning music, and his early professional career. He describes forming the Pan Afrikan Peoples Arkestra in 1961 and later the Union of God's Musicians and Artists Ascension to preserve African American music and serve the community. Tapscott also recounts his interactions with the Black Panthers and law enforcement, the Watts riots, his work in Hollywood movie studios, and stories about his famous musician-activist friends. *Songs of the Unsung* is the captivating story of one of America's most unassuming heroes as well as the story of L.A.'s cultural and political evolution over the last half of the twentieth century.

Society Is Nix Fantagraphics Books

In an age of skepticism and disenchantment, people long for something that satisfies our mind's search for truth and our heart's desire for beauty and meaning. *Stand Firm: Apologetics and the Brilliance of the Gospel* argues that the gospel satisfies both of these needs. It is true and rational, but it is also inherently attractive and provides meaning and purpose. In short, the gospel is brilliant. It is brilliant, in one sense, because of the broad variety of evidences for its truth. But it is also brilliant given its beauty, goodness and the meaningful life it offers. The book provides up to date responses to questions about the existence of God, the reliability of the Bible, Jesus and the resurrection, and the problem of evil. It also treats unique topics such as understanding truth, knowledge and faith, the claims of alternate faiths, religious disagreement, etc. Each chapter attempts to connect these considerations with the gospel so that we may stand firm in our faith.

Nothing Ever Happens on 90th Street Houghton Mifflin Harcourt

From battling toothaches while fighting the British, to having rotten teeth removed by his dentists, the Father of His Country suffered all his life with tooth problems. Yet, contrary to popular belief, he never had a set of wooden teeth. Starting at the age of twenty-four, George Washington lost on average a tooth a year, and by the time he was elected president, he had only two left! In this reverentially funny tale written in verse and based on Washington's letters, diaries, and other historical records, readers will find out what really happened as they follow the trail of lost teeth to complete toothlessness. Illustrated in watercolors with subtle humor by Brock Cole, the main story is followed by a four-page time line featuring reproduced period portraits of Washington.
