*Standard for Fire Officer Professional Qualifications 2014*  
 Research & Education Assn  
 Formerly known as the Study Guide, the Exam Prep provides a self-study student resource for certification level Firefighter I & II. The review materials are color coded and divided into certification levels I & II. Page references to the Essentials of Fire Fighting text are provided to assist with review and remediation.  
*AAOS Essentials of Musculoskeletal Care* Wadsworth Publishing Company  
 Writing in a humorous conversational style, Chief Alan Brunacini explains the application of common-sense customer service concepts to the fire service. Essentials of Fire Department Customer Service is basic reading for every firefighter, officer, and administrator.  
**Exam Prep** Jones & Bartlett Publishers  
 This text deals with the basics of wildland and forest firefighting. It has been totally revised and is now in full color.  
*Fundamentals of Fire Fighter Skills* Fire Protection Publication

The 1st edition of Structural Fire Fighting: Initial Strategy and Tactics is intended to provide fire personnel with the knowledge needed to deploy resources in the first 10 minutes of any structural fire incident. The manual is designed to help the reader develop a logical decision-making process for determining incident priorities, strategies, and tactics regardless of the available resources or configuration of the emergency services organization. Scenarios for residential, commercial, and special hazard incidents are included with recommended best practices and considerations. Training officers can use these scenarios, modified to local resources and realities, to develop classroom discussions or field simulations. This manual is a companion to Structural Fire Fighting: Truck Company Skills and Tactics, 2nd edition and the soon to be released Structural Fire Fighting: High Rise Fire Fighting. Each chapter of the manual contains learning objectives, key terms, and review questions to assist the reader in understanding the material.

### **NFPA 1001 Standard for Fire Fighter Professional Qualifications**

Jones & Bartlett Publishers  
 This guide follows Performance Training Systems, Inc.'s Systematic Approach to Examination Preparation, which teaches test-taking strategies and includes the same type of multiple-

choice questions you are likely to encounter on the actual exam. Norman Hall's Firefighter Exam Preparation Book Delmar Pub Designed to compliment classroom instruction to help the student remediation on key concepts and learning objectives. The workbook contains a variety of question types, including: multiple choice, matching, true/false, fill in the blank, and picture identification.

**Firefighter's Handbook** Jones & Bartlett Publishers

This textbook matches the course outline and objectives identified by the National Fire Academy's Fire and Emergency Services Higher Education (FESHE) committee for the Building Construction for Fire Protection core course. This new 3rd edition provides the reader with basic instruction about how buildings are designed and constructed and how this relates to emergency operations. In addition to basic construction principles, a new emphasis is placed on firefighter safety, newer types of construction that may be difficult to identify, and green construction principles. This edition is illustrated with new drawings and photos, case histories that emphasize real-life safety principles, key terms, and review questions. Fire inspectors, preincident planners, fireground commanders, investigators, and firefighters will all find useful and valuable information in this new edition.

*Municipal fire service workbook* Simon and Schuster

"Apply the 2014 NFPA 1021 Standard to ensure fire officers are ready to take command! New technologies, operating procedures, information management strategies, and many other factors impact today's fire service leaders. Fire officers must be prepared to address multiple challenges on the fireground, at the station, and in the community. Make sure personnel are ready to take command with up-to-date Job Performance Requirements (JPRs) in the 2014 NFPA 1021: Standard for Fire Officer Professional Qualifications. NFPA 1021 specifically identifies four levels of progression: Fire Officer Level I (supervisory); Fire Officer Level II (supervisory and managerial); Fire Officer Level III (managerial/administrative); Fire Officer Level IV (administrative)." -- provided by publisher.

*A Skills Approach, Fifth Canadian Edition* Prentice Hall

Contains an illustrated guide to firefighting, and includes information on hazardous materials, terrorism, and the requirements for passing the Firefighter I and II, and complies with the 2002 standards for firefighting professionals.

*Firefighter's Handbook on Wildland Firefighting* Independently Published

Essentials of Fire Fighting and Fire Department Operations Pearson

*Study Guide for Jurmain, Nelson, Kilgore, and Trevathan's*

*Introduction to Physical Anthropology* Jones & Bartlett Publishers Chapter-by-chapter resources for the student, including learning objective outlines, fill-in-the-blank chapter outlines, key terms, and extensive opportunities for self-quizzing.

International Fire Service Training Assn

Essentials of Musculoskeletal Care, Enhanced Fifth Edition is a robust educational resource focused on how to evaluate and manage common musculoskeletal conditions. This text is used for immediate, point-of-care guidance in decision making and intervention and is a powerful educational product for many health professions dealing with the care of the musculoskeletal system. The easy-to-understand content and crisp presentation appeal to health care professionals and students. It is also a powerful tool to help educate patients regarding conditions and treatment.

Exam Prep for Essentials of Firefighting Prentice Hall

This version includes all 21 chapters of *Essentials of Fire Fighting*, 6th Edition and adds three chapters written and validated to meet the emergency medical and hazardous materials requirements of NFPA® 1001, 2013 Edition. Chapter 22 specifically addresses the Firefighter I and Firefighter II knowledge and skills requirements for the emergency medical care competencies identified in NFPA® 1001, 2013 Edition Chapter 4. Chapters 23 and 24 meet the First Responder Awareness and Operations Levels for Responders according to NFPA® 472: Standard for Competence of Responders to Hazardous Materials/Weapons of Mass Destruction Incidents, 2012 Edition and OSHA 1910.120. The chapters also provide validated content to meet Section 6.6, Mission-Specific Competencies: Product Control, of NFPA® 472. The hazardous materials information is adapted from the IFSTA Hazardous Materials for First Responders, 4th Edition.

*Essentials of Fire Fighting* Pearson

The Second Edition of *Exam Prep: Hazardous Materials Awareness and Operations* is designed to thoroughly prepare you for a Hazardous Materials certification, promotion, or training examination by including the same type of multiple-choice questions you are likely to encounter on the actual exam. To help improve examination scores, this preparation guide follows Performance Training Systems, Inc.'s Systematic Approach to Examination Preparation. *Exam Prep: Hazardous Materials Awareness and Operations* is written by fire personnel explicitly for fire personnel, and all content has been verified with the latest reference materials and by a technical review committee. Your exam performance will improve after using this system!

**Principles and Practice** Fire Protection Publication  
*Fire Service Technical Search and Rescue*, 8th Edition is a primary training text for Level I Rescuers according to NFPA® 1006. The manual presents the knowledge and skills for fire service search and technical rescue for Level I Rescuers to safely and effectively conduct Operations-level rescues as defined in NFPA® 1006. The book also supports the corresponding chapters of NFPA® 1670, Standard on Operations and Training for Technical Search and Rescue Incidents (2014 Edition). According to NFPA® 1670, an Operations Level Rescuer is able to participate in more complex search and rescue incidents under the supervision of a Rescue Technician. This NEW training manual focuses on Operations-level situations most common for firefighters and rescue squad members. Technician-level information has been included to provide Operations-level fire/rescue personnel with the background information needed to effectively support complex technical rescue operations. A firefighter or rescue squad member will find the knowledge and

skills in this manual, to safely and effectively perform basic search and rescue operations under appropriate supervision. Curriculum USB Flash Drive is now available. This customizable curriculum includes lesson plans for the instructor complete with learning objectives, lesson outlines and assignment sheets. PowerPoint® visuals, skill sheets, quizzes and clip art are also included in the curriculum.

Exam Prep: Hazardous Materials Awareness and Operations  
International Fire Service Training Assn

Getting promoted in the fire service is not an easy process. Many people have that desire to promote, but for whatever reason

cannot put the pieces together to make it a reality. Over the 20 plus years I have been in the fire service, I have had the opportunity to be on both sides of the promotional process - as a candidate, and as a rater and proctor. This book will assist fire department personnel specifically prepare for their next promotional exam. Promotional candidates will be exposed to and offered key points for the most common tasks and events within a fire department promotional process including, but not limited to: promotional preparation, completing the application, resume preparation, the written exam, the oral interview, the personnel problem, the oral presentation, and the emergency simulation.
