The Fifth Edition of A History of the Roman People
continues to provide a comprehensive analytical survey of Roman history from its prehistoric roots in Italy and the wider Mediterranean world to the dissolution of

the Roman Empire in Late Antiquity in A.D. 600. Clearly organized and highly readable, the text's narrative of major political and military events provides a chronological and conceptual framework for the social, economic, and cultural developments of the periods covered. Major topics are treated separately so that students can easily grasp key concepts and ideas.

Mean Girls Magnets Disney Electronic Content Dental disease has long been recognized to have serious negative impact on the health of canine and feline patients. Exotic pet veterinarians are now recognizing the importance of dentistry in their patients as well. The Rabbit and Rodent Dentistry Handbook is the first and only comprehensive text on rabbit and rodent dentistry, and is an invaluable reference for veterinarians with a commitment to oral care for all common species. This manual shows how to identify and treat the most common dental disorders in rabbits, guinea pigs, chinchillas, rats, prairie dogs, hamsters and other rodents. Step-by-step procedures illustrate how to resolve dental disorders and perform other dental techniques; over 1000 full color images make this an easy-to-use guide for delivering quality dental care to rabbits and rodents.

Any sprawl worth its mettle has its dark corners, its forgotten places, its spots that are just as wild and untamed as the deepest rainforest. Seattle, the prime metropolplex in the world for shadowrunnin

g, is filled with such places, and Sprawl Wilds gives shadowrunner s a chance to tour them. From a fortress-like Barrens farm recovering from a mysterious attack to a dark secret hidden in a clinic, runners have a chance to see the sites most people never encounter, and uncover information that some people want to stay secret at any cost. They'll meet jaded smugglers, wary police

officers, passionate activists, hardened criminals, wounded warriors, and at least one deranged killer. The questions are, will they survive long enough to collect a paycheck and how much of the sprawl will be nothing more than dust when they're done with it? Sprawl Wilds is a collection of Shadowrun Missions developed for major summer gaming conventions. These

adventures have been adapted for both Shadowrun, Twentieth Anniversary Edition and Shadowrun, Fifth Edition, and they provide hours of shadowrunning goodness for experienced street veterans and new shadowrunners alike. With complete game information, including NPC stats, these adventures are poised to plunge players into urban chaos! Son of Truth

The complete works of one of England's greatest Edwardian writers Saki is perhaps the most graceful spokesman for England's 'Golden Afternoon' - the slow and peaceful years before the First World War. Although, like so many of his generation, he died tragically young, in action on the Western Front, his reputation as a writer continued to grow long after his death. His work is humorous,

satiric, supernatural, and macabre, highly individual, full of eccentric wit and unconventional situations. With his great gift as a social satirist of his contemporary upper-class Edwardian world, Saki is one of the few undisputed English masters of the short story and one of the great writers of a bygone era. For more than seventy years, Penguin has been the leading publisher of classic literature in

the English-speaking world. With more than 1,700 titles, Penguin Classics represents a global bookshelf of the best works throughout history and across genres and disciplines. Readers trust the series to provide authoritative texts enhanced by introductions and notes by distinguished scholars and contemporary authors, as well as up-to-date translations by award-winning

translators.
