Renewal Theology Saint Mary's Press
What is church's true foundation? Was the Christian church founded by Jesus, or does 'the Eucharist make the church'? Paul Avis sets out his own answer to these questions. Gathering a wide range of critical scholarship, he argues that there is something solid and dependable at the foundation of the church's life and mission. Avis argues that Jesus wanted a church in a sense, but not as we know it. Christ proclaimed the gospel of the Kingdom and his disciples proclaimed the gospel whose content was Jesus himself, the Kingdom in person. The church is battered and divided, but at its core is a treasure that is indestructible – the gospel of Christ, embodied in word and sacrament. A central theme of the book is the relationship between the church and Christ, the church and the gospel, the church and the Kingdom. Jesus Christ, crucified and risen, is the sole foundation of the church, but he cannot be without his people.

Revised Edition Thomas Nelson
Publishers

Twenty respected educators and authors examine the Pentecostal faith while addressing the strengths and weaknesses of various viewpoints. Chapters include: The Holy Trinity, The Saving Work of Christ, The Baptism in the Holy Spirit, Divine Healing, God's Inspired Word, The One True God, Spiritual Gifts, and other areas.

Works Gifts Gospel Publishing House
The theological work and vision of New Testament scholar N.T. Wright is justifiably well-known across the academy and the church. In this volume

a variety of Pentecostal biblical and theological scholars engage his work on many points including: identification of the broad implications of his work for Pentecostals (Jeffrey S. Lamp), Wright's view of Jesus' self-understanding (Chris E.W. Green), the pneumatological dimensions of his hermeneutical method (Timothy Senapatiratne), the relationship between Wright's view of justification and the 'Cry of the Spirit' (Rick Wadholm Jr), the relationship between justification and the Spirit (Frank D. Macchia), reading Paul through the lens of Dispensationalism (Glen W. Menzies), the communion of the Saints in Wright's eschatological perspective (Janet Meyer Everts), and the present mission of the church in the world (Jeffrey S. Lamp). The Preface to the book is offered by Amos Yong. The volume concludes with an extended response to these studies by N.T. Wright where he enters into constructive conversation with his Pentecostal dialogue partners, a conversation that is certain to continue. *Misreading Scripture with Individualist Eyes* Creation House
A unique comprehensive textbook of the distinctives of the Pentecostal movement.

Foundations of Pentecostal

Theology Wipf and Stock Publishers
Here, a team of award-winning teaching scholars has come together to create an introductory text that offers a truly unique and innovative contribution to the discipline of theological studies. This "first book" provides students of any religious tradition with the foundational skills, vocabulary, conceptual understanding, and research abilities that they need to succeed in theology and religious studies. Theological Foundations provides the following: Ten chapters that introduce the major sub-

disciplines of theology creating a well-rounded source for understanding the discipline as a whole Contributions that are clear, accessible, and steeped in content A strong basis for vigorous intellectual and personal exploration of life and our relation to God Flexibility that allows the instructor to assign readings in any order that fits his or her syllabus A one-of-a-kind, integrated library research component, "From the Reference Librarian," which teaches students the foundational skills needed for successful study in theology and in any academic discipline

Foundations of Pentecostal Theology

Baker Academic

Examines sixteen major Bible doctrines substantiated with numerous Scripture references. Topics include the inspired Scriptures, one true God, deity of the Lord Jesus Christ, divine healing, salvation of man, fall of man, baptism in the Holy Ghost, and new heavens and new earth.

Foundation for Pentecostal Apostolic Faith BRILL

Renewal Theology deals with the full range of Christian truth from within the charismatic tradition. Previously published as three separate volumes, Renewal Theology represents the first exhaustive, balanced articulation of charismatic theology. Renewal Theology discusses: Book One--God, the World, and Redemption - Book Two--Salvation, the Holy Spirit, and Christian Living - Book Three--The Church, the Kingdom, and Last Things. As theology, this work is an intellectual achievement. But it is much more than that. The author urges the church to undertake its task of theology in the proper spirit: - an attitude of prayer - a deepening sense of reverence - an ever-increasing purity of heart - a spirit of growing love - a

theological approach rooted in the glory of God. Done in such a spirit, theology becomes a faithful and powerful witness to the living God.

Zondervan

Only a few decades past, academia tended to scoff at the very idea of serious Pentecostal theology. Today profound and variegated theological implications of this dynamic movement are the object of exploration and development across the entire spectrum of the Christian theological corpus. Arguably, an acute need has arisen for identification and evaluation of the Pentecostal movement's original and ongoing theological "essentials." What is Pentecostal theology really all about anyway? This volume realizes that Pentecostal theology is at its heart a working theology undergirding and energizing believers' worship of God in prayer and praise, in holy living, and in witness to a personal experience of the risen Lord and Savior manifested in the continuing power of the Holy Spirit. Authentic implementation, if not explicit articulation, of fervent Pentecostal theology often occurs in the vitality of local churches, house fellowships, and various mission settings in America and around the world. Birthed in the fires of revival movements, essential Pentecostalism, including Pentecostal theology, continues to burn brightest wherever it is fueled most directly.

Towards a Pentecostal Ecological Theology Baker Academic

Through its strength in numbers and remarkable presence in politics, Pentecostalism has become a force to reckon with in twenty-first-century Zambian society. Yet, some fundamental questions in the study of Zambian Pentecostalism and politics remain largely unaddressed by African scholars.

Situated within an interdisciplinary perspective, this unique volume explores the challenge of continuity in the Zambian Pentecostal understanding and practice of spiritual power in relation to political engagement. Chammah J. Kaunda argues that the challenge of Pentecostal political imagination is found in the inculturation of spiritual power with political praxis. The result of this inculturation is that Zambian Pentecostals sacralize the political authority of state power through the charisma of the national president and other major political personalities. It has also contributed to the construction of Zambian Pentecostal leadership that is deified rather than leadership that is formed through the struggles and experiences of the marginalized and powerless. Kaunda argues that the solution does not lie either in desacralization of powers or the separation between the church and the state, but rather in rethinking the Christ event as a paradigm for the recovery of Pentecostalism's sociopolitical prophetic dynamism.

A Dogmatic Inquiry InterVarsity Press
Robert Menzies, writing in the lucid, moderate style for which he is well known, skillfully explains Pentecostal theology. His answer for the uncertain and the confused is a skillful melding of sound hermeneutics, solid exegesis, and heartfelt testimony. Pentecost demonstrates that the Pentecostal experience is by far the best twenty-first-century expression of Luke's distinctive vision of the Spirit-baptized church in mission. This book is a heartfelt invitation for all Christians to be open to a new filling of the Holy Spirit of Jesus so He can continue to do immeasurably more for and through mere human beings than any of us can

ask or even imagine!

The Theology of Amos Yong and the New Face of Pentecostal Scholarship BRILL

Explores the supernatural works experienced in the Early Church and defends the premise that the Bible is inspired Word of God.

Pentecost BRILL

In this book, African Christian theology is introduced as a Kpelelogical reflection about life in the context of Africa, which exists in the context of the cosmos. Kpelelogy is the ontological mode of being grasped by the agape of God in Christ by grace through faith in the power of the Holy Spirit. By this mode, African theology is introduced by way of a definition, a principle of paradox, and a description, as well as a critical view of the works of African theologians. It examines the issues of method, criteria, and sources of doing theology in Africa and introduces the method of Kpelelogy as an African theological method. This is explored further as a holistic theological method that is conscious of its being in existence, and its life in history, that is driven by faith in the triune God in a pneumatic experience that has been termed in this book as the Kpelelogical ontological mode. The book is ecumenical in view of its engagement with Christian tradition. It presents a Kpelelogical theology that is concretely African and universally Christian in the Okpelejen Wulormor—the cosmic Jesus Christ who is and was, but beyond the munus triplex (Priest, King and Prophet, threefold office of Jesus Christ) that is to come. Hence it is a theology which embraces elements of Reformed, Lutheran, Methodist, Pentecostal, Charismatic, Roman Catholic, and Eastern Orthodox theological insights in the African context.

Interpretations and Intersections NYU

Press

When you think of the Six Principles of the Doctrine of Christ, think of foundation, building blocks, knowledge, understanding, wisdom. Think of revelatory truth. The success of this book since its first publication underscored a genuine appetite for deep and revelatory knowledge about the right division of the Word concerning the gospel of Jesus Christ. With numerous voices around the belief in baptism and infilling of the Holy Spirit, it is needful to have scriptural understanding of these subjects.

A Simplified Road Map of Biblical Truth

Wipf and Stock Publishers

Pentecostal Theology and Ecumenical Theology: Interpretations, Intersections, and Inspirations is a collection of essays from both globally recognized and newer scholars on the complex relationship between Pentecostalism and the Ecumenical Movement.

Pentecostal Theology and Ecumenical Theology Bloomsbury Publishing

Pentecostals are often portrayed as emotional people who are driven largely by experience. In *Christ-Centered*, Menzies argues that this caricature misses the fact that Pentecostals are fundamentally "people of the book." Although Pentecostals encourage spiritual experience, they do so with a constant eye to Scripture. The Bible, and particularly the book of Acts, fosters and shapes pentecostal experience. Additionally, Pentecostals are defined by their emphasis on a personal relationship with Jesus Christ. At its heart, the pentecostal movement is not Spirit-centered, but rather Christ-centered. The work of the Spirit, as Pentecostals understand it, centers on exalting and bearing witness to the

Lordship of Christ. Menzies develops these themes by examining the origins, biblical foundations, and missional orientation of the modern pentecostal movement. He concludes that, in spite of contradictory messages from some in fundamentalist pews and the pentecostal academy, Pentecostals are and have always been solidly evangelical.

Pentecostalism as a Christian Mystical Tradition Zondervan

What is the meaning of the Holy Spirit's activity in Luke-Acts, and what are its implications for today? Roger Stronstad offers a cogent and thought-provoking study of Luke as a charismatic theologian whose understanding of the Spirit was shaped wholly by his understanding of Jesus and the nature of the early church. Stronstad locates Luke's pneumatology in the historical background of Judaism and views Luke as an independent theologian who makes a unique contribution to the pneumatology of the New Testament. This work challenges traditional Protestants to reexamine the impact of Pentecost and explores the Spirit's role in equipping God's people for the unfinished task of mission. The second edition has been revised and updated throughout and includes a new foreword by Mark Allan Powell.

Pentecostalism and the Possibility of Global Theology Wipf and Stock Publishers

Asia Pacific Pentecostalism, edited by Denise A. Austin, Jacqueline Grey, and Paul W. Lewis, yields previously untold stories and interdisciplinary analysis of pioneer foundations, denominational growth, leadership training, contextualisation, and community development across East Asia, Southeast Asia, and Oceania.

Wm. B. Eerdmans Publishing

In 2006, the contemporary American Pentecostal movement celebrated its 100th birthday. Over that time, its African American sector has been markedly influential, not only vis-à-vis other branches of Pentecostalism but also throughout the Christian church. Black Christians have been integrally involved in every aspect of the Pentecostal movement since its inception and have made significant contributions to its founding as well as the evolution of Pentecostal/charismatic styles of worship, preaching, music, engagement of social issues, and theology. Yet despite its being one of the fastest growing segments of the Black Church, Afro-Pentecostalism has not received the kind of critical attention it deserves. Afro-Pentecostalism brings together fourteen interdisciplinary scholars to examine different facets of the movement, including its early history, issues of gender, relations with other black denominations, intersections

with popular culture, and missionary activities, as well as the movement's distinctive theology. Bolstered by editorial introductions to each section, the chapters reflect on the state of the movement, chart its trajectories, discuss pertinent issues, and anticipate future developments. Contributors: Estrela Y. Alexander, Valerie C. Cooper, David D. Daniels III, Louis B. Gallien, Jr., Clarence E. Hardy III, Dale T. Irvin, Ogbu U. Kalu, Leonard Lovett, Cecil M. Robeck, Jr., Cheryl J. Sanders, Craig Scandrett-Leatherman, William C. Turner, Jr., Frederick L. Ware, and Amos Yong
