A classic work of nature and humanity, by renowned writer Peter Matthiessen (1927-2014), author of the National Book Award-winning *The Snow Leopard* and the new novel *In Paradise* Peter Matthiessen crisscrossed 20,000 miles of the South American wilderness, from the Amazon rain forests to Machu Picchu, high in the Andes, down to Tierra del Fuego and back. He followed the trails of old explorers, encountered river bandits, wild tribesmen, and the evidence of ancient ruins, and discovered fossils in the depths of the Peruvian jungle. Filled with observations and descriptions of the people and the fading wildlife of this vast world to the south, *The Cloud Forest* is his incisive, wry report of his expedition into some of the last and most exotic wild terrains in the world. For more than seventy years, Penguin has been the leading publisher of classic literature in the English-speaking world. With more than 1,700 titles, Penguin Classics represents a global bookshelf of the best works throughout history and across genres and disciplines. Readers trust the series to provide authoritative texts enhanced by introductions and notes by distinguished scholars and contemporary authors, as well as up-to-date translations by award-winning translators.

From the star of Discovery Channel's *Naked and Marooned* comes a riveting, adventurous account of one man's history-making journey along the entire length of the Amazon—and through the most

bio-diverse habitat on Earth. Fans of *Turn Right at Machu Picchu* and readers of Jon Krakauer and Bill Bryson and will revel in Ed Stafford's extraordinary prose and lush descriptions. In April 2008, Ed Stafford set off to become the first man ever to walk the entire length of the Amazon. He started on the Pacific coast of Peru, crossed the Andes Mountain range to find the official source of the river. His journey led on through parts of Colombia and right across Brazil; all while outwitting dangerous animals, machete-wielding indigenous people as well as negotiating injuries, weather and his own fears and doubts. Yet, Stafford was undeterred. On his grueling 860-day, 4,000-plus mile journey, Stafford witnessed the devastation of deforestation firsthand, the pressure on tribes due to loss of habitats as well as nature in its true-raw form. Jaw-dropping from start to finish, *Walking the Amazon* is the unforgettable and gripping story of an unprecedented adventure. *Walking the Amazon* is also available as a Spanish edition entitled *Caminado El Amazonas*.
