A NEW YORK TIMES BESTSELLER Roma Downey—best known as the beloved angel on the TV show *Touched by an Angel*—“has created a beautiful and personal testimony to the presence of God in our lives and our world” (Most Reverend José H. Gomez, Archbishop of Los Angeles). Ever since she was a little girl, Roma has seen butterflies as a reminder of God’s presence. They have appeared to her in moments when she needed encouragement, reminding her that she is not alone. In this deeply personal book, Roma shares stories from her life, alongside quotes, poems, scripture, and artwork that she prays will uplift you as they have her. Reminiscent of the message of her popular television series, *Touched by an Angel*, this book’s central theme is that there is a God, He loves you, and that even in your most difficult moments, He is by your side. The subtle butterfly theme reminds us that the wonder of God’s love and kindness is sometimes reflected in the gentle whispers of His creation and that we all have the power to transform from simple caterpillars into exquisite butterflies. This inspirational book invites you to return to its pages again and again, as life brings new challenges, or you find yourself in need of new inspiration. *Box of Butterflies* “will touch you and move you and strengthen you” (Kathie Lee Gifford).

Warning -- this book contains top-secret information about butterflies! Prepare to be shocked and grossed out by this hilarious and totally true picture book introduction to a fascinating insect. Butterflies are beautiful and quiet and gentle and sparkly . . . but that's not the whole truth. Butterflies can be GROSS. And one butterfly in particular is here to let everyone know! Talking directly to the reader, a monarch butterfly reveals how its kind is so much more than what we think. Did you know some butterflies enjoy feasting on dead animals, rotten fruit, tears and even poop? Some butterflies are loud, like the Cracker butterfly. Some are stinky -- the smell scares predators away. Butterflies can be sneaky, like the ones who pretend to be ants to get free babysitting. This hilarious and refreshing book with silly and sweet illustrations explores the science of butterflies and shows that these insects are not the stereotypically cutesy critters we often think they are -- they are fascinating, disgusting, complicated and amazing creatures.

Flitter, Flutter Butterfly—written by Sandra Rye Baggett—is an illustrated children's book that includes material suitable for children of all ages. The inspiration for Sandra's book came from her five-year-old granddaughter who asked her to write a butterfly song. Sandra sang the song with her grandchildren for years and used it as part of a unit for her kindergarten classes. The book provides an integrated learning experience for children, inspiring inquiry through the study of nature. Activities are included to help parents and teachers adapt to the child's learning style. Some of the experiences provided include —questions to practice observation skills, —the life cycle of the butterfly, —journal pages allowing the child to chart butterflies/moths seen in the wild, —music to accompany the butterfly song, and —art activities. Nancy Vinson Nave, retired art teacher, beautifully illustrates the book. Sandra and Nancy were childhood classmates, and they taught in the same school system. It is their hope that parents and teachers will enjoy sharing this book with young children as much as they have enjoyed creating it.

Detectives Jeppe Kørner and Anette Werner from the #1 international bestseller *The Tenant*—which New York Times bestselling author Kathy Reichs heralded as a “stunning debut”—return in this compulsively readable thriller as they race to solve a series of sordid murders linked to some of the most vulnerable patients in a Danish hospital. Hospitals are supposed to be places of healing. But in the coronary care unit at one of Copenhagen’s leading medical centers, a nurse fills a syringe with an overdose of heart medication and stealthily enters the room of an older male patient. Six days earlier, a paperboy on his route in central Copenhagen stumbles upon a macabre find: the naked body of a dead woman, lying in a fountain with arms marked with small incisions. Cause of death? Exsanguination—the draining of all the blood in her body. Clearly, this is no ordinary murder. Lead Investigator Jeppe Kørner, recovering from a painful divorce and in the throes of a new relationship, takes on the investigation. His partner, Anette Werner, now on maternity leave after an unexpected pregnancy, is restless at home with a demanding newborn and an equally demanding husband. While Jeppe pounds the streets looking for answers, Anette decides to do a little freelance sleuthing. But operating on her own exposes her to dangers she can’t even begin to fathom. As the investigation ventures into dark corners, it uncovers the ambition and greed that festers beneath the surface of caregiving institutions—all the more shocking for their depravity—and what Jeppe and Anette discover will turn their blood as cold as ice....
