GLOVER MARITZA

PMP Exam Prep NavPress

A review for the book from another world renown author. Rita Mulcahy, PMP, is an author, consultant and member of the Project Management Institute's Risk Management Special Interest Group. Either through frustration at the lack of good, practical risk management reference materials, or because she is bubbling over with ideas on the subject,

Rita has written a comprehensive book: "Risk Management - Tricks of the Trade? for Project Managers." The book is structured according to the Institute's view of project risk management and is therefore supportive of the Project Management Professional certification exam. It even has a 50-question Final Exam in the certification examination mode. However, Rita's book is much more than that. It provides a very clear and down-to-earth explanation of what project risk management is all about. I was particularly pleased to see an

emphasis on things going right (opportunities enhancement) as well as going wrong (risks). The book is lavishly endowed with bulleted lists of explanation for rapid absorption of content by busy project people. It also has very practical quick-read "Tricks of the Trade" sidebars (e.g. How to interview an expert), check lists, charts, forms and how to use them with worked examples. It is even topped off with quiz games to make it a fun encounter. For University instructors and training workshop leaders there are plenty of "Questions for discussion". In an appendix there is a long list of potential risks, their cause and effect in various industries. No doubt that list has been culled from the brainstorming efforts of many of Rita's workshop attendees over

the years. Still, I could not help but empathize with chagrin the construction risk-cause entry "Local politicians, unruly elements, etc." Well said! Armed with this book, there should be no excuse any longer for anyone to declare that they don't know how to apply risk management to their projects, however large or small their projects may be. Nor should there be any question of how to get started or even why they should get started and when. The real benefit of the book is that it demonstrates very clearly that project risk management does not have to be difficult, nor academically challenging. I have always held that project risk management is really very simple. When you are gearing up for your next project, the best advice I can give is "Don't leave home without it!" R. Max

Prepare for the PMP certification exam in a unique and inspiring way with Head First PMP. The second edition of this book provides 100% coverage of the latest principles and certification objectives offered in The PMBOK Guide, 4th edition, with a visually rich format is designed for the way your brain works. You'll find a full-length sample exam included inside the book. Using the latest research in neurobiology, cognitive science, and learning theory, Head First PMP offers you a multi-sensory experience that helps the material stick, not a text-heavy approach that puts you to sleep. You get a thorough and effective preparation guide

with hundreds of practice questions and exam strategies, along with puzzles, games, problems, and exercises that make learning easy and entertaining. More than just passing a test, a PMP certification means that you have the knowledge to solve most common project problems, but studying for a difficult four-hour exam on project management isn't easy, even for experienced project managers. The book teaches underlying concepts so that you can understand the PMBOK principles and pass the certification exam with flying colors. Head First PMP puts project management principles into context to help you understand, remember, and apply them -- not just on the exam, but also on the job.
PMP Exam Prep Book RMC Publications

To support the broadening spectrum of project delivery approaches, PMI is offering A Guide to the Project Management Body of Knowledge (PMBOK® Guide) – Sixth Edition as a bundle with its latest, the Agile Practice Guide. The PMBOK® Guide – Sixth Edition now contains detailed information about agile; while the Agile Practice Guide, created in partnership with Agile Alliance®, serves as a bridge to connect waterfall and agile. Together they are a powerful tool for project managers. The PMBOK® Guide – Sixth Edition – PMI's flagship publication has been updated to reflect the latest good practices in project management. New to the Sixth Edition, each knowledge area will contain a section entitled Approaches for Agile, Iterative and

Adaptive Environments, describing how these practices integrate in project settings. It will also contain more emphasis on strategic and business knowledge—including discussion of project management business documents—and information on the PMI Talent Triangle™ and the essential skills for success in today's market. Agile Practice Guide has been developed as a resource to understand, evaluate, and use agile and hybrid agile approaches. This practice guide provides guidance on when, where, and how to apply agile approaches and provides practical tools for practitioners and organizations wanting to increase agility. This practice guide is aligned with other PMI standards, including A Guide to the Project Management Body of Knowledge

(PMBOK® Guide) – Sixth Edition, and was developed as the result of collaboration between the Project Management Institute and the Agile Alliance.

Rita Mulcahy's Hot Topics "O'Reilly Media, Inc."

This is the only comprehensive guide to getting ready to pass the Project Management Professional (PMP(R)) Certification Exam. This third edition is current and complete with 60 more pages and over 600 changes from the last edition. Tells you what to study and how to study and helps increase your confidence. This book has been selected by Project Management Institute (PMI(R)) for their only PMP review class in 1999 and by many PMI chapters for the chapter PMP review classes.

PM Crash Course McGraw Hill Professional

Passing the exam is no easy task, no matter how many books or videos you study. You will need to take exam like questions in order to be prepared for the real test. This book will give you the

exam like experience you need in order to pass the actual exam on your first try. Almost all PMP exam questions are scenarios, which will test your ability to choose the best answer. The questions in this book are mostly scenarios and are formatted just like the actual exam. They will test your skills and knowledge of selecting the best answer. All questions comes with a detail explanations of why a choice was correct and why the others were wrong.

Practice Standard for Project Risk Management Ingram

Project Management Institute

Now updated for the 2021 PMP Exam

What will you learn from this book? Head First PMP teaches you the latest principles and certification objectives in The PMBOK® Guide in a unique and inspiring way. This updated fourth edition takes you beyond specific questions and answers with a unique visual format that helps you grasp the big picture of project management. By putting PMP concepts into context, you'll be able to understand, remember, and apply them -- not just on the exam, but

on the job. No wonder so many people have used Head First PMP as their sole source for passing the PMP exam. This book will help you: Learn PMP's underlying concepts to help you understand the PMBOK principles and pass the certification exam with flying colors Get 100% coverage of the latest principles and certification objectives in The PMBOK® Guide, Sixth Edition Make use of a thorough and effective preparation guide with hundreds of practice questions and exam strategies Explore the material through puzzles, games, problems, and exercises that make learning easy and entertaining Why does this book look so different? Based on the latest research in cognitive science and learning theory, Head First PMP uses a visually rich format to

engage your mind, rather than a text-heavy approach that puts you to sleep. Why waste your time struggling with new concepts? This multi-sensory learning experience is designed for the way your brain really works.

PMI-ACP Exam Prep Project Management Institute

Do you want to earn the #1 Certification for Project Management globally? Are you in possession of numerous resources yet clueless on how you could organise yourself to be fully prepared to take on the PMP exam? Does the thought of attempting the PMP exam scare you?

Roji Abraham, a successful project manager in a \$4 Billion firm, a certified PMP, and an MBA graduate from one of Europe's best business schools, writes in his unique style about his 30 day journey

to PMP certification and gives step-by-step guidance on how you could effectively utilise your time while preparing for the exam. 'Be a PMP ace in 30 days' isn't a full-fledged guide with a truckload of information on each section but rather, a companion book, that shows you, how in 30 days, you could use your resources effectively, and be ready for the PMP exam and succeed. That too, without having to take even a day off from work! Here's what you get from this book that will oversee your personal journey to PMP certification: 1. Guidance on the necessary tools and resources you need while preparing for the PMP exam and how to use them effectively. 2. Website links to a downloadable weekly calendar with suggested daily and hourly schedules for

covering each topic and reviewing them effectively over 30 days 3. Website link to a print-friendly downloadable process chart 4. Key notes for each day that highlights the most important topics for that day. 5. Information on some great free/budget online resources 6. Useful tips for the exam day. 7. Five interviews

with successful PMP candidates, from around the globe, with their suggestions on how to conquer the PMP exam.
