HODGES JOHNSON

The Book Thief Delacorte Press

In this twisty psychological thriller from the New York Times bestselling author of *The Girl Before*, an actress plays both sides of a murder investigation. “[A] rich, nuanced, highly literary take on the *Gone Girl* theme.”—Booklist (starred review) Claire Wright is desperate. A British drama student in New York without a green card, she takes the only job she can get: working for a firm of divorce lawyers, posing as an easy pickup in hotel bars to entrap straying husbands. But then the game changes. When one of her targets becomes the suspect in a murder investigation, the police ask Claire to use her acting chops to lure him into a confession. From the start, she questions the part she’s being asked to play: Is Patrick Fogler a killer? Or is there more to this setup than she’s being told? Claire will soon realize she is playing the deadliest role of her life. Praise for *Believe Me* “For readers who enjoyed the paranoia factor in A. J. Finn’s *The Woman in the Window* or the unreliable narrator of Paula Hawkins’s *The Girl on the Train*.”—Library Journal “Produces a bobsled run’s worth of twists.” —Publishers Weekly “An intense, stylish psychological thriller.”—Good Housekeeping “A dark and haunting thriller . . . A superb evocation of conflicted emotions, this never lets you guess what’s coming next.”—Daily Mail “I so enjoyed it—what a twisty, exciting read.”—Sabine Durrant, author of *Lie With Me*

Bookouture

An NPR Book Concierge Best Book of 2018! A Sunday Times of London Pick of the Paperbacks A stunning story about how power works in the modern age--the book the New York Times called "one helluva page-turner" and The Sunday Times of London celebrated as "riveting...an astonishing modern media conspiracy that is a fantastic read." Pick up the book everyone is talking about. In 2007, a short blogpost on Valleywag, the Silicon Valley-vertical of Gawker Media, outed PayPal founder and billionaire investor Peter Thiel as gay. Thiel's sexuality had been known to close friends and family, but he didn't consider himself a public figure, and believed the information was private. This post would be the *casus belli* for a meticulously plotted conspiracy that would end nearly a decade later with a \$140 million dollar judgment against Gawker, its bankruptcy and with Nick Denton, Gawker's CEO and founder, out of a job. Only later would the world learn that Gawker's demise was not incidental--it had been masterminded by Thiel. For years, Thiel had searched endlessly for a solution to what he'd come to call the "Gawker Problem." When an unmarked envelope delivered an illegally recorded sex tape of Hogan with his best friend's wife, Gawker had seen the chance for millions of pageviews and to say the things that others were afraid to say. Thiel saw their publication of the tape as the opportunity he was looking for. He would come to pit Hogan against Gawker in a multi-year proxy war through the Florida legal system, while Gawker remained confidently convinced they would prevail as they had over so many other lawsuit--until it was too late. The verdict would stun the world and so would Peter's ultimate unmasking as the man who had set it all in motion. Why had he done this? How had no one discovered it? What would this mean--for the First Amendment? For privacy? For culture? In Holiday's masterful telling of this nearly unbelievable conspiracy, informed by interviews with all the key players, this case transcends the narrative of how one billionaire took down a media empire or the current state of the free press. It's a study in power, strategy, and one of the most wildly ambitious--and

successful--secret plots in recent memory. Some will cheer Gawker's destruction and others will lament it, but after reading these pages--and seeing the access the author was given--no one will deny that there is something ruthless and brilliant about Peter Thiel's shocking attempt to shake up the world.

An insightful look at how to succeed by going against the crowd Collectively, people think and act in ways that are different from how they think and act as individuals. Understanding these differences, says William (Bill) Bonner-a longtime maverick observer of the financial world and the vagaries of the investing public-is vital to preserving your wealth and personal dignity. From the witch-hunts of the early modern world to the war on terror, from dot-com mania to the real estate bubble, people have always been caught up in frauds, conceits, and wild guesses-often with devastating results. In *Mobs, Messiahs, and Markets*, Bonner and coauthor Lila Rajiva show groupthink at work in an improbable array of instances throughout history and reveal why swimming against the current pays. Shares the deeper secrets of investing and pushes you to question what this means for your financial well-being Explains why people so often abandon good sense and good behavior to "follow the crowd" Offers concrete advice on how you can avoid the "public spectacle" of modern finance The authors' cautionary tale of bubble economies reveals how the gush of credit let loose by Alan Greenspan has wreaked havoc on our lives-but their thoughtful and always entertaining approach also offers some sound investing principles for avoiding the pitfalls of the public spectacle, thinking for yourself, and protecting your money, your sanity, and your soul.

Roger Angell, the acclaimed New Yorker writer and editor, steps up with a selection of writings that celebrate a view from the tenth decade of an engaged, vibrant life. Whether it's a Fourth of July in rural Maine, the opening game of the 2015 World Series, editorial exchanges with John Updike, a letter to a son, or his award-winning essay on aging, "This Old Man," what links the pieces is Angell's unique perceptions and humor, his utter absence of self-pity, and his appreciation of friends and colleagues encountered over a fruitful career unlike any other.

Trust Me is the chilling standalone novel of psychological suspense and manipulation that award-winning author and renowned investigative reporter Hank Phillippi Ryan was born to write. CAN YOU SPOT THE LIAR? An accused killer insists she's innocent of a heinous murder. A grieving journalist surfaces from the wreckage of her shattered life. Their unlikely alliance leads to a dangerous cat and mouse game that will leave you breathless. Who can you trust when you can't trust yourself? "Grief and deception are at the helm of Hank Phillippi Ryan's latest thriller, *Trust Me*, in which a crime writer and an accused criminal's lives collide, as they come to discover that no one can be trusted, not even oneself. The tension mounts at a blistering pace, while Ryan dazzles on page, weaving a sinister story that readers won't be able to put down. A must read!"--New York Times bestselling author Mary Kubica At the Publisher's request, this title is being sold without Digital Rights Management Software (DRM) applied.

An influential economist challenges popular opinions about the superiority of locally grown and expensive foods, demonstrating how to eat responsibly without submitting to fashion-driven trends. By the author of the best-selling e-book, *The Great Stagnation*. 35,000 first printing.

[Powering America Beyond the Age of the Great Stagnation](#) Vintage Canada

"The quintessential novel of boxing and corruption." (USA Today). "Toro" Molina certainly looks the part. He's built like the Minotaur, but few would guess at the fear consuming the Argentine farmer and former circus performer after he's brought to the United States to be the next heavyweight champion of the world. The problem is that Molina can't box at all. But monstrous fight promoter Nick Latka fixes every fight on the way to the championship, and builds Toro's renown with the help of cynical sports journalist Ed Lewis and a host of lackeys. First published in 1947, *The Harder They Fall* stands as a powerful exposé of professional boxing by one of the sport's true poet laureates. This ebook features an illustrated biography of Budd Schulberg including rare images and never-before-seen documents from the author's estate.

Want more Julep Dupree? Read this all-new 64-page digital novella told from Julep's point of view. Julep Dupree is a lot of things--fixer, grifter, master of disguise. But one thing she isn't is okay. Dealing with the emotional aftermath of the death of someone close to her is proving difficult, especially for someone who isn't supposed to care. Then a friend of a friend hires Julep's team to stop a cadre of cyber bullies, forcing Julep to run an impossible con. Nothing Julep has been through could possibly have prepared her for the truth behind the bullying, or for the demons she'll have to face to save her friends. Down to the Liar also features a teaser to *Trust Me, I'm Trouble!*

[Edward Snowden, the Man and the Theft](#) Delacorte Press

Standing at that magical place where sand meets sea, you likely have imagined putting a message in a bottle, consigning it to the waves, hoping it might some day reach another shore, and then not only be read but, incredibly across space and time, make a difference in other lives now connected to your own. It has happened to me, and I must sing of it. In the autumn of 1966 I let the waves carry off a poem--passed around to students, family and friends, no need for even my name on it. Its message was simple: Keep heart, you are not alone; love, stronger than strong walls, will come, helping your heart in hiding grow wings, feeble perhaps at first, but wings! Word astoundingly began to come back in 1969, and has continued since, that "Please Hear What I'm Not Saying" was indeed reaching other shores, across space and time was indeed making a difference in other lives. What follows attests to the power of words from the heart to touch other hearts, sometimes even to change other lives. Read on. You, too,

will sing of it.

A psychologist with a reputation for penetrating to the heart of complex parenting issues joins forces with a physician and bestselling author to tackle one of the most disturbing and misunderstood trends of our time -- peers replacing parents in the lives of our children. Dr. Neufeld has dubbed this phenomenon peer orientation, which refers to the tendency of children and youth to look to their peers for direction: for a sense of right and wrong, for values, identity and codes of behaviour. But peer orientation undermines family cohesion, poisons the school atmosphere, and fosters an aggressively hostile and sexualized youth culture. It provides a powerful explanation for schoolyard bullying and youth violence; its effects are painfully evident in the context of teenage gangs and criminal activity, in tragedies such as in Littleton, Colorado; Tabor, Alberta and Victoria, B.C. It is an escalating trend that has never been adequately described or contested until *Hold On to Your Kids*. Once understood, it becomes self-evident -- as do the solutions. *Hold On to Your Kids* will restore parenting to its natural intuitive basis and the parent-child relationship to its rightful preeminence. The concepts, principles and practical advice contained in *Hold On to Your Kids* will empower parents to satisfy their children's inborn need to find direction by turning towards a source of authority, contact and warmth. Something has changed. One can sense it, one can feel it, just not find the words for it. Children are not quite the same as we remember being. They seem less likely to take their cues from adults, less inclined to please those in charge, less afraid of getting into trouble. Parenting, too, seems to have changed. Our parents seemed more confident, more certain of themselves and had more impact on us, for better or for worse. For many, parenting does not feel natural. Adults through the ages have complained about children being less respectful of their elders and more difficult to manage than preceding generations, but could it be that this time it is for real? -- from *Hold On to Your Kids*

[How Drug Companies Mislead Doctors and Harm Patients](#) Simon and Schuster

A bestselling modern classic--both poignant and funny--narrated by a fifteen year old autistic savant obsessed with Sherlock Holmes, this dazzling novel weaves together an old-fashioned mystery, a contemporary coming-of-age story, and a fascinating excursion into a mind incapable of processing emotions. Christopher John Francis Boone knows all the countries of the world and their capitals and every prime number up to 7,057. Although gifted with a superbly logical brain, Christopher is autistic. Everyday interactions and admonishments have little meaning for him. At fifteen, Christopher's carefully constructed world falls apart when he finds his neighbour's dog Wellington impaled on a garden fork, and he is initially blamed for the killing. Christopher decides that he will track down the real killer, and turns to his favourite fictional character, the impeccably logical Sherlock Holmes, for inspiration. But the investigation leads him down some unexpected paths and ultimately brings him face to face with the dissolution of his parents' marriage. As Christopher tries to deal with the crisis within his own family, the narrative draws readers into the workings of Christopher's mind. And herein lies the key to the brilliance of Mark Haddon's choice of narrator: The most wrenching of emotional moments are chronicled by a boy who cannot fathom emotions. The effect is dazzling, making for one of the freshest debut in years: a comedy, a tearjerker, a mystery story, a novel of exceptional literary merit that is great fun to read.

A NEW YORK TIMES BESTSELLER "Remarkable." --Andrew Solomon, The New York Times Book Review "At once a rigorous work of scholarship and a radical act of empathy."--Esquire "A ray of light into those isolated cocoons of darkness that, at one time or another, may afflict us all." --The Wall Street Journal "Essential."--The Boston Globe A landmark exploration of one of the most consequential and mysterious issues of our time: the rise of chronic illness and autoimmune diseases A silent epidemic of chronic illnesses afflicts tens of millions of Americans: these are diseases that are poorly understood, frequently marginalized, and can go undiagnosed and unrecognized altogether. Renowned writer Meghan O'Rourke delivers a revelatory investigation into this elusive category of "invisible" illness that encompasses autoimmune diseases, post-treatment Lyme disease syndrome, and now long COVID, synthesizing the personal and the universal to help all of us through this new frontier. Drawing on her own medical experiences as well as a decade of interviews with doctors, patients, researchers, and public health experts, O'Rourke traces the history of Western definitions of illness, and reveals how inherited ideas of cause, diagnosis, and treatment have led us to ignore a host of hard-to-understand medical conditions, ones that resist easy description or simple cures. And as America faces this health crisis of extraordinary proportions, the populations most likely to be neglected by our institutions include women, the working class, and people of color. Blending lyricism and erudition, candor and empathy, O'Rourke brings together her deep and disparate talents and roles as critic, journalist, poet, teacher, and patient, synthesizing the personal and universal into one monumental project arguing for a seismic shift in our approach to disease. The Invisible Kingdom offers hope for the sick, solace and insight for their loved ones, and a radical new understanding of our bodies and our health.

[Sometimes I Lie](#) John Wiley & Sons

Argues that doctors are deliberately misinformed by profit-seeking pharmaceutical companies that casually withhold information about drug efficacy and side effects, explaining the process of pharmaceutical data manipulation and its global consequences. By the best-selling author of *Bad Science*.

[Ask a Manager](#) Penguin

My name is Amber Reynolds. There are three things you should know about me: 1. I'm in a coma. 2. My husband doesn't love me anymore. 3.

Sometimes I lie. Amber wakes up in a hospital. She can't move. She can't speak. She can't open her eyes. She can hear everyone around her, but they have no idea. Amber doesn't remember what happened, but she has a suspicion her husband had something to do with it. Alternating between her paralyzed present, the week before her accident, and a series of childhood diaries from twenty years ago, this brilliant psychological thriller asks: Is something really a lie if you believe it's the truth?

Written in his traditional homespun style, Beckwith offers doses of humour and pithy knowledge to anyone who wants to seal the deal and thrive in business.

The Invisible Kingdom Penguin

Fans of Ally Carter's Heist Society novels will love this teen mystery/thriller with sarcastic wit, a hint of romance, and Ocean's Eleven-inspired action. Julep Dupree tells lies. A lot of them. She's a con artist, a master of disguise, and a sophomore at Chicago's swanky St. Agatha High, where her father, an old-school grifter with a weakness for the ponies, sends her to so she can learn to mingle with the upper crust. For extra spending money Julep doesn't rely on her dad—she runs petty scams for her classmates while dodging the dean of students and maintaining an A+ (okay, A-) average. But when she comes home one day to a ransacked apartment and her father gone, Julep's carefully laid plans for an expenses-paid golden ticket to Yale start to unravel. Even with help from St. Agatha's resident Prince Charming, Tyler Richland, and her loyal hacker sidekick, Sam, Julep struggles to trace her dad's trail of clues through a maze of creepy stalkers, hit attempts, family secrets, and worse, the threat of foster care. With everything she has at stake, Julep's in way over her head . . . but that's not going to stop her from using every trick in the book to find her dad before his mark finds her. Because that would be criminal. "A sexy love triangle and madcap mystery . . . I loved this book." —Jennifer Echols, author of *Dirty Little Secret* One of TeenVogue's 15 Most Exciting YA Books of 2014 One of PopCrush's 10 Most Anticipated YA Books "Julep isn't just another high schooler beset by the usual drama of boys and academia. Nope—she also happens to be a con artist and master of disguise, which comes in mighty handy when her father mysteriously disappears. Determined, she delves into the underbelly of Chicago to find him (bringing a bunch of fresh plot lines and unexpected twists along the way)." --teenVogue.com "Summer creates a standout character in Julep. She lies and cheats with so much confidence and skill that readers will cheer her on, but she also adheres to her own strict moral code. . . . A memorable debut; here's hoping for a lot more from Summer."—Kirkus Reviews "Entertaining."—Publishers Weekly "Well-paced, well-plotted."—The Bulletin of the Center for Children's Books *You, Inc.* HarperCollins

The sequel to TRUST ME, I'M LYING "An irresistible mix of intrigue, high stakes, and self-discovery." —Lee Kelly, author of *City of Savages* LITTLE SECRETS. Staying out of trouble isn't possible for Julep Dupree. She has managed not to get kicked out of her private school, even though everyone knows she's responsible for taking down a human-trafficking mob boss—and getting St. Agatha's golden-boy Tyler killed in the process. Running cons holds her guilty conscience at bay, but unfortunately, someone wants Julep to pay for her mistakes . . . with her life. BIG LIES. Against her better judgment, Julep takes a shady case that requires her to infiltrate a secretive organization that her long-gone mother and the enigmatic blue fairy may be connected to. Her best friend, Sam, isn't around to stop her, and Dani, her one true confidante, happens to be a nineteen-year-old mob enforcer whose moral compass is as questionable as Julep's. But there's not much time to worry about right and wrong—or to save your falling heart—when there's a contract on your head. Murders, heists, secrets and lies, hit men and hidden identities . . . If Julep doesn't watch her back, it's her funeral. No lie. "I would trust Julep Dupree with my life, Dani Ivanov with my heart—and Mary Elizabeth Summer with my every late-night can't-stop-reading session. An intelligent, fierce heroine of strength and loyal heart who refuses to suffer fools lightly? Yes, please." —Jennifer Longo, author of *Six Feet Over It and Up to This Pointe*

How America Lost Its Secrets Flatiron Books

A primer on the future of PR, marketing and advertising — now revised and updated with new case studies "Forget everything you thought you knew about marketing and read this book. And then make everyone you work with read it, too." —Jason Harris, CEO of Mekanism Megabrands like Dropbox, Instagram, Snapchat, and Airbnb were barely a blip on the radar years ago, but now they're worth billions—with hardly a dime spent on traditional marketing. No press releases, no TV commercials, no billboards. Instead, they relied on growth hacking to reach users and build their businesses. Growth hackers have thrown out the old playbook and replaced it with tools that are testable, trackable, and scalable. They believe that products and businesses should be modified repeatedly until they're primed to generate explosive reactions. Bestselling author Ryan Holiday, the acclaimed marketing guru for many successful brands, authors, and musicians, explains the new rules in a book that has become a marketing classic in Silicon Valley and around the world. This new edition is updated with cutting-edge case studies of startups, brands, and small businesses. Growth Hacker Marketing is the go-to playbook for any company or entrepreneur looking to build and grow.
