From the author of

Lafayette in the
Somewhat United
States, The Wordy
Shipmates is New York
Times bestselling
author Sarah Vowell's
exploration of the
Puritans and their
journey to America to
become the people of

John Winthrop's "city upon a hill," a shining example, a "city that cannot be hid." To this day, America views itself as a Puritan nation, but Vowell investigates what that means? and what it should mean. What was this great political enterprise all about? Who were these people who are considered the philosophical, spiritual, and moral ancestors of our nation? What Vowell discovers is something far different from what their uptight shoe-buckles-and-corn reputation might suggest. The people she finds are highly literate, deeply principled, and surprisingly feisty. Their story is filled with pamphlet feuds, witty courtroom dramas, and bloody vengeance. Along the way she

asks: *Was Massachusetts Bay Colony governor John Winthrop a communitarian, a Christlike Christian, or conformity's tyrannical enforcer? Answer: Yes! *Was Rhode Island's architect, Roger Williams, America's founding freak or the father of the First Amendment? Same difference. *What does it take to get that jezebel Anne Hutchinson to shut up? A hatchet. *What was the Puritans' pet name for the Pope? The Great Whore of Babylon. Sarah Vowell's special brand of armchair history makes the bizarre and esoteric fascinatingly relevant and fun. She takes us from the modern-day reenactment of an Indian massacre to the

Mohegan Sun casino, from old-timey Puritan poetry, where ?righteousness? is rhymed with ?wilderness,? to a Mayflower-themed waterslide. Throughout, *The Wordy Shipmates* is rich in historical fact, humorous insight, and social commentary by one of America?s most celebrated voices. Thou shalt enjoy it. [New Yorkers: A City and Its People in Our Time](#) Bloomsbury Publishing USA Like music, art is a universal language. Although looking at works of art is a pleasurable enough experience, to appreciate them fully requires certain skills and knowledge." -- Carol Strickland, from the introduction to *The Annotated Mona Lisa: A*

Crash Course in Art History from Prehistoric to Post-Modern * This heavily illustrated crash course in art history is revised and updated. This second edition of Carol Strickland's *The Annotated Mona Lisa: A Crash Course in Art History from Prehistoric to Post-Modern* offers an illustrated tutorial of prehistoric to post-modern art from cave paintings to video art installations to digital and Internet media. * Featuring succinct page-length essays, instructive sidebars, and more than 300 photographs, *The Annotated Mona Lisa: A Crash Course in Art History from Prehistoric to Post-Modern* takes art history out of the realm of dreary textbooks, demystifies jargon and theory, and

makes art accessible—even at a cursory reading. * From Stonehenge to the Guggenheim and from Holbein to Warhol, more than 25,000 years of art is distilled into five sections covering a little more than 200 pages.

E. H. Gombrich's Little History of the World, though written in 1935, has become one of the treasures of historical writing since its first publication in English in 2005. The Yale edition alone has now sold over half a million copies, and the book is available worldwide in almost thirty languages. Gombrich was of course the best-known art historian of his time, and his text suggests illustrations on every page. This

illustrated edition of the Little History brings together the pellucid humanity of his narrative with the images that may well have been in his mind's eye as he wrote the book. The two hundred illustrations—most of them in full color—are not simple embellishments, though they are beautiful. They emerge from the text, enrich the author's intention, and deepen the pleasure of reading this remarkable work. For this edition the text is reset in a spacious format, flowing around illustrations that range from paintings to line drawings, emblems, motifs, and symbols. The book incorporates freshly drawn maps, a revised preface, and a new index. Blending high-grade design, fine

paper, and classic binding, this is both a sumptuous gift book and an enhanced edition of a timeless account of human history.

The Art of Racing in the Rain Ballantine Books
Winner of the 2021 Brooklyn Public Library Literary Prize A symphony of contemporary New York through the magnificent words of its people—from the best-selling author of *Londoners*. In the first twenty years of the twenty-first century, New York City has been convulsed by terrorist attack, blackout, hurricane, recession, social injustice, and pandemic. *New Yorkers* weaves the voices of some of the city’s best talkers into an indelible portrait of New York in

our time—and a powerful hymn to the vitality and resilience of its people. Best-selling author Craig Taylor has been hailed as “a peerless journalist and a beautiful craftsman” (David Rakoff), acclaimed for the way he “fuses the mundane truth of conversation with the higher truth of art” (Michel Faber). In the wake of his celebrated book *Londoners*, Taylor moved to New York and spent years meeting regularly with hundreds of New Yorkers as diverse as the city itself. *New Yorkers* features 75 of the most remarkable of them, their fascinating true tales arranged in thematic sections that follow Taylor’s growing engagement with the city. Here are the

uncelebrated people who propel New York each day—bodega cashier, hospital nurse, elevator repairman, emergency dispatcher. Here are those who wire the lights at the top of the Empire State Building, clean the windows of Rockefeller Center, and keep the subway running. Here are people whose experiences reflect the city's fractured realities: the mother of a Latino teenager jailed at Rikers, a BLM activist in the wake of police shootings. And here are those who capture the ineffable feeling of New York, such as a balloon handler in the Macy's Thanksgiving Day Parade or a security guard at the Statue of Liberty. Vibrant and bursting with life, *New Yorkers* explores the

nonstop hustle to make it; the pressures on new immigrants, people of color, and the poor; the constant battle between loving the city and wanting to leave it; and the question of who gets to be considered a "New Yorker." It captures the strength of an irrepressible city that—no matter what it goes through—dares call itself the greatest in the world.

Blindsight One World Sunday Press Books presents a masterpiece in comic art by Frank King. Collected for the first time, here are the best *Gasoline Alley* Sunday comics, starting from the very first Sunday in 1921. King's innovations in art, layout and storytelling brought a new warmth and style to the medium at the

dawn of the Golden Age of newspaper comic strips. This book is designed by Chris Ware with an introduction by Jeet Heer. As with the Sunday Press editions of *Little Nemo in Slumberland*, these incredible Sunday pages are shown digitally restored to their original colorful brilliance and reproduced at full size (16 by 21 inches). The book is filled with images of comics memorabilia and photographs of King's life. It also includes texts on King's life and work by journalist Tim Samuels and comics historian/critic Donald Phelps. Included in the book is a full-sheet cardboard insert replica of a 1920's Skee-zix cut-out toy.

Trump: The Art of the Deal MIT Press
A modern western set in an isolated Australian bush town with a soaring crime rate, where a local constable with a troubled past must investigate the death of a teenage girl whose murder threatens to set the dusty streets ablaze. Constable Paul Hirschhausen—"Hirsch"—is a recently demoted detective sent from Adelaide, Australia's southernmost booming metropolis, to Tiverton, a one-road town in rustic, backwater "wool and wheat" country

three hours north. Hirsch isn't just a disgraced cop; the internal investigations bureau is still trying to convict him of something, even if it means planting evidence. When someone leaves a pistol cartridge in his mailbox, Hirsch suspects that his career isn't the only thing on the line. But the tiny town of Tiverton has more crime than one lone cop should have to handle. The stagnant economy, rural isolation, and entrenched racism and misogyny mean every case Hirsch investigates is a new basket of snakes. When the body of a 16-year-old local girl is found on the side of the highway, the situation in Tiverton

gets even more sinister, and whether or not he finds her killer, there's going to be hell to pay.

Violence and New Religious

Movements Taylor & Francis

Issues relating to sexuality, eroticism and gender are often connected to religious beliefs and practices, but also to prejudices against and fear of religious groups that adopt alternative approaches to sexuality. This is especially apparent in connection with new religious movements, which many times find themselves accused by the media and anti-cultists of promoting

illicit and controversial views on sexuality.

This anthology aims to critically investigate the role of sexuality in a number of new religious movements, including Mormon fundamentalist communities, the Branch Davidians, the Osho movement, the Raël movement, contemporary Wicca and Satanism, in addition to the teachings of Adidam and Gurdjieff on sexuality.

A Little History of the World Creation Books

A “superb fantasy saga” (Helene Wecker) of martial arts and magic, about what happens when a prophesied hero is not the chosen one after all—but has to work with a band of unlikely allies to save the

kingdom anyway, from the #1 New York Times bestselling author of The Lives of Tao “An ambitious and touching exploration of disillusionment in faith, tradition, and family—a glorious reinvention of fantasy and wuxia tropes.”—Naomi Novik, New York Times bestselling author of A Deadly Education ONE OF THE BEST BOOKS OF THE YEAR: Gizmodo, Kirkus Reviews, The Quill to Live So many stories begin the same way: With a prophecy. A chosen one. And the inevitable quest to slay a villain, save the kingdom, and fulfill a grand destiny. But this is not that kind of story. It does begin with a prophecy: A child will rise to defeat the Eternal Khan, a cruel immortal god-

king, and save the kingdom. And that prophecy did anoint a hero, Jian, raised since birth in luxury and splendor, and celebrated before he has won a single battle. But that’s when the story hits its first twist: The prophecy is wrong. What follows is a story more wondrous than any prophecy could foresee, and with many unexpected heroes: Taishi, an older woman who is the greatest grandmaster of magical martial arts in the kingdom but who thought her adventuring days were all behind her; Sali, a straitlaced warrior who learns the rules may no longer apply when the leader to whom she pledged her life is gone; and Qisami, a chaotic assassin who takes a little too much

pleasure in the kill. And Jian himself, who has to find a way to become what he no longer believes he can be—a hero after all.
