POWERS STERLING

Joseph Goebbels Harper

Collins
Breathing life into a Milton
for the Twenty-first

century, this cutting-edge collection shows students and scholars alike how Milton transforms and is transformed by popular literature and polemics, film and television, and other modern media.

The Devil's Advocate

Simon and Schuster

This Devil's Advocate explores the cinematic wonders of Brian Desmond Hurst's much loved 1951 adaptation of A Christmas Carol, Scrooge, through the prism of horror cinema, arguing that the film has less in common with cosy festive tradition than it does with terror cinema like James Whale's Bride of Frankenstein, Robert Weine's The Cabinet of Dr. Caligari, and F.W. Murnau's Faust. Beginning with Charles Dickens himself, a prolific writer of ghost stories, with A Christmas Carol being but one of many, Colin Fleming then considers earlier cinematic adaptations including 1935's folk-horror-like Scrooge, before offering a full account of the Hurst/Sim version, stressing what must always be kept at the forefront of our minds: this is a ghost story.

Essential reading for business leaders and policymakers, an in-depth investigation of red teaming, the practice of inhabiting the perspective of potential competitors to gain a strategic advantage Red teaming. The concept is as old as the Devil's Advocate, the eleventh-century Vatican official charged with discrediting candidates for sainthood. Today, red teams are used widely in both the public and the private sector by those seeking to better understand the interests, intentions, and capabilities of institutional rivals. In the right circumstances, red teams can yield impressive results, giving businesses an edge over their competition, poking holes in vital intelligence estimates, and troubleshooting dangerous military missions long before boots are on the ground. But not all red teams are created equal; indeed, some cause more damage than they prevent. Drawing on a fascinating range of case studies, Red Team shows not only how to create and empower red teams, but also what to do with the information they produce. In this vivid,

deeply-informed account, national security expert Micah Zenko provides the definitive book on this important strategy -- full of vital insights for decision makers of all kinds.

The Evil Dead Springer

How did Dana Scully become a skeptic? The X-Files Origins has the answers in this young adult, science-fiction origin story by New York Times-bestselling author Jonathan Maberry. In the spring of 1979, fifteen-year-old Dana Scully has bigger problems than being the new girl in school. Dana has always had dreams. Sometimes they've even come true. Until now, she tried to write this off as coincidence. But ever since her father's military career moved the family across the country to Craiger, Maryland, the dreams have been more like visions. Vivid, disturbing, and haunted by a shadowy figure who may be an angel . . . or the devil. When a classmate who recently died in a car accident appears before Dana, her wounds look anything but accidental. Compelled by a force she can't name, Dana uncovers even more suspicious deaths—and must face the dangerous

knowledge that evil is real. But when a betrayal of faith makes her question everything, she begins to put her faith in being a skeptic. An Imprint Book

Scrooge John Wiley & Sons

John Mortimer was a promising barrister who married a successful novelist (Penelope Mortimer) and then started writing himself. At first he wrote plays, most famously the autobiographical *A VOYAGE ROUND MY FATHER*, about his blind barrister father. Alec Guinness, Laurence Olivier and Michael Redgrave were among those who played the role. But it was Mortimer's creation of Rumpole of the Bailey, the irascible barrister created on TV by Leo McKern, which catapulted him to wider fame and fortune, as his career as a novelist and screenwriter took off. He is credited with the hugely successful TV adaptation of Evelyn Waugh's *Brideshead Revisited* (Olivier, Jeremy Irons, Anthony Andrews, Toyah Wilcox) and then *Summers Lease* (John Gielgud), based on his own story. Meanwhile he had become increasingly well-known as a lawyer.

His most famous case was his (initially unsuccessful) defence of two of the three editors of the underground magazine *Oz* on a charge of obscenity in 1971.

The Devil's Advocate A&C Black

I used to think that I'd escaped Southport . . . Now I realised, Southport had been coming for me all this time. Erin Sloane was sixteen when high school senior Andre Villiers was murdered by his friends. They were her friends, too, led by the intense, charismatic Ricky Hell. Five people went into West Cypress Road Woods the night Andre was murdered. Only three came out. Ativan, alcohol and distance had dimmed Erin's memories of that time. But nearly twenty years later, an ageing father will bring her home. Now a journalist, she is asked to write a story about the Southport Three and the thrill-kill murder that mesmerised the country. Erin's investigation propels her closer and closer to a terrifying truth. And closer and closer to danger. An unforgettable story of murder, trauma and childhoods lost, *I Shot the Devil* is a taut, page-turning debut novel from an electrifying new talent.

'a powder-keg with a slow burning fuse . . . perfectly balanced and terrifically twisting, *I Shot the Devil* is for fans of Alex Marwood, Paula Hawkins and Gillian Flynn'

When a young woman murders the mayor in a quiet Tuscan village, the court case reveals a conspiracy of silence in a small community. At high noon on a hot summer's day, a beautiful young woman shoots the mayor dead. So begins a story of passion and betrayal in a quiet Tuscan village, leading to a sensational trial. The defence team, headed by the brilliant but unhappy Carlo Rienzi, uncovers a sinister conspiracy of silence that threatens to split the community. Can Carlo persuade the judge to grant clemency in what appears to be an open-and-shut case? Can the law intervene in the brutal tradition of vendetta? An international bestseller, *Daughter of Silence* is a gripping novel with a masterful twist at the end. 'Intricate, dramatic, colourful.' *The Spectator* 'Powerful and authentic.' *The Daily Telegraph* 'Absorbing, magnificent.'

 Sometime in the late summer of 1976, Sanjay Gandhi asked if I wanted to go flying with him... After first attempting to teach Karan Thapar to fly (not very successfully) Sanjay Gandhi took the controls and performed a series of aerobatics, not particularly dangerous but nonetheless thrilling. Once they were further away from Delhi, he became even more daring. Suddenly, he decided to scare the farmers working in the fields below by aiming the aircraft straight at them. As he dived down, they scattered and ran, fearing for their lives. At the last moment, Sanjay pulled up dramatically and waved at the bewildered farmers, clearly chuffed with the whole performance. The manoeuvre required nerves of steel and tremendous self-confidence, both of which Sanjay possessed in plenty. In *Devil's Advocate*, Karan dives deep into his life to come up with many such moments. Included here are stories of warm and lasting friendships, such as with Benazir Bhutto, whom he met

while he was an undergraduate. He also talks about his long association with Aung San Suu Kyi and Rajiv Gandhi. However, not all friendships lasted--for example, with L.K. Advani, with whom he shared a close bond until an unfortunate disagreement over an interview caused a falling-out. The tension generated during an interview has spilled over off-screen multiple times, and Karan discusses these incidents in detail. For instance, when Amitabh Bachchan lost his cool during a post-interview lunch or when Kapil Dev cried like a baby. And there's the untold story of two of his most controversial interviews--with Jayalalitha and Narendra Modi. While Jayalalitha laughed it off later, the after-effects of Modi's infamous walkout have grown worse with time. Riveting and fast-paced, *Devil's Advocate* is as no-holds-barred as any of Karan Thapar's interviews.
The Devil's Advocate
 Pearson Education
 Traces the life and career of the Nazi propaganda minister, describing how he became a member of Hitler's inner circle as well as unusual aspects of his character, including his

all-consuming jealousy of his rivals and his obsession with sex.
The Advocate's Devil
 Basic Books
 Sam Raimi's *The Evil Dead* (1982) is one of the most inventive and energetic horror movies of the last 40 years. Released during a period in which the stalk-and-slash cycle had blunted the horror genre of much of its creative edge, Raimi's debut feature transcends its small budget and limited resources to deliver a phantasmagoric roller-coaster ride, a wildly absurd and surreal assault on the senses. Still original enough to stand on its own and be considered as a genre classic, this book will explain its long-lasting appeal and impact. After detailing the unique circumstances of its origin, Lloyd Haynes goes on to analyse key aspects of the film's abiding success. *The Evil Dead* is one of a number of horror films which locate their terrors in a single setting and limited time frame. Haynes argues that it creates a 'bad dream' effect in which the nightmare is never-ending and increasingly horrific, and how the cabin-in-the-woods location is also a

fine example of the 'bad place' motif which stretches back to the Gothic novels of the 18th century. The book goes on to consider what character traits Ash Williams, The Evil Dead's 'macho' male hero, shares with Carol Clover's 'Final Girl' model and how effective he is as a 'Final Guy'. Finally, it explores the critical approaches to the film, in particular its notorious reputation in Britain as a 'video nasty'. *Snuff* Penguin

The Devil's Advocate by Vanessa James released on Apr 24, 1985 is available now for purchase.

The Joker Orion Books Darcus Howe: a Political Biography examines the struggle for racial justice in Britain, through the lens of one of Britain's most prominent and controversial black journalists and campaigners. Born in Trinidad during the dying days of British colonialism, Howe has become an uncompromising champion of racial justice. The book examines how Howe's unique political outlook was inspired by the example of his friend and mentor C.L.R. James, and forged in the heat of the American civil rights

movement, as well as Trinidad's Black Power Revolution. The book sheds new light on Howe's leading role in the defining struggles in Britain against institutional racism in the police, the courts and the media. It focuses on his part as a defendant in the trial of the Mangrove Nine, the high point of Black Power in Britain; his role in conceiving and organizing the Black People's Day of Action, the largest ever demonstration by the black community in Britain; and his later work as one of a prominent journalist and political commentator.

The 1970s represented an unusually productive and innovative period for the horror film, and John Carpenter's Halloween (1978) is the film that capped that golden age - and some say ruined it, by ushering in the era of the slasher film. Considered a paradigm of low-budget ingenuity, its story of a seemingly unremarkable middle-American town becoming the site of violence on October 31 struck a chord within audiences. The film became a surprise hit that gave rise to a lucrative

franchise, and it remains a perennial favourite. Much of its success stems from the simple but strong constructions of its three central characters: brainy, introverted teenager Laurie Strode, a late bloomer compared to her more outgoing friends, Dr. Loomis, the driven, obsessive psychiatrist, and Michael Myers, the inexplicable, ghostlike masked killer. Film scholar Murray Leeder offers a bold and provocative study of Carpenter's film, which hopes to expose qualities that are sometime effaced by its sequels and remakes. It explores Halloween as an unexpected ghost film, and examines such subjects as its construction of the teenager, and the relationship of Halloween the film to Halloween the holiday, and Michael Myers's brand of "pure evil." It is a fascinating read for scholars and fans alike.

John Mortimer Oxford University Press Yes, that's right, this fancy hardcover book reproduces tons of Coop's posters and stickers and thangs, all in colour. While illustrating record covers and ads for Long Gone, John Mermis of Sympathy

for the Record Industry, Coop made the acquaintance of the popular poster artist Kozik. Foreword by Robert Williams.

"A triumphantly moving book." —Kirkus Reviews, starred review Hannah dreads going to her family's Passover Seder—she's tired of hearing her relatives talk about the past. But when she opens the front door to symbolically welcome the prophet Elijah, she's transported to a Polish village in the year 1942. Why is she there, and who is this "Chaya" that everyone seems to think she is? Just as she begins to unravel the mystery, Nazi soldiers come to take everyone in the village away. And only Hannah knows the unspeakable horrors that await. A critically acclaimed novel from multi-award-winning author Jane Yolen.

"[Yolen] adds much to understanding the effects of the Holocaust, which will reverberate throughout history, today and tomorrow." —SLJ, starred review "Readers will come away with a sense of tragic history that both disturbs and compels." —Booklist

Winner of the National Jewish Book Award An American Bookseller "Pick of the Lists"

The Devil's Advocate
Simon and Schuster

A revolution is waged against a totalitarian regime in this "courageous" novel of a dystopian near-future America by a #1 New York Times–bestselling author (Chicago Tribune). In the heart of Philadelphia, insurgent Andrew Durant has been nursing a festering rage. And he's not alone. Through underground networks, he's found himself among a secret thousands, building an army called the Minute Men. They're readying themselves for war to reclaim what was once America. In the nation now known as the Democracy, independent thought is a thing of the past. The Constitution is waste paper. A conscienceless president has been appointed by the military—for life. The government has co-opted farmland crops. Citizens are divided between two classes: wealthy corporations and the destitute. Areas of the country devastated by war or natural disaster remain unchecked. On behalf of national

security, neighbors are instructed to spy on one another. Exposing those who are undemocratic is law. And all dissenters are eliminated. Durant, the chosen agent for the poverty-stricken rural Democracy, finds himself increasingly isolated and afraid. Mobilizing revolutionaries has become a dangerous tactic; the Minute Men have their own traitors, infiltrators assigned to undo everything Durant and his men are fighting to conquer. Now, the rebels have only their beliefs left to trust. A stunning dystopian vision in the tradition of George Orwell's 1984 and Ayn Rand's Anthem, *The Devil's Advocate* is author Taylor Caldwell's "tour de force" (Kirkus Reviews). More than a half-century after its original publication, it is timelier than ever. This ebook features an illustrated biography of Taylor Caldwell including rare images from the author's estate.

Devil's Advocate

Liverpool University Press Premiering at the 1981 Cannes Film Festival, Andrzej Żuławski's *Possession* remains a distinct phenomenon. Though in competition for the illustrious Palme d'Or,

its art cinema context did not rescue it from being banned as part of the United Kingdom's 'video nasties' campaign, alongside unashamedly lowbrow titles such as *Faces of Death* and *Zombie Flesh Eaters*. Skirting the boundary between art and exploitation, body horror and cerebral reverie, relationship drama and political statement, *Possession* is a truly astonishing film. Part visceral horror, part surreal experiment, part gothic romance dressed in the iconography of a spy thriller: there is no doubt that the polarity evinced by *Possession*'s initial release was in part a product of its resistance to clear categorisation. With a production history almost as bizarre as the film itself, a cult following gained with its VHS release, and being re-appreciated in the decades since as a valuable work of auteur cinema, the story of how this film came to be is as fascinating as it is unfathomable. Alison Taylor's *Devil's Advocate* considers *Possession*'s history, stylistic achievement, and legacy as an enduring and unique work of horror cinema. Beginning with a

marital breakdown and ending with an apocalypse, the film's strangeness has not dissipated over time; its transgressive imagery, histrionic performances, and spiral staircase logic remain affective and confounding to critics and fans alike. Respecting the film's wilfully enigmatic nature, this book helps to unpack its key threads, including the collision between the banal and the horrific, the socio-historical context of its divided Berlin setting, and the significance of its legacy, particularly with regard to the contemporary trend for extreme art horror on the festival circuit.

Spy Trader Open Road Media

When madness seizes the world's vampires, relentless hunger gnaws at them. But no matter how many victims they drain, withered vampires litter the shadows. There is opportunity in this chaos. As the *Masquerade* crumbles around Owain, which power will he serve? Or will he serve himself?

The Devil's Advocate White Wolf Pub

From the authors of the acclaimed *Ladies and Gentlemen of the Jury*, and featuring some of the

most important cases in criminal law, *The Devil's Advocates* is the final volume of a must-have trilogy of the best closing arguments in American legal history. Criminal law is considered by many to be the most exciting of the legal specialties, and here the authors turn to the type of dramatic crimes and trials that have so captivated the public -- becoming fodder for countless television shows and legal thrillers. But the eight cases in this collection have also set historical precedents and illuminated underlying principles of the American criminal justice system. Future president John Adams makes clear that even the most despised and vilified criminal is entitled to a legal defense in the argument he delivers on behalf of the British soldiers who shot and killed five Americans during the Boston Massacre. The always-controversial temporary-insanity defense makes its debut within sight of the White House when, in front of horrified onlookers, a prominent congressman guns down the district attorney over an extramarital affair. Clarence Darrow provides a ringing defense of a black family charged with

using deadly force to defend themselves from a violent mob -- an argument that refines the concept of self-defense and its applicability to all races. The treason trial of Aaron Burr, accused of plotting to "steal" the western territories of the United States and form a new country with himself as its head, offers a fascinating glimpse into a rare type of prosecution, as well as a look at one of

the most interesting traitors in the nation's history. Perhaps the best-known case in the book is that of Ernesto Miranda, the accused rapist whose trial led to the Supreme Court decision requiring police to advise suspects of their rights to remain silent and to have an attorney present -- their Miranda rights. Each of the eight cases presented here is given legal and cultural context, including

a brief historical introduction, a biographical sketch of the attorneys involved, highlights of trial testimony, analysis of the closing arguments, and a summary of the trial's impact on its participants and our country. In clear, jargon-free prose, Michael S Lief and H. Mitchell Caldwell make these pivotal cases come to vibrant life for every reader.
