A #1 bestseller from coast to coast, *Den of Thieves* tells the full story of the insider-trading scandal that nearly destroyed Wall Street, the men who pulled it off, and the chase that finally brought them to justice. Pulitzer Prize-winner James B. Stewart shows for the first time how four of the eighties' biggest names on Wall Street—Michael Milken, Ivan Boesky, Martin Siegel, and Dennis Levine—created the greatest insider-trading ring in financial history and almost walked away with billions, until a team of downtrodden detectives triumphed over some of America's most expensive lawyers to bring this powerful quartet to justice. Based on secret grand jury transcripts, interviews, and actual trading records, and containing explosive new revelations about Michael Milken and Ivan Boesky, *Den of Thieves* weaves all the facts into an unforgettable narrative—a portrait of human nature, big business, and crime of unparalleled proportions.

In this deeply learned book, poet and translator Robert Bly offers nothing less than a new vision of what it is to be a man. Bly's vision is based on his ongoing work with men and reflections on his own life. He addresses the devastating effects of remote fathers and mourns the disappearance of male initiation rites in our culture. Finding rich meaning in ancient stories and legends, Bly uses the Grimm fairy tale "Iron John," in which the narrator, or "Wild Man," guides a young man through eight stages of male growth, to remind us of archetypes long forgotten—images of vigorous masculinity, both protective and emotionally centered. Simultaneously poetic and down-to-earth, combining the grandeur of myth with the practical and often painful lessons of our own histories, *Iron John* is a rare work that will continue to guide and inspire men—and women—for years to come.

Winner of the National Book Critics Circle Award for Fiction and a finalist for the National Book Award “Brilliantly done . . . grand, intimate, and joyous.” —New York Times Book Review From the PEN/Hemingway Award-winning author of the critically acclaimed short story collection, *Brief Encounters* with Che Guevara, comes Billy Lynn's Long Halftime Walk ("The Catch-22 of the Iraq War" —Karl Marlantes). Three minutes and forty-three seconds of intensive warfare with Iraqi insurgents—caught on tape by an embedded Fox News crew—has transformed the eight surviving men of Bravo Squad into America's most sought-after heroes. Now they're on a media-intensive nationwide tour to reinvigorate public support for the war. On this rainy Thanksgiving Day, the Bravos are in Texas Stadium, slated to be part of the halftime show. Among the Bravos is nineteen-year-old Specialist Billy Lynn. Surrounded by patriots sporting flag pins on their lapels and support our troops bumper stickers, he is thrust into the company of the team's owner and his coterie of wealthy colleagues; a born-again cheerleader; a veteran Hollywood producer; and supersized players eager for a vicarious taste of war. Over the course of this day, Billy will drink and brawl, yearn for home and mourn those missing, face a heart-wrenching decision and discover pure love and a bitter wisdom far beyond his years. Poignant, riotously funny, and exquisitely heartbreaking, Billy Lynn's Long Halftime Walk is a searing and powerful novel that has cemented Ben Fountain's reputation as one of the finest writers of his generation.

At a time when many proclaim the death of active investing, Rupal J. Bhansali, global contrarian, makes a clarion call for its renaissance. Non-consensus thinking has resulted in breakthrough successes in science, sports, and Silicon Valley. Bhansali shows how to apply it to the world of investing to improve one's odds of achieving above-average returns with below-average risks. Her upside-down investment approach focuses on avoiding losers instead of picking the winners, asking the right questions instead of knowing the right answers, and scoring upset victories to achieve the greatest bang for one's research buck. Through a series of counterintuitive concepts and contemporary case studies from her firsthand experience of investing in fifty markets around the globe, Bhansali describes how to perform differentiated fundamental research to uncover

mispriced stocks. She candidly shares her failures and mistakes as well as her successes and triumphs. She also weaves in her personal journey, recounting how she overcame the odds to succeed in a male-dominated profession and offering advice on breaking the glass ceiling. *Non-Consensus Investing* is a must-read for anyone who seeks to understand why active investing disappointed and how it can succeed—analysts and amateurs, fiduciaries and financial advisors, aspiring and practicing money managers, as well as students or investment enthusiasts.

A grieving daughter and abuse survivor must summon the courage to run a feminist conference, trust a man she meets over the Internet, and escape a catfishing stalker to find her power. Ahana, a wealthy thirty-three-year-old New Delhi woman, flees the pain of her mother's death, and her dark past, by accepting a huge project in New Orleans, where she'll coordinate an annual conference to raise awareness of violence against women. Her half-Indian, half-Irish colleague and public relations guru, Rohan Brady, who helps Ahana develop her online presence, offends her prim sensibilities with his raunchy humor. She is convinced that he's a womanizer. Meanwhile, she seeks relief from her pain in an online support group, where she makes a good friend: the mercurial Jay Dubois, who is also grieving the loss of his mother. *Louisiana Catch* is an emotionally immersive novel about identity, shame, and who we project ourselves to be in the world. It's a book about Ahana's unreliable instincts and her ongoing battle to determine whom to place her trust in as she, Rohan, and Jay shed layers of their identities. "*Louisiana Catch* is a triumph. In Ahana, Sweta Vikram has created an unforgettable character, strong, wise, and deeply human, who'll inspire a new generation struggling to come to terms with their identity in a world of blurring identities." --KARAN BAJAJ, New York Times bestselling author, *The Yoga of Max's Discontent* "In *Louisiana Catch*, Sweta Vikram brings life to the complex human rights issue of violence against women. Through one woman's journey to make sense of her past and ultimately heal, Vikram shows us that yoga can reconnect us to ourselves, and that by empowering others, we transform our own lives." --ZO? LEPAGE, Founder, *Exhale to Inhale* "*Louisiana Catch* perfectly captures what it means to be human in a digital world, where support groups meet online, love interests flirt on Twitter, and people get confused with personas. Equal parts tender and playful, moving and hopeful, Vikram's prose connects us with timeless truths about grief and redemption in a satisfyingly modern way." --STEPHANIE PATERIK, Managing Editor, *Adweek* Learn more at [www.SwetaVikram.com](#) From Modern History Press, [www.ModernHistoryPress.com](#)

NEW YORK TIMES BESTSELLER • A TODAY SHOW #ReadWithJenna BOOK CLUB PICK • The unforgettable story of a daredevil female aviator determined to chart her own course in life, at any cost: an "epic trip—through Prohibition and World War II, from Montana to London to present-day Hollywood—and you'll relish every minute" (People). After being rescued as infants from a sinking ocean liner in 1914, Marian and Jamie Graves are raised by their dissolute uncle in Missoula, Montana. There—after encountering a pair of barnstorming pilots passing through town in beat-up biplanes—Marian commences her lifelong love affair with flight. At fourteen she drops out of school and finds an unexpected and dangerous patron in a wealthy bootlegger who provides a plane and subsidizes her lessons, an arrangement that will haunt her for the rest of her life, even as it allows her to fulfill her destiny: circumnavigating the globe by flying over the North and South Poles. A century later, Hadley Baxter is cast to play Marian in a film that centers on Marian's disappearance in Antarctica. Vibrant, canny, disgusted with the claustrophobia of Hollywood, Hadley is eager to redefine herself after a romantic film franchise has imprisoned her in the grip of cult celebrity. Her immersion into the character of Marian unfolds, thrillingly, alongside Marian's own story, as the two women's fates—and their hunger for self-determination in vastly different geographies and times—collide. Epic and emotional, meticulously researched and gloriously told, *Great Circle* is a monumental work of art, and a tremendous leap forward for the prodigiously gifted Maggie Shipstead.

PULITZER PRIZE WINNER • A "vivid and devastating" (The New York Times) portrait of an indomitable girl—from acclaimed journalist Andrea Elliott "From its first indelible pages to its rich and startling conclusion, *Invisible Child* had me, by turns, stricken, inspired, outraged, illuminated, in tears, and hungering for reimmersion in its Dickensian depths."—Ayad Akhtar, author of *Homeland Elegies* **ONE OF THE TEN BEST BOOKS OF THE YEAR:** The New York Times • **ONE OF THE BEST BOOKS OF THE YEAR:** The Atlantic, The New York Times Book Review, Time, NPR, Library Journal In *Invisible Child*, Pulitzer Prize winner Andrea Elliott follows eight dramatic years in the life of Dasani, a girl whose imagination is as soaring as the skyscrapers near her Brooklyn shelter. In this sweeping narrative, Elliott weaves the story of Dasani's childhood with the history of her ancestors, tracing their passage from slavery to the Great Migration north. As Dasani comes of age, New York City's homeless crisis has exploded, deepening the chasm between rich and poor. She must guide her siblings through a world riddled by hunger, violence, racism, drug addiction, and the threat of foster care. Out on the street, Dasani becomes a fierce fighter "to protect those who I love." When she finally escapes city life to enroll in a boarding school, she faces an impossible question: What if leaving poverty means abandoning your family, and yourself? A work of luminous and riveting prose, Elliott's

Invisible Child reads like a page-turning novel. It is an astonishing story about the power of resilience, the importance of family and the cost of inequality—told through the crucible of one remarkable girl. Winner of the J. Anthony Lukas Book Prize • Finalist for the Bernstein Award and the PEN/John Kenneth Galbraith Award

The Day the Markets Roared Harvard University Press

From the Wolfson History Prize-winning author of *The Man on Devil's Island*, the definitive biography of Vivekananda, the Indian monk who shaped the intellectual and spiritual history of both East and West. Few thinkers have had so enduring an impact on both Eastern and Western life as Swami Vivekananda, the Indian monk who inspired the likes of Freud, Gandhi, and Tagore. Blending science, religion, and politics, Vivekananda introduced Westerners to yoga and the universalist school of Hinduism called Vedanta. His teachings fostered a more tolerant form of mainstream spirituality in Europe and North America and forever changed the Western relationship to meditation and spirituality. Guru to the World traces Vivekananda's transformation from son of a Calcutta-based attorney into saffron-robed ascetic. At the 1893 World Parliament of Religions in Chicago, he fascinated audiences with teachings from Hinduism, Western esoteric spirituality, physics, and the sciences of the mind, in the process advocating a more inclusive conception of religion and expounding the evils of colonialism. Vivekananda won many disciples, most prominently the Irish activist Margaret Noble, who disseminated his ideas in the face of much disdain for the wisdom of a "subject race." At home, he challenged the notion that religion was antithetical to nationalist goals, arguing that Hinduism was intimately connected with Indian identity. Ruth Harris offers an arresting biography, showing how Vivekananda's thought spawned a global anticolonial movement and became a touchstone of Hindu nationalist politics a century after his death. The iconic monk emerges as a counterargument to Orientalist critiques, which interpret East-West interactions as primarily instances of Western borrowing. As Vivekananda demonstrates, we must not underestimate Eastern agency in the global circulation of ideas.

Krishnamurti Paddhati is an excellent system (Paddhati) of astrological predictions conceived & created by The Great Indian Astrology King, late Prof. K.S. Krishnamurti. As you must have experienced that accuracy of the time period of the events is difficult when one uses Traditional/Vedic or any other system. KP can give you a precise YES or NO answer astrologically to your questions. To overcome the above and similar short-comings of the conventional vedic system, KP comes as savior. The position of a planet either benefic or malefic covers a large domain of 30° within a Rasi. K.P. system tends to evolve a system by which the operation of a particular planet in a Rasi, is determined by just not its placement but by the constellation it travels and the sub lord it is positioned in. All planets moving from Vernal Equinox Aries according to the Nirayana system get their results modified as they move in the Zodiac. Thus in the first 13°20' any planet transiting in Mesha will be influenced by the constellation called Aswini and so on till Revathi in which the planet will be influenced by Mercury. As the duration of the zone 13°20' for each Nakshatra is a broad zone, they are further classed into nine parts in proportion to their duration as per their Vimshotri Dasa. This is termed as the sub-lord. Normally, Jupiter, Venus, affiliated Mercury and waxing Moon are termed as natural benefics while Sun, Mars, Saturn, Rahu & Ketu as malefics. But in KP it is determined by sub lord planet is posited in. 1. The planet in a constellation will offer the result of Bhava house occupied by the lord of the constellation. 2. The planet which is situated in a constellation is the strongest to offer the results of the house occupied by the lord of the constellation.. 3. The occupants of a house is strong to give the results of the house occupied by it. Planets in the constellation of the occupants of a Bhava will indicate the fruits of the Bhava. 4. Planet deposited in the constellation of the lord of the sign where the cusp of a house falls. 5. Then only the lord of the sign where the cusp of a house falls. The above form the various significators for the determination of a particular event. Only the conjoined planets of the above should be utilised for determining the end result. Hence it may be concluded that the planet is the resource, constellation indicates nature of the result and the sub is a deciding factor whether the matter is favourable or not. Unless the last is favourable we do not call it a benefic. Note:- Rahu & Kethu are Nodes. A node signifies firstly the results of the planet or planets with which It is conjoined, then the results of lord of the constellation in which It is deposited, then the planet or planets aspecting it and lastly of the owner of the sign in which it is deposited.

Legendary economist Dr. Henry Kaufman shares a classic Wall Street story that has never been fully told: a firsthand account of the day in August 1982 that would define US economics for decades. Dr. Henry Kaufman is the most famous economist Wall Street has ever seen, renowned well beyond the financial industry. He was the subject of New Yorker cartoons, had cameos in drama productions and two seminal literary works of the 1980s, was subject to death threats, and enjoyed the nickname "Dr. Doom." His pinnacle of influence arrived on August 17, 1982. That single day turned out to be the beginning of the world that we now live in. At the time, after painful years of high interest rates and the inflation of the late 1960s and 1970s, consumers were paying 17 percent and higher to borrow money. But by the end of one summer day almost 40 years ago, the stock market had undergone its second-biggest rally since WWII, while bond prices soared and interest rates plunged. Dr. Kaufman himself had written a memo that sparked this tremendous boom-and it set the global markets on fire, marking the start of almost four decades of US economic growth. *The Day the Markets Roared* answers the questions: • Why did Dr. Kaufman break with his longstanding bearish views to make a momentous prediction that spurred blaring headlines everywhere from Brazil to Beijing? • How could a private individual exercise such profound influence over global financial markets? • How did we get to today's rock-bottom and even negative rates? And what is their continuing impact on the economy, our financial markets and our livelihoods? *The Day the Markets Roared* is a firsthand, minute-by-minute account of one remarkable day in financial and economic history, with a rich cast of characters, from Salomon's John Gutfreund to interest rate guru Sydney Homer, to Dr. Kaufman's longtime friend, Fed Chairman Paul Volcker. Dr. Kaufman reflects on the lessons of the historic August 1982 episode, harkening back to a more optimistic moment in American history, and offering inspiration for better times ahead.

An analysis of the fundamental narrative structure, why it works, the meanings of stories, and why we tell them in the first place. The idea of *Into the Woods* is not to supplant works by Aristotle, Lajos Egri, Robert McKee, David Mamet, or any other writers of guides for screenwriters and playwrights, but to pick up on their cues and take the reader on a historical, philosophical, scientific, and psychological journey to the heart of all storytelling. In this exciting and wholly original book, John Yorke not only shows that there is truly a unifying shape to narrative—one that echoes the great fairytale journey into the woods, and one, like any great art, that comes from deep within—he explains why, too. With examples ranging from *The Godfather* to *True Detective*, *Mad Men* to *Macbeth*, and fairy tales to *Forbrydelsen* (*The Killing*), Yorke utilizes Shakespearean five-act structure as a key to analyzing all storytelling in all narrative forms, from film and television to theatre and novel-writing—a big step from the usual three-act approach. *Into the Woods: A Five-Act Journey into Story* is destined to sit alongside David Mamet's *Three Uses of the Knife*, Robert McKee's *Story*, Syd Field's *Screenplay*, and Lajos Egri's *The Art of Dramatic Writing* as one of the most original, useful, and inspiring books ever on dramatic writing. Praise for *Into the Woods* "Love storytelling? You need this inspiring book. John Yorke dissects the structure of stories with a joyous enthusiasm allied to precise, encyclopedic knowledge. Guaranteed to send you back to your writing desk with newfound excitement and drive." —Chris Chibnall, creator/writer, *Broadchurch* and *Gracepoint* "Outrageously good and by far and away the best book of its kind I've ever read. I recognized so much truth in it. But more than that, I learned a great deal. Time and again, Yorke articulates things I've always felt but have never been able to describe. . . . This is a love story to story—erudite, witty and full of practical magic. I struggle to think of the writer who wouldn't benefit from reading it—even if they don't notice because they're too busy enjoying every page." —Neil Cross, creator/writer, *Luther* and *Crossbones* "Part 'how-to' manual, part 'why-to' celebration, *Into the Woods* is a wide-reaching and infectiously passionate exploration of storytelling in all its guises . . . exciting and thought-provoking." —Emma Frost, screenwriter, *The White Queen* and *Shameless*
