We live amid increasing ethical plurality and fragmentation while at the same time more and more questions of moral gravity confront us. Some of these questions are new, such as those around human cloning and genetics. Other questions that were previously settled have re-emerged, such as those around the place of religion in politics. Responses to such questions are

diverse, numerous and often vehemently contested. Hospitality as Holiness seeks to address the underlying question facing the church within contemporary moral debates: how should Christians relate to their neighbours when ethical disputes arise? The problems the book examines centre on what the nature and basis of Christian moral thought and action is, and in the contemporary context, whether moral disputes may be resolved with those who do not share the same framework as Christians. Bretherton establishes a model - that of hospitality - for how Christians

and non-Christians can relate to each other amid moral diversity. This book will appeal to those interested in the broad question of the relationship between reason, tradition, natural law and revelation in theology, and more specifically to those engaged with questions about plurality, tolerance and ethical conflict in Christian ethics and medical ethics.

The practice of Christian hospitality reaches back to the early centuries of

Christian life as well as deep into Jewish history, life, and Scripture. This practice is alive today in Christian churches and in parachurch organizations within the United States, but new contextual realities--in particular twenty-first-century global migration patterns--have altered the conditions under which hospitality is practiced. The reality of migration and its effect on human lives disrupts static conceptions of hospitality and challenges ecclesial communities toward contextual appropriation of hospitality practice. This volume explores Christian hospitality practice in light of twenty-first-century U.S. Latino/a migration, and it develops the notion of a journeying hospitality of accompaniment with and among persons migrating, which fosters deeper relationships and formation. The shifting identities of persons "on the move" challenge assumptions about what it means to welcome another in hospitality and, ultimately, what it means to be church from within these new relationships. In turn, the new conceptions and expressions of hospitality offered in this book press how the nature and mission of the church will be oriented

toward new ecclesial patterns and alternative forms of residing on earth. *Violence, Hospitality, and the Cross* Enoch Media
 Are you growing in godliness? How would you know? A good place to begin is understanding and imitating the character qualifications the Bible lays out for elders. While elders are meant to exemplify these traits, all Christians are to display them. And, with just one exception, each of them is related to our moral character. Unclean B&H Publishing Group

Christine D. Pohl's book *Making Room: Recovering Hospitality as a Christian Tradition* has helped foster renewal of the central but long-neglected practice of Christian hospitality. This new study guide for *Making Room* provides a variety of ways in which people can learn more about the practice. Designed for use by small groups - though individuals will also profit from it - the study guide is divided into nine lessons corresponding to the chapters of *Making Room*. Each lesson

begins with an introduction briefly highlighting the main points of the book, followed by sections on group building, Scripture, discussion, reflection, and personal application. Each lesson also provides aids for group leaders and suggested activities to help participants begin to make the practice of hospitality part of their daily life.

God's plan for everyone who professes the name of Christ, both men and women, includes hospitality. No one is exempt, from pastor to people. An open heart, open hand and open home is God's divine design to open the hearts of people everywhere it is practiced. Hospitality connects the heart of God and the heart of true ministry for every believer, yet something dramatic has happened in our hearts, closing the doors of our homes, causing Christianity Today to ask, "Whatever Happened to Hospitality?" What about your life? Do you have an open heart, open hand and open home to others... to strangers? The Apostle Paul reminds we must all be "given to hospitality." Pastors and leaders must be "lovers of hospitality." And the Apostle

Peter declared, "The end of all things is at hand... use hospitality ... without grudging." Here is hidden power reserved by God for those who dare to practice it. It is PERSONAL, it is PRACTICAL, and it is PROPHETIC! The Power of Hospitality will change your life, your family, your congregation... yes even your city and your world if your will let it.

An alternative, uniquely Christian response to the growing global challenges of deep religious difference In the last fifty years, millions of Muslims have migrated to Europe and North America. Their arrival has ignited a series of fierce public debates on both sides of the Atlantic about religious freedom and tolerance, terrorism and security, gender and race, and much more. How can Christians best respond to this situation? In this book theologian and ethicist Matthew Kaemingk offers a thought-provoking Christian perspective on the growing debates over Muslim presence in the West. Rejecting both fearful nationalism and romantic multiculturalism, Kaemingk makes the case for a third way—a Christian pluralism

that is committed to both the historic Christian faith and the public rights, dignity, and freedom of Islam.

(Isaiah 53:5) This book can be used as a devotional. The chapters on Holy

Week make it especially helpful during the Lent season and at Easter.

This book argues that God's mission is broad and that all of us can live with missional intentionality by understanding the many facets of missions and focusing on a particular calling. Just like different instruments of a symphony harmonize together, each aspect of human participation in mission--evangelism, justice initiatives, poverty alleviation, faithful work in the marketplace, art--helps us play our part in God's work in the world. Combining expertise from a mission scholar and a working pastor, the book includes practical examples and tools to help readers imagine their part in God's mission.

What is hospitality? Are all Christians called to be hospitable, or is this a spiritual

gift that only a few possess? What are some practical ways that Christians can grow in their ministry of hospitality? Pastor Cliff McManis answers these and many other questions related to this important yet often overlooked aspect of Christian living. With careful attention to Scripture as well as relevant practical concerns, McManis develops a well-grounded theology of Christian hospitality.

Sensing Jesus David C Cook

Considering its prominent role in many faith traditions, surprisingly little has been written about hospitality within the context of religion, particularly Islam. In her new book, Mona Siddiqui, a well-known media commentator, makes the first major contribution to the understanding of hospitality both within Islam and beyond. She explores and compares teachings within the various Muslim traditions over the centuries, while also drawing on materials as diverse as Islamic belles lettres, Christian reflections on almsgiving and charity, and Islamic and Western feminist writings on gender issues.

Applying a more theological approach to the idea of mercy as a fundamental basis for human relationships, this book will

appeal to a wide audience, particularly readers interested in Islam, ethics, and religious studies.

Every church, every organization, has experienced them: betrayal, deception, grumbling, envy, exclusion. They make life together difficult and prevent congregations from developing the skills, virtues, and practices they need to nurture sturdy, life-giving communities. In *Living into Community* Christine Pohl explores four specific Christian practices -- gratitude, promise-keeping, truth-telling,

and hospitality -- that can counteract those destructive forces and help churches and individuals build and sustain vibrant communities. Drawing on a wealth of personal and professional experience and interacting with the biblical, historical, and moral traditions, Pohl thoughtfully discusses each practice, including its possible complications and deformations, and points to how these essential practices can be better cultivated within communities and families.
