This is the first definitive biography of arguably

India's most influential and powerful civil servant: P.N. Haksar, Indira Gandhi's alter ego during her period of glory. Educated in the sciences and trained in law, Haksar was a diplomat by profession and a communist-turned-

democratic socialist by conviction. He had known Indira Gandhi from their student days in London in the late-1930s, even though family links predated this friendship. They kept in touch, and in May 1967, she plucked him out of his diplomatic

career and appointed him secretary in the prime minister's Secretariat. This is when he emerged as her ideological beacon and moral compass, playing a pivotal role in her much-heralded achievements including the nationalization of banks, abolition of privy purses and princely privileges, the Indo-Soviet Treaty, the creation of Bangladesh, rapprochement with Sheikh Abdullah, the Simla and New Delhi Agreements with Pakistan, the emergence

of the country as an agricultural, space and nuclear power and, later, the integration of Sikkim with India. This power and influence notwithstanding, Haksar chose to walk away from Indira Gandhi in January 1973. She, however, persuaded him to soon return, first as her special envoy and later as deputy chairman of the Planning Commission where he left his distinctive imprint. Exiting government once and for all in May 1977, he then continued to be associated with a number

of academic institutions and became the patron for various national causes like protecting India's secular traditions, propagating of a scientific temper, strengthening the public sector and deepening technological self-reliance. Successive prime ministers sought his counsel and in May 1987, he initiated the reconstruction of India's relations with China. He remained an unrepentant Marxist and one of India's most respected elder statesman and leading public figures till his death

in November 1998. Drawing on Haksar's extensive archives of official papers, memos, notes and letters, Jairam Ramesh presents a compelling chronicle of the life and times of a truly remarkable personality who decisively shaped the nation's political and economic history in the 1960s and 1970s that continues to have relevance for today's India as well. Written in Ramesh's inimitable style, this work of formidable scholarship brings to life a man who is

fast becoming a victim of collective amnesia.

Mahatma Gandhi Jagran Prakashan Ltd.
 Sixty glorious years of independence of India mark several milestones and immense contributions from great men and women who

have become part of its history. For the first time ever, this book showcases post-Independent India's twenty greatest living personalities who have and continue to set extraordinary examples for the nation. Brilliantly orchestrated and edited by renowned author Anil Dharker, the book singularly establishes the unparalleled greatness and iconic status of these men and women, including A P J Abdul Kalam, Amartya Sen, Amitabh Bachchan, Sachin Tendulkar, M F

Husain, Charles Correa and Sonia Gandhi, by some of India's best known writers - Srinivas Laxman, Prem Shankar Jha, Maithili Rao, Dom Moraes, Ranjit Hoskote, and Kumar Ketkar, among others. A fascinating saga spanning several decades, this book unfolds the charisma, exceptional destinies, talents and achievements of twenty men and women who continue to shape today's India. 'The previous evening while he (K C Pant, former defence minister) and Dr Kalam

were going for a walk, the minister asked him: "What would you like me to do to celebrate the success of Agni tomorrow?" Replied Kalam, "We need 100,000 saplings at the missile research centre." Srinivas Laxman on A P J Abdul Kalam'

A man with a rare vision, Dr Kurien has devoted a lifetime to realizing his dream - empowering the farmers

of India. He has engineered the milk cooperative movement in India. It was a sheer quirk of fate that landed him in Anand where a small group of farmers were forming a cooperative, Kaira District Cooperative Milk Producers' Union Limited (better known as Amul), to sell their milk. Intrigued by the integrity and commitment of their leader, Tribhuvandas Patel, Dr Kurien joined them. Since then there has been no looking back. The 'Anand pattern of cooperatives were so

successful that, at the request of the Government of India, he set up the National Dairy Development Board to replicate it across India. He also established the Gujarat Cooperative Milk Marketing Federation to market its products. In these memoirs, Dr Verghese Kurien, popularly known as the 'father of the white revolution', recounts, with customary candour, the story of his life and how he shaped the dairy industry. Profoundly inspiring, these memoirs

help up comprehend the magnitude of his contributions and his multifaceted personality. *Download Current Affairs Monthly Capsule November 2021 E-book For Free Covering All Important News.* Popular Prakashan
Maharashtra in the nineteenth century exhibits all the characteristics of a society standing at the crossroads of civilization. Western education, press, industrialisation and material changes in production and

consumption patterns resulted in fundamental changes in the thinking of the people. The first half of the nineteenth century witnessed the beginning of the Postal Service in 1837, rise and spread of the native press and rudimentary education. The second half witnessed more dramatic events such as the coming of the Railways and the establishment of the Indian National Congress that changed the destiny of the subcontinent forever. The book takes a fresh look at the various

aspects of nineteenth century Maharashtra. It includes the critiques and reviews of literature, language, history writing and women's reforms in this period. It argues that the elite attempts at social reform had their own inherent limitations. They could not reach the level of radicality reached by the subalterns whose lived experience of discrimination was the biggest stimulus for reform. Mahatma Phule stands out from among a range of thinkers in this period for his innovative

understanding of the Indian reality. Phule was one of the rare thinkers who reconciled the Indian reality with its Universal counterpart.

SUPERPOWER Jagran Prakashan Ltd.

The greatest run-scorer in the history of cricket, Sachin Tendulkar retired in 2013 after an astonishing 24 years at the top. The most celebrated Indian cricketer of all time, he received the Bharat Ratna Award - India's highest civilian honour - on the

day of his retirement. Now Sachin Tendulkar tells his own remarkable story - from his first Test cap at the age of 16 to his 100th international century and the emotional final farewell that brought his country to a standstill. When a boisterous Mumbai youngster's excess energies were channelled into cricket, the result was record-breaking schoolboy batting exploits that launched the career of a cricketing phenomenon. Before long Sachin Tendulkar was the

cornerstone of India's batting line-up, his every move watched by a cricket-mad nation's devoted followers. Never has a cricketer been burdened with so many expectations; never has a cricketer performed at such a high level for so long and with such style - scoring more runs and making more centuries than any other player, in both Tests and one-day games. And perhaps only one cricketer could have shocked a nation by defiantly scoring a Test

century shortly after terrorist attacks rocked Mumbai. His many achievements with India include winning the World Cup and topping the world Test rankings. Yet he has also known his fair share of frustration and failure - from injuries and early World Cup exits to stinging criticism from the press, especially during his unhappy tenure as captain. Despite his celebrity status, Sachin Tendulkar has always remained a very private man, devoted to his family and his country.

Now, for the first time, he provides a fascinating insight into his personal life and gives a frank and revealing account of a sporting life like no other. In Mahatma Gandhi: The Great Indian Way, Raja Rao upends the genre of the literary biography with inventive non-linear chronology, through dialogue and anecdote, situating the physical within the metaphysical, and with a text that is both retrospective and

contemporary at the same time. By mapping genealogies and distilling them, Rao focuses on Gandhi's years in South Africa, the birth of non-violent resistance, and then moves into the epic freedom struggle in India, which brought Gandhi to worldwide renown in his own lifetime. With an emphasis on the idea of dharma as a framework for Gandhism, both in South Africa and India, this is the story of the man as much as the Mahatma.
