From Ex-McKinsey (up or out policy, weekend work)** Management Consulting For Dummies

What is Management Consulting? Management consulting is the practice of analyzing business problems and offering advice to improve business performance. It all started when Frederick

Taylor, the father of scientific management, studied time requirements of a manufacturing process in 1880's. It eventually led to the emergence of other consultants. One of them was James McKinsey, the founder of the global consulting firm McKinsey and Co. Because he and his expert colleagues were able to help

...Management Consulting For Dummies Consulting For Dummies walks you through ways to build a thriving consultant practice, including the business of .
