### **LES VIES DES SAINTS** ASCSA

"[A] magnificent work... that will definitely shape the discussion on Derrida for years to come." -- Rodolphe Gasché  
What is the nature of the relationship of Jacques Derrida and deconstruction to Edmund Husserl and phenomenology? Is deconstruction a radical departure from phenomenology or does it trace its origins to the phenomenological project? In Derrida and Husserl, Leonard Lawlor illuminates Husserl's influence on the French philosophical tradition that inspired Derrida's thought. Beginning with Eugen Fink's pivotal essay on Husserl's philosophy, Lawlor carefully reconstructs the conceptual context in which Derrida developed his interpretation of Husserl. Lawlor's investigations of the work of Jean Cavailles, Tran-Duc-Thao, and Jean Hyppolite, as well as recent texts by Derrida, reveal the depth of Derrida's relationship to Husserl's phenomenology. Along the way, Lawlor revisits and sheds light on the origin of

many important Derridean concepts, such as deconstruction, the metaphysics of presence, différance, intentionality, the trace, and spectrality.

The Complete Poetry of Aimé Césaire  
Routledge

When the Roman tourist Pausanias visited Corinth around A.D. 160, he saw many shrines and buildings high up to the south of the city, on the slopes of Acrocorinth. This booklet describes excavations at one of these, the Sanctuary of Demeter and Persephone (Kore). The details of religious rites revealed are of particular interest since the cult of the two goddesses, also celebrated at Eleusis, is one of the most mysterious in antiquity, and no literary testimony exists to explain what may have happened behind the high walls. Terracotta dolls, ritual meals of pork, and miniature models of food-filled platters hint at a vigorous religious tradition associated with human and agricultural fertility.

Millennium transcends boundaries – between epochs and regions, and between disciplines. Like the Millennium-Jahrbuch, the journal Millennium-Studien pursues an international, interdisciplinary approach that cuts across historical eras. Composed of scholars from various disciplines, the editorial and advisory boards welcome

submissions from a range of fields, including history, literary studies, art history, theology, and philosophy. Millennium-Studien also accepts manuscripts on Latin, Greek, and Oriental cultures. In addition to offering a forum for monographs and edited collections on diverse topics, Millennium-Studien publishes commentaries and editions. The journal primarily accepts publications in German and English, but also considers submissions in French, Italian, and Spanish. If you want to submit a manuscript please send it to the editor from the most relevant discipline: Wolfram Brandes, Frankfurt (Byzantine Studies and Early Middle Ages): brandes@rg.mpg.de Peter von Möllendorff, Gießen (Greek language and literature):

peter.v.moellendorff@klassphil.uni-giessen.de Dennis Pausch, Dresden (Latin language and literature):

dennis.pausch@tu-dresden.de Rene Pfeilschifter, Würzburg (Ancient History): Rene.Pfeilschifter@uni-wuerzburg.de Karla Pollmann, Bristol (Early Christianity and Patristics):

K.F.L.Pollmann@bristol.ac.uk All manuscript submissions will be reviewed by the editor and one outside specialist (single-blind peer review).

*Le ministère sacerdotal dans la tradition syriaque primitive* Walter de Gruyter GmbH & Co KG

This book offers a thorough analysis of demons in the Hebrew Bible and Septuagint in the wider context of the ancient Near East and the Greek world. Taking a fresh and innovative angle of enquiry, Anna Angelini investigates continuities and changes in the representation of divine powers in Hellenistic Judaism, thereby revealing the role of the Greek translation of the Bible in shaping ancient demonology,

angelology, and pneumatology. Combining philological and semantic analyses with a historical approach and anthropological insights, the author both develops a new method for analyzing religious categories within biblical traditions and sheds new light on the importance of the Septuagint for the history of ancient Judaism. Le livre propose une analyse approfondie des démons dans la Bible Hébraïque et la Septante, à la lumière du Proche Orient Ancien et du contexte grec. Par un nouvel angle d'approche, Anna Angelini met en lumière dynamiques de continuité et de changement dans les représentations des puissances divines à l'époque hellénistique, en soulignant l'importance de la traduction grecque de la Bible pour la compréhension de la démonologie, de l'angéologie et de la pneumatologie antiques. En intégrant l'analyse philologique et sémantique avec une approche historique et des méthodes anthropologiques, l'auteur développe une nouvelle méthodologie pour analyser des catégories religieuses à l'intérieur des traditions bibliques et affirme la valeur de la Septante pour l'histoire du judaïsme antique.

T-Z. tome quinzième Coach House Books Le recueil compare les procédures de fabrication et d'interprétation des signes dans les sociétés polythéistes ou monothéistes de la Méditerranée ancienne. Il analyse les rites ou l'argumentation critique visant à endiguer les signes et à préserver l'initiative humaine face aux injonctions du destin. - The essays compare the procedure of fabrication and interpretation of signs in the polytheistic and monotheistic societies of the ancient Mediterranean Sea. The writers analyze the rites or the critical argumentation intending to stem the signs and to

preserve the human initiative facing the injunctions of destiny.

Penguin UK

Hervé, the friend with AIDS; his lover, Hervé, also afflicted; Hervé the hairdresser; Hervé next door who has defenestrated himself: in *A Cannibal and Melancholy Mourning* the narrator confronts the deaths of so many friends, all named Hervé. But the dead cannot be buried so easily; they live on, spectres haunting her, as the cumulative effect of all her Hervés becomes a multifaced Death that simultaneously angers, saddens, cheers and confuses her. In this unfolding series of encounters between the living and the dead, Mavrikakis draws on Deleuze, Freud, Foucault and novelist Hervé Guibert to make of herself and of this visceral, compelling novel a kind of living mausoleu where those unable to speak may still be heard.

The Complete Poetry of Aimé Césaire gathers all of Césaire's celebrated verse into one bilingual edition. The French portion is comprised of newly established first editions of Césaire's poetic œuvre made available in French in 2014 under the title *Poésie, Théâtre, Essais et Discours*, edited by A. J. Arnold and an international team of specialists. To prepare the English translations, the translators started afresh from this French edition. Included here are translations of first editions of the poet's early work, prior to political interventions in the texts after 1955, revealing a new understanding of Césaire's aesthetic and

political trajectory. A truly comprehensive picture of Césaire's poetry and poetics is made possible thanks to a thorough set of notes covering variants, historical and cultural references, and recurring figures and structures, a scholarly introduction and a glossary. This book provides a new cornerstone for readers and scholars in 20th century poetry, African diasporic literature, and postcolonial studies.

*L'imaginaire Du Démoniaque Dans la Septante* BRILL

Il volume, che raccoglie gli atti del convegno internazionale tenutosi a Firenze nella primavera del 2005, riprende una tematica, quella delle rivolte urbane e rurali del XIV secolo, che aveva conosciuto un certo oblio negli ultimi tempi rispetto alla straordinaria fortuna di cui aveva goduto soprattutto negli anni '60 e '70 del secolo scorso, sulla spinta delle vicende tormentate di quei decenni. I sedici saggi che lo compongono, opera di specialisti di cinque diversi paesi europei, sviluppano tre diverse forme di analisi all'interno di un taglio cronologico che fa riferimento a un Trecento largo, che va dagli ultimi decenni del XIII secolo sino ai primi del XV, secondo una cronologia consolidata e condivisa.

*Grand dictionnaire universel du XIXe siècle* Manchester University Press

A Reference Grammar of French is a lively, wide-ranging and original handbook on the structure of the French language. It includes new information on register, pronunciation, gender, number, foreign words (Latin, Arabic, English, Spanish, Italian), adjectives and past participles used as nouns, texting, word order, frequency of occurrence of words, and usage with all geographical names. Examples come not only from France, but also from Quebec, Belgium and

Switzerland. Readers will appreciate the initial passages illustrating the grammatical features of a given chapter. Also included is a user-friendly introduction to the French language, from its Latin origins to modern times. A full glossary explains any terms that might confuse the less experienced reader, and the index leads the student through the detailed labyrinth of grammatical features. This handbook will be an invaluable resource for students and teachers who want to perfect their knowledge of all aspects of French grammar.

Bulletin signalétique BRILL

Now in its second edition, *The Routledge Dictionary of Cultural References in Modern French* reveals the hidden cultural dimension of contemporary French, as used in the press, going beyond the limited and purely lexical approach of traditional bilingual dictionaries. Even foreign learners of French who possess a good level of French often have difficulty in fully understanding French articles, not because of any linguistic shortcomings on their part but because of their inadequate knowledge of the cultural references. This cultural dictionary of French provides the reader with clear and concise explanations of the crucial cultural dimension behind the most frequently used words and phrases found in the contemporary French press. This vital background information, gathered here in this innovative and entertaining dictionary, will allow readers to go beyond a superficial understanding of the French press and the French language in general to see the hidden yet implied cultural significance that is so transparent to the native speaker. This fully revised second edition includes: a broad range of

cultural references from the historical and literary to the popular and classical; an enhanced analysis of punning mechanisms used in the press; over 3,000 cultural references explained with updated examples; a three-level indicator of frequency; new and expanded chapters on the French of Quebec, institutional and academic references, and English borrowings in the areas of IT and medical science; over 600 online questions to test knowledge before and after reading. *The Routledge Dictionary of Cultural References in Modern French* is the ideal reference for all undergraduate and postgraduate students of French seeking to enhance their understanding of the French language. It will also be of interest to teachers, translators and Francophiles alike. French students in khâgne, Sciences-Po and schools of journalism will also find this book valuable and relevant for their studies. Test questions and solutions are available at [www.routledge.com/9780367376758](http://www.routledge.com/9780367376758), in addition to three online chapters. These bonus chapters explore figurative expressions involving the names of animals, the language of the law and slang terms.

Poetry, Bible and Theology from Late Antiquity to the Middle Ages Cambridge University Press

In *Medieval Boundaries*, Sharon Kinoshita examines the role of cross-cultural contact in twelfth- and early thirteenth-century French literature. Starting from the observation that many of the earliest and best-known works of the French literary tradition are set on or beyond the borders of the French-speaking world, she reads the *Chanson de Roland*, the *lais* of Marie de France,

and a variety of other texts in an expanded geographical frame that includes the Iberian peninsula, the Welsh marches, and the eastern Mediterranean. In Kinoshita's reconceptualization of the geographical and cultural boundaries of the medieval West, such places become significant not only as sites of conflict but also as spaces of intense political, economic, and cultural negotiation. An important contribution to the emerging field of medieval postcolonialism, Kinoshita's work explores the limitations of reading the literature of the French Middle Ages as an inevitable link in the historical construction of modern discourses of Orientalism, colonialism, race, and Christian-Muslim conflict. Rather, drawing on recent historical and art historical scholarship, Kinoshita uncovers a vernacular culture at odds with official discourses of crusade and conquest. Situating each work in its specific context, she brings to light the lived experiences of the knights and nobles for whom this literature was first composed and—in a series of close readings informed by postcolonial and feminist theory—demonstrates that literary representations of cultural encounters often provided the pretext for questioning the most basic categories of medieval identity. Awarded honorable mention for the 2007 Modern Language Association Aldo and Jeanne Scaglione Prize for French and Francophone Studies

Dictionnaire de la Langue Francaise  
Supplements to the Journal for  
Le livre présente le sacerdoce chez quatre auteurs syriaques, en l'éclairant par le sacerdoce du Christ et en le plaçant dans la continuité du sacerdoce de l'A.T. Leur actualité s'exprime par une approche essentiellement théologique,

loin de tout légalisme et juridisme. This book describes the conception of priesthood of four Syriac authors, illuminating it by the Priesthood of Christ and placing it in the continuity of the priesthood of the O.T. Their actuality is expressed by their theological approach, far from any legalism.

**Une Analyse Comparée de la Notion de "demon" Dans la Septante Et Dans la Bible Hébraïque** Indiana University Press

'O day so ardently desired! O time of times the most memorable! O deed before all other deeds!' The fall of Jerusalem in the summer of 1099 to an exhausted and starving army of Western European soldiers was one of the most extraordinary events of the Middle Ages. It was both the climax of a great wave of visionary Christian fervour and the beginning of what proved to be a futile and abortive attempt to implant a new European kingdom in an overwhelmingly Muslim world. The legacy of these events continues to be argued over more than nine centuries later. This remarkable collection of first-hand accounts brings to life the First Crusade in all its cruelty and strangeness.

Échos d'orient BRILL

Gil Gamesh is the only pitcher who ever tried to kill the umpire, and John Baal, The Babe Ruth of the Big House, never hit a home run sober. But you've never heard of them -- or of the Ruppert Mundys, the only homeless big-league ball team in American history -- because of the communist plot and the capitalist scandal that expunged the entire Patriot League from baseball memory. Philip Roth's richly imagined satiric narrative, The Great American Novel, turns baseball's status as national pastime and myth into an unfettered farce featuring heroism and perfidy, lively wordplay and

a cast of characters that includes the House Un-American Activities Committee.

University of Pennsylvania Press

This book analyzes the genesis and evolution of the late Gothic painting in the Crown of Aragon and the Hispanic kingdoms, examining this phenomenon in relation to the whole context of Europe in the second half of the fifteenth century.

**Derrida and Husserl** BRILL

Depuis Emile Mâle et Louis Réau, la France manquait d'un grand dictionnaire d'iconographie, d'un ouvrage de référence dans le domaine de l'explication des images. Le Dictionnaire Critique d'Iconographie Occidentale se veut un ouvrage utile et indispensable dans le monde universitaire, auprès des étudiants et des chercheurs des différentes disciplines historiques ou artistiques. Le Dictionnaire Critique d'Iconographie Occidentale s'adresse également aux historiens et aux historiens de l'art, au monde des arts plastiques et à celui des musées, aux métiers du Patrimoine et à un public large d'amateurs, de collectionneurs et d'utilisateurs d'œuvres d'art et d'ouvrages artistiques. Le cadre chronologique et culturel du Dictionnaire Critique d'Iconographie Occidentale concerne l'iconographie occidentale du début du Moyen Age à nos jours. Une de ses originalités est précisément cette ouverture aux XIXe et surtout XXe siècles. Du Moyen Age au XXe siècle, la plupart des thèmes abordés permettent d'écrire une histoire continue sur la longue durée. Pour les périodes les plus contemporaines, de nouvelles préoccupations se font jour, dont le lecteur trouvera beaucoup d'éléments inattendus dans ce livre. Chaque entrée comprend la traduction du terme en

quatre langues (allemand, anglais, espagnol, italien), présente la définition, l'historiographie et l'évolution de l'iconographie à travers les siècles, et prend en considération toutes les techniques (peinture, sculpture, vitrail, mosaïque, enluminure...). Au-delà des notices incontournables, le lecteur en trouvera d'inattendues qui permettent des approches transversales comme Bande dessinée, Cabaret, Kitsch ou Télévision qui sont habituellement absentes de ce type de dictionnaire. Les différentes entrées, classées par ordre alphabétique, se répartissent en quatre grandes rubriques conceptuelles : iconographie de la Bible (Apocalypse, Déluge, Paradis), iconographie profane (Amour, Chevalier, Marchand, Monstre, Voyage), mouvements artistiques pris sous l'angle des développements de l'iconographie (Surréalisme), histoire de l'iconographie, des écoles ou des personnalités (E. Mâle, E. Panofsky). Encadré par un comité de direction et un comité éditorial, dirigés par Xavier Barral i Altet, spécialiste renommé de l'Histoire de l'art du Moyen Age, auteur de nombreux ouvrages spécialisés et professeur à l'université de Rennes 2, cet ouvrage compte avec la participation de plus de cinquante auteurs, français et étrangers, des enseignants, des doctorants et des chercheurs spécialisés. Sa préparation s'est étendue sur une dizaine d'années.

Exercices d'histoire des religions is a collection of nineteen studies by Philippe Borgeaud, showcasing his many reflections on the categories and tools used to describe and compare such evanescent concepts as "religions", "myths" and "rituals". Exercices d'histoire des religions rassemble dix-

neuf articles de Philippe Borgeaud, illustrant sa réflexion sur les outils et catégories employés pour décrire et

comparer des concepts aussi évanescents que les « religions », les « mythes » ou les « rituels ».
