## GUERRA UNDERWOOD

*Congratulations, Rhododendrons* Routledge  
A New York Times Bestseller  
Oh, Florida! That name. That combination of sounds. Three simple syllables, and yet packing so many mixed messages. To some people, it's a paradise. To others, it's a punch line. As *Oh, Florida!* shows, it's both of these and, more important, it's a Petri dish, producing trends that end up influencing the rest of the country. Without Florida there would be no NASCAR, no Bettie Page pinups, no Glenn Beck radio rants, no USA Today, no "Stand Your Ground," . . . you get the idea. To outsiders, Florida seems baffling. It's a state where the voters went for Barack Obama twice, yet elected a Tea Party candidate as governor. Florida is touted as a carefree paradise, yet it's also known for its perils—alligators, sinkholes, pythons, hurricanes, and sharks, to name a few. It attracts 90 million visitors a year, some drawn by its impressive natural beauty, others bewitched

by its manmade fantasies. *Oh, Florida!* explores those contradictions and shows how they fit together to make this the most interesting state. It is the first book to explore the reasons why Florida is so wild and weird—and why that's okay. Florida couldn't be Florida without that sense of the unpredictable, unexpected, and unusual lurking behind every palm tree. But there is far more to Florida than its sideshow freakiness. *Oh, Florida!* explains how Florida secretly, subtly influences all the other states in the Union, both for good and for ill.

### **Time Lords and Star**

**Cops** Penguin  
Beginning employment at the USPS, a dubious phenomenon occurred in the work environment that seemed to be stemming from administrative positions. At thirty-two years old and having a poor track record with past endeavors, I knew if there ever came a point in time where I would have to defend my merit, it would be against the word of people who have decades in the postal service, multiple people saying the same thing. With the inclination that I had entered a corrupt

environment and the unwillingness to compromise my integrity, I would have to write down in detail every time something happened that affected me and my career negatively. I documented for a full year, and on my first vacation starting 381 days after my start date with the USPS, I began writing a book, returning from my vacation on May 26. I received a predisciplinary interview. I was thirty thousand words into my novel when this happened. Over the course of fourteen days, I received several disciplinary actions, the last one being a seven-day suspension. The same day, I discovered OIG released a report on June 10 that publicly disclosed the findings of a four-year investigation over stamp count analysis stating the amount of offices that exceeded the maximum order shipments from stamp fulfillment services (12,151 offices in 2018) and how offices were able to hide the additional inventory. It was a feature added in retail system software called "excludable stamp stock inventory." It was a storage unit that the USPS devised to move additional stamps during

quarter two of the physical year (Merry Christmas). This feature is what's called a gap in internal controls. It's not monitored, and there is no SOP for administrative action. OIG made this discovery by arresting one postmaster who exceeded the stamp ordering from stamp fulfillment services, transferring excess inventory to excludable stamp stock in RSS, and virtually walking them out of the building, selling them to a third party dealer or on eBay (OIG report number FT-AR-19-0008). When this information was released, I had caught up to myself in time, and it gave me the last chapter of my book, Bridging the Gap to Solvency Fixing the USPS. It was the broken lightbulb that lit up the entire strand of lights. Louis Dejoy took over command as the PMG the following week, about whom in my book I stated, "He is a Brooklyn Juggernaut, and postal workers will suffer the fate in which we brought upon ourselves. I take full responsibility and maintain my loyalty to the USPS." I submitted the manuscript two weeks later to a few different publishing agencies which all wanted to sign a

contract with me the same week PMG Dejoy began his march forward. The book is to enlighten the public so the mass workforce cannot rise up and stop necessary actions that must happen so the postal service can fulfill a universal mandate of delivering the mail. It's done. I did it. I didn't get assassinated, and I hope it makes a positive difference for those who choose to do the right thing. That's what it's about.

#### **A Thug Cop's Redemption** Entangled:

Lovestruck  
Chris feels like a loser and is tired of his life of obedience and order. When he goes to college craving something else, the socially adept Ethan takes Chris under his wing. Ethan shows Chris a life of traditional basement revelry and campus terrorism. Everything seems fine until Ethan puts a gun in his mouth sophomore year and Chris has to find out why the envy of so many chose suicide as his way out.

[The Regulators](#) Lulu.com  
One of the most beloved programs in the history of television, cop show Northie, has fallen into a ratings slump. Will it be cannibalized by

unscrupulous studio executives for one last burst of high ratings? Or will it be allowed to conclude its run in dignity? These are the questions faced by television producer Louie. **Gone Without Goodbye** Yosemite Conservancy Globally, police officers are the object of unprecedented visual scrutiny. The use of mobile phones, CCTV and personal body cams means that police are not only being filmed on the job but are also filming themselves. In popular culture, police have featured heavily on the big screen since the era of silent shorts and on television since the 1930s. Their fictional portrayals today take on added significance in light of social unrest surrounding cases of police brutality and discrimination. These essays explore 21st century portrayals of police on film and television. Chapters often emphasize the Black Lives Matter movement and consider the tone, quality, appropriateness and intention of film and television featuring police activity. Extensively covered works include Mindhunter, Brooklyn Nine-Nine, Cops, Criminal

Minds and RoboCop, and among the major topics addressed are policing communities, hunting serial killers, police animals, and police in historic settings ranging from the 19th century through the present day and into science fiction futures.

*Magnetic Prosperity*  
Manchester University Press

In the aftermath of the explosion, the music industry continues in its soul-crushing vortex of creating superstars and spinning lies into truth. The Grants, royals of rock-n-roll, make a decision that will strain Ben's family and lead a killer to their front door. Chris wrestles with his obsession over the only woman he ever loved. His solo career thrives as his fragile marriage suffers under the weight of jealousy and unspeakable betrayal. Record mogul Jameson Lockhardt has used every weapon in his arsenal to avoid the exposure of his past, which includes a failed marriage, his son's illness, and a trail of bodies. One man knows the truth about the biggest name—the biggest monster—in entertainment. And he has nothing left to lose.

Frustrations intensify as reporter Miles Macy and his Metro Dade allies continue their off-the-books investigation into the Grant murders. A mysterious riddle from an anonymous source, previously concealed evidence, and a voice from the past converge to fill in missing pieces and bring closure to more than one grieving family. Loyalties shift, bonds of love are tested, and friendships are strengthened. Life and death meet head-on in a cataclysmic finale that will shake the foundations of an entire industry.

*Crema* Penguin  
Although television critics have often differed with the public with respect to the artistic and cultural merits of television programming, over the last half-century television has indubitably influenced popular culture and vice versa. No matter what reasons are cited--the characters, the actors, the plots, the music--television shows that were beloved by audiences in their time remain fondly remembered. This study covers the classic period of popular television shows from the 1960s through the 1990s, focusing on how regular viewers interacted with

television shows on a personal level. Bridging popular and scholarly approaches, this book discovers what America actually watched and why through documents, footage, visits to filming locations, newspapers, and magazine articles from the shows' eras. The book features extensive notes and bibliography.

Working full-time, going back to school, and raising a high school senior – Brooke Portman's schedule in Holiday Beach is a whirlwind of obligations. As she turns the page into October, the few blank spots left on her calendar are being filled with the man who's determined that she should have a life of her own with him in the picture. Sheriff Aaron Gillespie thinks he and Brooke can go the distance if they can get past the obstacles constantly being thrown in their path. When their kids' social lives are busier than their own, and every date he and Brooke manage to have is interrupted by reports of criminal activity, it feels like the Halloween season is all tricks and no treats. Then Aaron and Brooke find themselves on

opposites sides of the same arson case. One that threatens to burn their relationship to cinders. Holiday Beach Sweet Romances: 1. Shamrocks and Surprises 2. Pumpkins and Promises Watching the Cops BroadStreet Publishing Group LLC

What if future criminals played games of skill for their freedom? Would spellcasters dare use magic to skew chance in their favor? What if aliens judged us based on the games we play? Can a dying woman literally cheat Death? Games are about more than winning and losing. They're about risk and reward, strategy and blind fortune, our need to win and our fear of being outplayed. And when magic and science infuse a game, the stakes can be of cosmic importance. Each move could decide life or death. Are you ready to play? In this anthology, seventeen of today's leading fantasy and science fiction authors explore the role games play in worlds both seen and unseen. Join Aliette de Bodard, Jennifer R Povey, Ed Greenwood, Cory Swanson, David Hankins, Cat Rambo, Wulf Moon, Jo Miles, James Alan Gardner, Karen Aria Lin, Mike Rimar, Eric Choi, Tris

Lawrence, Mark Silcox, Melissa Yi, Michael Picco, and Sean Williams as they share with us games played for unimaginable stakes. The board is set, the cards are dealt—now it's GAME ON!

**Syruptown** Macmillan + ORM

On June 30, 1864, amidst the Civil War, President Abraham Lincoln signed the Yosemite Grant Act to protect Yosemite Valley and Mariposa Grove of Giant Sequoias. This act that set aside the first public parkland for future generations was a legacy for our nation and an inspiration to the world. To honor the 150th anniversary of this milestone, a call went out inviting the public to celebrate in prose and poetry the national park they love. The 150 pieces in this book were selected from hundreds of submissions from people who have visited, lived in, or worked in Yosemite National Park. These collected reflections feature, among other things, treks up Half Dome, escapades at The Ahwahnee, revels at the long-gone firefall, and, yes, encounters with those bears; and range from the hilarious to the historical, the enlightening to the

uplifting. Inspiring Generations will encourage many journeys to the park filled with family, friends, and the stuff memories are made of.

Growing All the Wiser Oxford University Press, USA

Reggae's influence can be heard in the popular music of nations in a variety of continents. In Dubwise, Klive Walker takes a fresh look at Bob Marley's global impact, specifically his legacy in the Caribbean diaspora. While considering Marley's status as an international reggae icon, Walker also discusses the vital contributions to reggae culture authored by other important Jamaican innovators such as poet Louise Bennett, hand drummer Oswald "Count Ossie" Williams, jazz saxophonist Joe Harriott, ska trombonist Don Drummond and singer Dennis Brown. *Notebook* Duke University Press

On a perfect summer afternoon in Wentworth, Ohio, many of the citizens who live on Poplar street are killed mysteriously and, at the center of the mystery, is a young boy named Seth Garon whose supernatural powers are just awakening. Reissue.

The Social History of Crime and Punishment in America: A-De Steve Milton

This is the love story of George and Patty Keller, and their battle with one of the most debilitating diseases of our age - Alzheimer's. He was strong, dutiful and caring, forged at a time when the Old World ways were the only way to do things, but sometimes a little stubborn and strong willed. She was creative, emotional and opinionated, a woman whose kitchen always swirled with the luscious aromas of a homemade Italian meal and exquisite conversation. At times, Patty and George seemed to go together like pickles and ice cream, but their love was unshakeable. Patty wanted other caregivers of Alzheimer's patients to hear their story, to realize that their afflictions are part of the disease and perhaps come to understand what may lie in the years ahead. Caregivers will find useful tips for managing stress, lifestyle alternatives and other helpful information in this story of love, humor and courage.

*Game On!* Simon and Schuster

Master storyteller Stephen

King presents the classic, terrifying New York Times bestseller of those caught between the surreal forces of good versus evil in a small suburban Ohio town. "The red van rolls past...humming and glinting. ...Things are happening fast now, although no one on Poplar Street realizes it yet." It's a gorgeous midsummer afternoon along Poplar Street in the peaceful suburbia of Wentworth, Ohio, where life is as pleasant as you ever dreamed it could be. But that's all about to end in blaze of gunfire and sudden violence, forever shattering the tranquility and the good times here. For the physical makeup of Poplar Street itself is now being transformed into a surreal landscape straight out of the active imagination of the innocent and vulnerable Seth Garin—an autistic boy who's been exposed to and possessed by a horrific, otherworldly force of evil, one with sadistic and murderous intent and who is willing to use whatever means necessary to grow ever stronger.

His goal is to fall in love, but along the way, he starts cults, becomes a

rapper, a true outdoorsman, a leader, a hero of his own time. How do I know all of this? I am the author, Grant H. Fishtruck, and I channel the experiences of this young man, alien, in my dreams. But, what is more important, the dream, or the dreamer? If you want to enjoy this book, go with both at the same time.

*Bridging the Gap to Solvency* Lulu.com

In an innovative departure from the much-studied field of 'crime in the media', this lively book focuses its attention on the forces of law and order; how they visualize and represent danger and criminality and how they represent themselves as authorities. After two chapters covering basic terms and tools in the study of culture and representation, the book covers such topics as the history of justice - system methods for visualizing criminality, from fingerprinting to DNA; the emergence of a 'forensic gaze' that begins with Edgar Allan Poe and Sherlock Holmes and culminates in the American television show *Crime Scene Investigation* and the rise of ways of seeing urban space that constantly divide the city into 'good' and 'bad'

areas. The final chapter uses some recent conflicts regarding the legal admissibility of 'gruesome pictures' to reflect on the importance of the visual in our everyday experiences, both of safety and of danger.

A Thug Cop's Redemption  
Why does the word, "Thug" sound so bad but seems to be a good thing for so many? Many of us were sinners saved by grace. Are we simply thugs in need of redemption? No matter what religious titles we give ourselves, or careers we endeavor to pursue, could it be possible that the, "Thug Nature" is lying dormant within us awaiting the opportunity to manifest? Minister T. Bryant Jr. was born in Savannah, GA. He was raised in a Christian upbringing, the oldest of eight siblings. He attended Chatham County Schools, served in the United States Army and furthered his education while stationed in Texas and Europe. Minister Bryant strayed from his Christian roots, honorably discharged from the military to become a

Police Officer in his home town...While a cop and trying to fulfill that empty void in his heart, Bryant began to chase after worldly treasures. After all those things failed him, the thing he greatly feared came upon him. This book is a must read for every prisoner, entrepreneur, saint, and sinner. This minister shares how he discovered he was a thug in need of redemption. Prison saved Tommy's life, while in he discovered his gifts, calling, and purpose in The Kingdom of God. He became a Minister of Music, musician, worship leader, songwriter, psalmist, leading staff and inmates to Christ in every facility he was sent to serve. Tommy was taught how to tap into the power within to experience specific answers to prayer and results where he birthed his Proverbs 31, Ruth 3:11 wife, Amiee. They have a combined total of 8 children and 2 grandchildren. What the enemy meant for evil, God turned around and blessed abundantly. God can and will do the same for you.

**When First We Practice to Deceive**  
iUniverse  
When Officer Rick Boyd answers a call about a peeping Tom, he doesn't

expect to find a gorgeous woman holding the binoculars. But Gina Silvano's no peeping Tom, and she can catch her cupcake truck's kinky vandals herself, thank you very much. No sexy cops required. No matter how hot their stakeouts, by-the-book Officer Boyd can't see a future with a dangerous, rule-breaking wild-child who thwarts the law. He's never felt more alive, though, and expunging her from his heart might be impossible. Each book in the Sweet Love series is a standalone, full-length story that can be enjoyed out of order. Series Order: Book #1 Truly, Madly, Sweetly Book #2 Totally, Sweetly, Irrevocably Book #3 Sweetly, Deeply, Absolutely  
[Theme Song for an Old Show](#) Verso Books  
Zeke walks in to Clark's coffeeshop on opening day. Isn't Zeke... wasn't Zeke... Zippy the Calculator Boy, from back in elementary school? Except he has muscles now. And he's looking Clark up and down like he never did back in elementary school. Clark is straight, but he has to admit: Zeke is gorgeous. And intimidatingly smart, just like he was back in school. Plus those

muscles. It's a little too much. Clark wouldn't mind reconnecting with his old buddy Zeke. For friend stuff. They can drive their Ferraris around. Jump off of casino boats. Stuff like that. So why does Clark want to kiss him? Clark is straight. Or so he says. And Zeke doesn't need love. Or so he thinks. Crema is a straight-to-gay romantic comedy with a wacky aunt, unadvised jumps off a casino boat, and a jock and a nerd finding their HEA.

#### Who Called the Police?

Insomniac Press

The rollicking saga of reality television—an ambitious cultural history of America's most influential, most divisive artistic phenomenon, from the Pulitzer Prize-winning New Yorker writer “Written with a storyteller's verve, a journalist's skepticism, a critic's astuteness, and a fan's loving eye.”—Michael Chabon, author of *The Amazing Adventures of Kavalier and Clay* Who invented

reality television, the world's most dangerous pop-culture genre? And why can't we look away? In this revelatory, deeply reported account of the rise of “dirty documentary”—from its contentious roots in radio to the ascent of Donald Trump—Emily Nussbaum unearths the origin story of the genre that ate the world, as told through the lively voices of the people who built it. At once gimlet-eyed and empathetic, *Cue the Sun!* explores the morally charged, funny, and sometimes tragic consequences of the hunt for something real inside something fake. In sharp, absorbing prose, Nussbaum traces the jagged fuses of experimentation that exploded with *Survivor* at the turn of the millennium. She introduces the genre's trickster pioneers, from the icy Allen Funt to the shamolic Chuck Barris; Cops auteur John Langley; cynical Bachelor ringmaster Mike Fleiss;

and Jon Murray and Mary-Ellis Bunim, the visionaries behind *The Real World*—along with dozens of stars from *An American Family*, *The Real World*, *Big Brother*, *Survivor*, and *The Bachelor*. We learn about the tools of the trade—like the Frankenbite, a deceptive editor's best friend—and ugly tales of exploitation. But *Cue the Sun!* also celebrates reality's peculiar power: a jolt of emotion that could never have come from a script. What happened to the first reality stars, the Louds—and why won't they speak to the couple who filmed them? Which serial killer won on *The Dating Game*? Nussbaum explores reality TV as a strike-breaker, the queer roots of *Bravo*, the dark truth behind *The Apprentice*, and more. A shrewd observer who adores television, Nussbaum is the ideal voice for the first substantive history of the genre that, for better or worse, made America what it is today.
