Wilson Raj Perumal has been labeled the world's most prolific match-fixer in football's recent history. Born a village boy in rural Singapore in the mid-60's, Wilson climbed the heights of international match-fixing across five continents, becoming FIFA's most wanted man. Like a "guppy in the sea", Wilson starts off a small gambler, mixing with the local Singapore bookies, and witnesses the rise and fall of the old-school Asian "big fish" of match-fixing until he finds himself competing against them in a world with no set rules, where turncoats are the norm and quick money the only drive. Perumal was arrested in Finland in February 2011 and decided to collaborate with authorities, thus opening the match-fixing Pandora's box. In his book, Wilson reveals an unprecedented account of how the international match-fixing underworld has influenced the outcomes of matches at every level of football that we may well have watched unsuspectingly. Kelong Kings is the ultimate tale about gambling, football and match-fixing, told directly by the man who made it all happen. But be advised, after you read this book, you will never be able to watch a soccer match in the same way again.

 Modern Ideas in Chess is a series of 45 essays dealing with the evolution of game, its leading players, their ideas and contributions to their respective periods. The chronology starts in the Romantic era of Anders-sen and Morphy, continues through the Classical School of Steinitz, Tarrasch, Lasker, and runs to the dawn of the Hypermodern Revolution; the 70 year stretch from 1852 to 1922. Working in small chunks Rti had to be selective in what he extracted from each player and period. Plus the individual elements all had to tie in with the larger canvass Rti was painting for his readers. You dont have to get too far into the book to realize that Rti was a creative artist using the tension of chess ideas to reflect the larger intellectual struggle of mankind. How does Rti do it? A solid chess foundation obviously helps, also keen observation of the human experience coupled with a powerful command of language. Together these serve up indelible images that stick in the mind of the reader and lift this work far above the ordinary. Modern Ideas in Chess is one of the rare books that transcends the time frame in which it was written. It stands on its own, timeless, one of the true classics in the literature of the game.

We're talking about those meal staples we pick up without thinking - chicken breasts, salmon fillets, ground beef, eggs, potatoes, broccoli, mushrooms, to name but a few. Through the door of a Swiss inn the reader steps into a painting. Two men talk to each other and before long the writer -someone like them, one of them- begins to address us. Thus commences the fugue that is Beauty on Earth, in which the coming of a

beautiful orphan to her uncle's inn brings a gradual chaos upon his town. Swiss novelist Charles-Ferdinand Ramuz published *La Beauté* in 1927. This translation by Michelle Bailat-Jones is a gift for which English language readers have waited decades.

A WAVE OF MATCH-FIXING THREATENS THE WORLD'S MOST POPULAR SPORT. There are dozens of national police investigations; hundreds of matches from top international games to the Champions League to youth teams have been fixed and over one thousand players, coaches and referees have been arrested. This new form of sports corruption will destroy football, unless we fight it. TO FIGHT IT, WE HAVE TO UNDERSTAND IT.

'The Insider's Guide to Match-Fixing in Football' is an analysis of the motivations, the mechanisms and the methods within this modern form of fixing. Hill was the first person to break the story of the new form of football fixing when he infiltrated an Asian match-fixing gang in 'The Fix' - now he returns with a book that is 'Freakonomics meets Football Corruption'. "Only Declan Hill could write a book with this level of academic rigor and foundation of investigative journalism. I expect Dr. Hill's new book to be the seminal work in the sports corruption space and I have adopted it for use in my PhD seminar on forensic sports law analytics." - Ryan M. Rodenberg, JD/PhD, Florida State University "Declan Hill has broken new ground academically, imparting much-needed order and clarity to the murky world of global match-fixing. This is an important book for anyone who cares about the integrity of sport, and it's an indispensable book for those involved in sports analytics" - Marc Carinci, Managing Director, Sports Gambling Data Services "Tenacious, factual and with an unrivalled understanding of the current threat being posed to the integrity of sport, Declan Hill consistently challenges those who stand idly by." - Senator Cecilia Keaveney, Former Head of the Council of Europe's Task Force on Match-Fixing "Declan Hill's new book is an absolute must-read for every thinking fan of the beautiful game on the planet. Being part of Declan's team preparing the book I know how much effort and research Declan invested in it. Declan's passion for our game, professional courage and expertise pours from every page." - Steven Powell, Director of Policy, Football Supporters' Federation "A new book from one of the best investigative writers on the subject of match and spot fixing in football. The challenge to the integrity of sport from sporting fraud is growing exponentially. This new book documents that cancerous expansion. The author is a renowned expert who focuses on football with the precision of a laser beam. A must read!" - Professor Richard McLaren, Faculty of Law, University of Western Ontario, London, Canada "The Insider's Guide to Match-Fixing in Football is an education for scholars and students of organized crime and a wake-up call for sports administrators. Rigorously researched but accessibly written, this book makes sense of match fixing in straightforward, rational terms. Such confirms Declan Hill as both master storyteller and global authority on the corruption threatening the beautiful game. Not to be missed." - James A. Densley, PhD, author of *How Gangs Work: An Ethnography of Youth Violence*
