Sitton Spelling Sourcebook: One teacher resource for each level contains everything you need in a unity-by-unit format to create a balanced, differentiated program that's right for your students. 5 teaching posters come with each sourcebook.

Taking Charge of Professional Development Cambridge English Spelling Mastery, Student Workbooks, Level F Replacing the old assign-and-test spelling book, Spelling Mastery is an effective, research-based program presents spelling strategies, patterns, and reliable rules. Benefits: Spelling Mastery interweaves three spelling strategies according to students' skill development. The phonemic approach helps beginning spellers learn and apply relationships between spoken sound and written letters to spelling. The morphemic approach shows advanced spellers how to spell prefixes, bases, suffixes and how to combine them to spell multisyllabic words. The intensive whole-word approach teaches students at all levels common words that cannot be taught with phonemic or morphemic strategies. Reliable spelling rules help students move beyond memorization to understand how words are spelled.

This popular practitioner guide and text presents an effective, problem-solving-based approach to evaluating and remediating academic skills problems. Leading authority Edward S. Shapiro provides practical strategies for working with students across all grade levels (K-12) who are struggling with reading, spelling, written language, or math. Step-by-step guidelines are detailed for assessing students' learning and their instructional environment, using the data to design instructional modifications, and monitoring student progress. The research base for the approach is accessibly summarized. The companion workbook, available separately, contains practice exercises and reproducible forms.

"Edward Fry has the uncanny as well as canny (choose your word) ability to take a complex concept?in this case vocabulary?and present it in a form useful to students and teachers." Allen Berger, Heckert Professor of Reading and Writing, Miami University "The Vocabulary Teacher?s Book of Lists will serve as an invaluable reference tool to any instructor involved in teaching English or designing project work. The content spans the grades from 4th up to college and is characteristic of Edward Fry?s contribution to be both comprehensive and creative." Pat Costigan, learning consultant, Bordentown Regional School District, New Jersey "Teachers who want to mix test-prep with life-success-prep will welcome The Vocabulary Teacher?s Book of Lists as an easy-to-use resource for lively lessons. They?ll enjoy the wry humor of Dr. Edward Fry?s teaching suggestions as he marries word work to wordplay." Lee Mountain, professor, curriculum and instruction, College of Education, University of Houston The Vocabulary Teacher?s Book of Lists offers content for literally hundreds of vocabulary improvement lessons for elementary and secondary teachers, self-improving adults, home schoolers, and students studying for their SATs. While there are dozens of shorter high interest lists of words, the core of the book is based on Latin and Greek roots and prefixes. But the largest list is Homophones. In fact it is one of the largest lists of homophones you will ever use. This list, like many others, is appropriate for spelling lessons or writer?s reference as well as vocabulary improvement. There are two dozen teaching methods in the Methods chapter and teaching suggestions to help improve reading and writing are scattered throughout the book. The lessons can be as short as a word-a-day or as long as a school year. The range of difficulty can go from upper elementary to college freshman classes, and be as diverse as adult education to English language learners.

Strategies for Engaging Students and Developing Literacy
John Wiley & Sons

How can every teacher, school, and district improve the quality of their schools? The answer is to empower teachers to take charge of their own learning, says author and teacher Joseph H. Semadeni. In this book, you'll learn how the Fusion professional development model can help you do just that. This accessible, customizable, and affordable model gives you proven ways to successfully establish teaching and learning practices that are grounded in solid educational research. In some schools, you may wish to begin the program with just a few teachers and let it gain recognition, support, and buy-in from the biggest skeptics. In other schools, the whole staff may be inspired to create their own lists of best practices, funding levels, and new school-day schedules. In both scenarios, schools have successfully implemented Fusion where it was needed the most. What's most appealing to teachers is that this approach gives them the chance to determine what strategies they want to learn, how much professional development they want to access, and when it best fits their schedules. As teachers learn, use, observe, and are observed practicing the strategies in their classrooms, they determine which practices best fit their students and foster achievement. With experience, teachers become eligible for related pay increases and Fusion helps teachers to foster the qualities, attitudes, and behaviors necessary to establish and nurture a collaborative culture within the school community.

Rebecca Sitton's Sourcebook for Teaching Spelling and Word Skills, Level 4 Guilford Press

When a tornado watch is issued one Tuesday evening in June, twelve-year-old Dan Hatch and his best friend, Arthur, don't think much of it. After all, tornado warnings are a way of life during the summer in Grand Island, Nebraska. But soon enough, the wind begins to howl, and the lights and telephone stop working. Then the emergency siren starts to wail. Dan, his baby brother, and Arthur have only seconds to get to the basement before the monstrous twister is on top of them. Little do they know that even if they do survive the storm, their ordeal will have only just begun. . . .

Practice makes perfect in just 10 minutes a day! There is nothing more important than your child's education, but sometimes it's difficult to find the time to squeeze everything in. Part of DK's best-selling "Made Easy" home-learning workbooks, the 10 Minutes a Day series fits in around busy lives. Aimed at ages 7-9, *Spelling* covers a range of subjects, from prefixes and syllables through nouns and verbs to apostrophes and common endings. Every subject is clearly introduced so children can complete the exercises on their own or under guidance. For the eager student, there are extra challenges on every page if they finish the questions within 10 minutes, or if they want to continue practicing. Answers are also provided so there's no need to worry if you don't know your "ei" from your "ie" or your hyphens from your homophones--everyone can learn at home together!
