ALANI TURNER

*The Routledge Handbook of Social and
 Political Philosophy of Language*
 Broadview Press

An updated and expanded edition of the classic introduction to PPE—philosophy, politics, and economics—coauthored by one of the field's pioneers Philosophy, Politics, and Economics offers a complete introduction to the fundamental tools and concepts of analysis that PPE students need to study social and political issues. This fully updated and expanded edition examines the core methodologies of rational choice, strategic analysis, norms,

and collective choice that serve as the bedrocks of political philosophy and the social sciences. The textbook is ideal for advanced undergraduates, graduate students, and nonspecialists looking to familiarize themselves with PPE's approaches. Starting with individual choice, the book develops an account of rationality to introduce readers to decision theory, utility theory, and concepts of welfare economics and consumer choice theory. It moves to strategic choice in game theory to explore such issues as bargaining theory, repeated games, and evolutionary game theory. The text also considers how social norms can be understood, observed, and measured. Concluding chapters address collective choice, social choice theory and

democracy, and public choice theory's connections to voters, representatives, and institutions. Rigorous and comprehensive, Philosophy, Politics, and Economics continues to be an essential text for this popular and burgeoning field. The only book that covers the entirety of PPE methods A rigorous, nontechnical introduction to decision theory, game theory, and positive political theory A philosophical introduction to rational choice theory in the social sciences

Revolution and Aesthetics Routledge

This book surveys the main theories of applied social and political philosophy and those theories to contemporary social/political issues of race, gender, war, peace, and ethnicity.

Readings From Plato to Gandhi

Routledge

Anthology of essays on social and political thought with a focus on modern Western political thought

Political Thinking, Political Theory, and Civil Society Routledge

Political philosophy is not a well-defined field. It hovers between political theory and classical philosophy. Few early political thinkers could have anticipated the most pressing political issues of our time: the need to stop global warming; the reduction of nuclear armaments; the rise of inequality between individuals and nations; and the struggle against authoritarianism, particularly when it comes disguised as democracy or as socialism. Here, celebrated philosopher Mario Bunge masterfully integrates socio-political theory into a philosophical exploration of power and resource distribution in the world today. Bunge contends that even recent political thinkers have generally failed to address the political underpinnings of topical issues. Environmental degradation, gender and race discriminations, participative democracy, nationalism, imperialism, the North-South divide, resource wars, and the industrial-military complex have all largely been bypassed in political thinking. Even connections between poverty and environmental degradation, and between inequality and bad health, have escaped the attention of those who would call themselves political thinkers. Bunge believes that political philosophers should pay more attention to social indicators, such as the standard index of income inequality and the United Nations human development index. It is pointless to write about redistributive policies unless we have a shared understanding of current wealth distribution. This is, in short, a modern treatise on sociopolitical concerns.

Social and Political Philosophy

Rowman & Littlefield Publishers

This new edition of *A Companion to Contemporary Political Philosophy* has been extended significantly to include 55 chapters across two volumes written by some of today's most distinguished scholars. New contributors include some of today's most distinguished scholars, among them Thomas Pogge, Charles Beitz, and Michael Doyle Provides in-depth coverage of contemporary philosophical debate in all major related disciplines, such as economics, history, law, political science, international relations and sociology Presents analysis of key political ideologies, including new chapters on Cosmopolitanism and Fundamentalism Includes detailed discussions of major concepts in political philosophy, including

virtue, power, human rights, and just war

A thoroughly updated and substantially expanded edition of an acclaimed anthology This is a thoroughly updated and substantially expanded new edition of one of the most popular, wide-ranging, and engaging anthologies of Western political thinking, one that spans from antiquity to the twenty-first century. In addition to the majority of the pieces that appeared in the original edition, this new edition features exciting new selections from more recent thinkers who address vital contemporary issues, including identity, cosmopolitanism, global justice, and populism. Organized chronologically, the anthology brings together a fascinating array of writings—including essays, book excerpts, speeches, and other documents—that have indelibly shaped how politics and society are understood. Each chronological section and thinker is presented with a brief, lucid introduction, making this a valuable reference as well as reader. A thoroughly updated and substantially expanded edition of an acclaimed anthology of political thought Features a wide range of thinkers, including Thucydides, Plato, Aristotle, Cicero, Augustine, Aquinas, Christine de Pizan, Machiavelli, Luther, Calvin, Hobbes, Spinoza, Locke, Swift, Hume, Rousseau, Adam Smith, Jefferson, Burke, Olympe de Gouges, Wollstonecraft, Kant, Hegel, Bentham, Mill, de Tocqueville, Frederick Douglass, Lincoln, Marx, Nietzsche, Lenin, John Dewey, Gaetano Mosca, Roberto Michels, Weber, Emma Goldman, Freud, Einstein, Mussolini, Arendt, Hayek, Franklin D. Roosevelt, T. H. Marshall, Orwell, Leo Strauss, de Beauvoir, Fanon, Martin Luther King Jr., Malcolm X, Havel, Fukuyama, Mitchell Cohen, Habermas, Foucault, Rawls, Nozick, Walzer, Iris Marion Young, Martha Nussbaum, Peter Singer, Amartya Sen, and Jan-Werner Müller Includes brief introductions for each thinker

[The Broadview Anthology of Social and Political Thought - Volume 1: From Plato to Nietzsche](#) Polity

Social and Political Philosophy: Classic and Contemporary Readings is a comprehensive primary-source anthology of readings on social and political thought. Ranging from ancient classics to contemporary works, this unique text combines the essential classics in the field—including the work of ancient Greek political philosophers and modern social contract theorists—with a significant amount of contemporary work on issues pertaining to poverty, drug legalization,

multiculturalism, race, gender, and class. It also integrates contemporary feminist perspectives.

Political Philosophy Routledge

This comprehensive anthology includes classic and contemporary readings in moral theory—a wide array of essays that address today's most philosophically interesting and controversial ethical and political issues. Includes an ethical theory overview; shows relevance of traditional and contemporary writers. KEY TOPICS: Features articles on self-interest and morality, rule utilitarianism and the conflict between duty and sentiment; Features readings on life and death, terrorism, internment in time of war, distribution of scarce medical resources and the survival lottery; Features essays on democracy, capitalism and its ethos, multiculturalism, identity and reparations. Extensive coverage of violence, terrorism, and war, as well as relativism and grounds of morality. MARKET: For those involved in social or political ethical decision making.

A Companion to Contemporary

Political Philosophy Routledge

[TofC cont.] Social ideals: Justice, A utilitarian theory of justice / J.S. Mill, Egalitarianism with changed motivation / G. Cohen; Equality, Multidimensional equality / M. Walzer, Equality of capacity / A. Sen; Liberty, rights, property, and self-ownership, A defense of the primacy of liberty rights / L. Lomasky, Atomism and the primacy of rights / C. Taylor -- Social institutions: Education, Educating about familial values / W. Galston, For vouchers and parental choice / M. Friedman; Family, In defense of filial obligations / C.H. Sommers; Punishment, A utilitarian theory of punishment / J. Bentham. In [this book, the editors] provide students [with] a wide variety of readings covering the problems of political and social philosophy. Such topics as political obligation, democracy, rights, and justice are represented, in addition to less widely discussed subjects as the family. Both common approaches and those which are less familiar are presented, as well as recent developments in the topic area. -Back cover.

Contemporary African Social and Political Philosophy John Wiley & Sons

Eric Voegelin's *Political Readings* fills a critical void by providing an original approach to studying the work of Eric Voegelin, one of the major political philosophers of the twenty-first century. Across six chapters, experts guide the reader from classical to modern times presenting six political philosophers who have had an impact on the life and philosophical production of Eric Voegelin. Philosophers examined include Plato,

Aristotle, Saint Augustine, Hobbes, Weber and Kelsen. Through this innovative structure, the chapters collectively illustrate how Voegelin was an exceptional thinker through his engagement with political philosophers both modern and antique. The plurality of unique, academic perspectives and voices enriches our understanding of Voegelin's own thought while also encouraging a re-think of ancient and modern thinkers, and the transformation and continuity between these. Designed for students and scholars alike, Eric Voegelin's Political Readings will appeal to all those with an interest in Voegelin as well as readers familiar with classical and modern political philosophers.

Political Philosophy Univ of California Press

This accessible and user-friendly text offers a broad survey of some of the fundamental philosophical questions concerning social and political relations in modern society.

The Social and Political Thought of Karl Marx MIT Press

This anthology surveys important issues in Western political philosophy from Plato to the present day. Its aim is to show both the continuity and the development of political thought over time. Each unit begins with readings on the fundamental theoretical principles underlying political discourse. Theory is then connected to practice in readings on contemporary issues as well as court cases and other political documents.

Readings in the Philosophy of Social Science Routledge

the first comprehensive anthology in the philosophy of social science to appear since the late 1960s

Classic and Contemporary Readings Broadview Press

This volume features a careful selection of major works in political and social philosophy from ancient times through to the present. Every reading has been painstakingly annotated, and each figure is given a substantial introduction highlighting his or her major contribution to the tradition. The anthology offers both depth and breadth in its selection of material by central figures, while also representing other currents of political thought. Thirty-two authors are represented, including fourteen from the 20th century. The editors have made every effort to include translations that are both readable and reliable. In order to ensure the highest standards of accuracy and accessibility, the editors have consulted dozens of leading academics during the course of the volume's

development (many of whom have contributed introductory material as well as advice). The result is an anthology with unparalleled pedagogical benefits; The Broadview Anthology of Social and Political Thought sets the new standard for social and political philosophy instruction.

From the Ancient Greeks to Modern Times Routledge

Social and Political Philosophy introduces some of the most important topics in contemporary political philosophy and questions whether these can be accommodated within the framework of liberal theory. It consists of specially written essays by prominent figures in social and political philosophy. Each essay carefully considers both the theoretical and practical problems of a major topic. Traditional perspectives are balanced with new challenges. Topics include: * Moral Methodology * Libertarianism * Socialism * Lesbian and Gay Perspectives * Feminism * Racial and Multicultural Perspectives * Rationality * Welfare Liberalism * Environmentalism * Virtue Ethics and Community * Just War Theory and Pacifism * Civil Disobedience.

Readings in Political Philosophy

Routledge

In this first serious work on the theory of civil society to appear in many years, Jean Cohen and Andrew Arato contend that the concept of civil society articulates a contested terrain in the West that could become the primary locus for the expansion of democracy and rights. In this major contribution to contemporary political theory, Jean Cohen and Andrew Arato argue that the concept of civil society articulates a contested terrain in the West that could become a primary locus for the expansion of democracy and rights.

Trends, Debates and Challenges John Wiley & Sons

A bold new history of postwar political philosophy and of how John Rawls transformed modern liberalism In the Shadow of Justice tells the story of how liberal political philosophy was transformed in the second half of the twentieth century under the influence of John Rawls. In this first-ever history of contemporary liberal theory, Katrina Forrester shows how liberal egalitarianism—a set of ideas about justice, equality, obligation, and the state—became dominant, and traces its emergence from the political and ideological context of the postwar United States and Britain. In the aftermath of the civil rights movement and the Vietnam War, political philosophers extended, developed, and reshaped liberalism as

they responded to challenges and alternatives on the left and right—from the New International Economic Order to the rise of the New Right. These thinkers remade political philosophy in ways that influenced both liberal theory and its critics. Recasting the history of late twentieth-century political thought, In the Shadow of Justice offers a rigorous look at liberalism's ambitions and limits.

Morality and Moral Controversies

Cambridge University Press

This book explores what constitutes contemporary African social and political philosophy with regard to its meaning, aims, sources, and relevance for today's Africa. Kasanda denounces conventional approaches considering these either as a subcategory of general philosophy or as the ideological attempts of individual African leaders and professional philosophers, such as Nkrumah, Nyerere, Senghor, Fanon, Hountondji and Towa. On the contrary, Kasanda defines contemporary African social and political philosophy as an inclusive reflection of African communities with regard to power and equitable modes of social and political organization in order to promote human excellence for everyone. This perspective also includes the criticism of social and political concepts in use within African communities. The author postulates that contemporary African social and political philosophy relies on the legacy of precolonial African societies, as well as on the contribution of the diaspora throughout the world. Contemporary African social and political philosophy is rooted in the daily lives of African people, and it expresses itself through multiple modalities including, for example, art, religion, literature, music and the policy of urbanization of African cities. This book sheds new light on debates concerning topics such as ethnophilosophy, negritude, pan-Africanism, democracy, African civil society, African cultures, and globalization. It aims to ward off the lethargy that strikes African social and political philosophy, taking a renewed and critical approach.

Morality and Moral Controversies

Routledge

This book is the first to systematically reconstruct Michel Foucault's political and philosophical thought across his career. It argues, in the areas of epistemology, power, subjectivity, resistance, politics, and ethics, that Foucault's work represents the articulation of a consistent and progressive philosophical and political viewpoint. The work is thus an important intervention into the field of Foucault studies, where many continue to claim that Foucault's work is contradictory,

nonsensical, or nihilistic.

Fact, Fiction, and Vision Rodopi

This book argues for the inclusion of the corporation as an integral element of political philosophy. It begins with a historical evaluation of the corporation as a constituent of political society. It shows how Adam Smith, Hegel, and Marx conceived the role of the corporation in relation to the state, the market and civil society, before moving on to the rejection of the corporation as a genuine moral and political agent by Rawls and Habermas. The next chapter of the book presents the corporation as a collective that possesses

political and moral agency. The author outlines four distinct political philosophies of corporate responsibility: the Aristotelian conservative-virtue ethical conception; the market liberal theory; the social liberal theory of corporate citizenship and political CSR; and Marxist-inspired critical theories. It is argued that the social liberal theory provides a better justification compared to its rivals. The third and final group of chapters applies the social liberal conception – called the social liberal corporation – to important contemporary issues, including human rights in global

supply chains, financial and digital firms, sustainability and climate change. *Corporate Responsibility and Political Philosophy* will appeal to political philosophers, political theorists, and applied ethicists, as well as scholars in other disciplines working on issues related to business ethics, organizational ethics, sustainability and corporate social responsibility. As it provides a comprehensive introduction to corporate responsibility it is also relevant to sustainability professionals who seek an overview of the theoretical debate on corporate responsibility.
