GARDNER MCMAHON

365 Dogs Workman Publishing Company
 Moving to America turns H&A's life inside out. For all the 10 years of her life, H&A has only known Saigon: the thrills of its markets, the joy of its traditions, the warmth of her friends close by, and the beauty of her very own papaya tree. But now the Vietnam War has reached her home. H&A and her family are forced to flee as Saigon falls, and they board a ship headed toward hope. In America, H&A discovers the foreign world of Alabama: the coldness of its strangers, the dullness of its food, the strange shape of its landscape, and the strength of her very own family. This is the moving story of one girl's year of change, dreams, grief, and healing as she journeys from one country to another, one life to the next.

Sad Animal Facts Harper Collins

"Based on the latest findings in the field of canine cognition and behavior, this book is an invaluable resource." —Hal Herzog, author of *Some We Love, Some We Hate, Some We Eat: Why It's So Hard To Think Straight About Animals* Every dog owner knows that along with the joy can come the stress and frustration of behavioral problems, which are expensive to diagnose and treat. Enter Kim Brophey, award-winning canine behavior consultant. Using cutting-edge research, Brophey has developed a groundbreaking system that allows owners to identify what their dog is struggling with, why, and how they can fix it. Brophey's approach is unlike anything that has been published before and will give dog owners a new understanding of what motivates and affects their dog's behavior. This innovative technique rethinks the way we categorize dogs, and distills information from over twenty scientific disciplines into four comprehensive elements: learning, environment, genetics, and self. With revolutionary tips for specific dog breeds, this book will change dog owners' lives—and lead to happier human-canine relationships. "It's refreshing to finally find a book that takes into consideration the many predispositions to behavior problems in dogs . . . teaches us to really see the dog in its entirety." —Alexandre Rossi, author of *A Dog at the Keyboard*

Inside Out & Back Again Andrews McMeel Publishing

Discover some of the world's most awe-inspiring and holy places, from Stonehenge to Uluru, and Walden Pond to Angkor Wat. Humans have always searched for and created meaning in the world around them, whether in breathtakingly stunning natural features and phenomena, acknowledging the ancient home of a particular faith or movement, or honouring the location of a significant event. In this beautifully illustrated guide, Alice Peck

discusses what makes a place spiritual – whether reaches of time, geography, the provision of sustenance or inspiration, or mystery and magic – and then explores 80 such locations around the globe. Rather than a comprehensive travel guide, the description of each one includes a detail or tip – something beautiful, strange, relatively unknown or unfamiliar – to allow readers to deepen their focus and perhaps experience the place in a different way than they might expect. If you are unable to travel at this time, this book will help you plan your next adventure. And if you are trying to limit your carbon footprint, each destination is accompanied by a related meditation, prayer, practice or quotation to help you connect to the spirit of it from your own home.

Inside of a Dog Pan Macmillan

Alice in Wonderland (also known as *Alice's Adventures in Wonderland*), from 1865, is the peculiar and imaginative tale of a girl who falls down a rabbit-hole into a bizarre world of eccentric and unusual creatures. Lewis Carroll's prominent example of the genre of "literary nonsense" has endured in popularity with its clever way of playing with logic and a narrative structure that has influenced generations of fiction writing.

A Knot A Day Orange Hippo!

The story of Raika begins several years after she retired from a noteworthy career in the world of competitive dog sports. Now that Raika and her owner no longer spent hours a week training, playing and traveling, she was left with relatively little to do. As a result, her life transitioned from one of working to one of eating, and eat Raika did! Unfortunately, all of that eating led to a serious weight problem, and she wasn't about to take responsibility for her mom's guilt-driven negligence: In the process of losing that weight through long daily walks, we find ourselves privy to Raika's thoughts on everything from the weather to human frailty to the importance of living life to the fullest. While mom is initially unable to hear Raika's thoughts, she slowly comes to appreciate life through the eyes of her elderly dog. She also comes to accept that time is short. "Raika, last night I had a dream. In my dream, you were trying to talk to me?.it was so clear what you were trying to say...No amount of walking, or changing of diets, or listening...could make you young again?.You wanted me to let you go...I know that your time will come. It is inevitable." And so begins the second part of the story as the pair begin to engage in dialogue. Raika presents her perspective on the irrational nature of human behavior and emotion with a blunt matter of factness that startles...and then thoroughly charms, with her sense of humor and keen awareness of the human condition. The reader is held with a deep and growing affection for the pair, even as the inevitable effects of aging take their toll and we work our way closer to the end of Raika's life. Here we have a uniquely

memorable story that leaves the reader with a sense of acceptance on the topics of life, aging, and death. A reader can find comfort and wisdom in the face of deep loss and grief, laughing through their tears all the way to the end.

This Day Avery

Based on the runaway web phenomenon (dogshamingdotcom), *Dog Shaming* features the most hilarious, most shameful, and never-before-seen doggie misdeeds. Our dogs are our best friends. They are always happy to see us. They comfort us in our times of need. They also eat our shoes, stain our carpets, and embarrass us in front of our guests. Dog owners everywhere have found their outlet in *Dog Shaming*, where they can confess their dogs' biggest (and often grossest!) sins, which turn out to be recognizably universal—complete with snapshots of ridiculously cute but shamed pups who don't seem capable of humping humans, pooping on pillows, or snagging steak straight from a grill. So share in the shaming and laugh through your frustration as *Dog Shaming* reminds us that unconditional love goes both ways.

Univ. of Queensland Press

Getting 100 % on the SATs, or getting a date with a cute trumpet player? Scoring top honors in youth orchestra, or scoring tickets to a punk rock concert? Following your parents' dreams to an Ivy league college, or following your heart? It's senior year, and Patti Yoon is about to find out what it really takes to be good enough!

Thoughts of Dog Simon and Schuster

Learn to communicate with your dog—using their language “Good reading for dog lovers and an immensely useful manual for dog owners.”—The Washington Post An Applied Animal Behaviorist and dog trainer with more than twenty years' experience, Dr. Patricia McConnell reveals a revolutionary new perspective on our relationship with dogs—sharing insights on how “man's best friend” might interpret our behavior, as well as essential advice on how to interact with our four-legged friends in ways that bring out the best in them. After all, humans and dogs are two entirely different species, each shaped by its individual evolutionary heritage. Quite simply, humans are primates and dogs are canids (as are wolves, coyotes, and foxes). Since we each speak a different native tongue, a lot gets lost in the translation. This marvelous guide demonstrates how even the slightest changes in our voices and in the ways we stand can help dogs understand what we want. Inside you will discover: • How you can get your dog to come when called by acting less like a primate and more like a dog • Why the advice to “get dominance” over your dog can cause problems • Why “rough and tumble primate play” can lead to trouble—and how to play with your dog in ways that are fun and keep him out of mischief • How dogs and humans share

personality types—and why most dogs want to live with benevolent leaders rather than “alpha wanna-bes!” Fascinating, insightful, and compelling, *The Other End of the Leash* is a book that strives to help you connect with your dog in a completely new way—so as to enrich that most rewarding of relationships.

Alice in Wonderland Simon and Schuster

Developed from celebrated Harvard statistics lectures, *Introduction to Probability* provides essential language and tools for understanding statistics, randomness, and uncertainty. The book explores a wide variety of applications and examples, ranging from coincidences and paradoxes to Google PageRank and Markov chain Monte Carlo (MCMC). Additional application areas explored include genetics, medicine, computer science, and information theory. The print book version includes a code that provides free access to an eBook version. The authors present the material in an accessible style and motivate concepts using real-world examples. Throughout, they use stories to uncover connections between the fundamental distributions in statistics and conditioning to reduce complicated problems to manageable pieces. The book includes many intuitive explanations, diagrams, and practice problems. Each chapter ends with a section showing how to perform relevant simulations and calculations in R, a free statistical software environment.

A Pocket Guide to Pigeon Watching Sourcebooks, Inc.

The steamy and thrilling story of Laura and Massimo continues in this unputdownable sequel to the international bestseller *365 Days* – the inspiration behind Netflix’s blockbuster movie. Laura Biel’s new life in Sicily looks like the perfect fairy tale: a grand wedding, a wealthy and devoted husband, a baby on the way and lavish luxury complete with servants, extravagant cars and seaside palazzos. Yes, all of this would be perfect, except for the fact that Laura is constantly surrounded by gangsters as the threat of her kidnapping looms large. Laura is about finally discover what it means to be married to the most dangerous man in Italy.

365 Days of Kawaii Hachette UK

It’s a “doggy-dog” world, and this easy-to-use guide will help you navigate it. These days, people’s dogs have become bona fide members of the family. Moving from the kennel to the couch, they share our beds, family rooms, and holidays; and they are recipients of our kindest and utmost concern. A pet partnership is a lifetime commitment. Do it right, and your dog will become an important and valuable part of the family for many years. Do it wrong, and you’ve broken a sacred covenant between humankind and another living being. *Dogs For Dummies*, 2nd Edition, is for you if you are looking to adopt a dog, trying to improve the relationship with the one you have, or attempting to come up with fun things to do with your canine companion. This book is also for people who want to Choose the right veterinarian Explore the dog-breeding business Find breed-rescue groups Identify canine health problems Look for a purebred Improve your chances at pet success by knowing how to raise and live with your dog properly. Discover which breed best suits your lifestyle, and if a puppy or adult dog is best for you. *Dogs For Dummies*, 2nd Edition, also covers the following topics and more: Caring for an aging dog Choosing collars, harnesses, halters, and leashes Considering euthanasia Feeding Fido the right way House training puppies and adult dogs Keeping up appearances with good grooming Participating in canine competitions Preparing your dog for a disaster Traveling with your dog Award-winning author Gina Spadafori says the lack of accurate information — not the lack of effort or concern — is often the reason for doomed people-pet pairings. With her help, you can avoid the agony. *Dogs For*

Dummies, 2nd Edition, is full of useful tips, how-to advice, illustrations, and photographs (both color and black-and-white).

You deserve a healthy, happy, and well-mannered canine companion; and you’ll be the owner every pet wants and deserves — informed, responsible, and loving. P.S. If you think this book seems familiar, you’re probably right. The *Dummies* team updated the cover and design to give the book a fresh feel, but the content is the same as the previous release of *Dogs For Dummies* (9780764552748). The book you see here shouldn’t be considered a new or updated product. But if you’re in the mood to learn something new, check out some of our other books. We’re always writing about new topics!

Good Enough Llewellyn Worldwide

Based on the beloved Twitter sensation, *Thoughts of Dog* contains never-before-seen, sweet and funny reflections on life from the pup-spective of a goooob dog, who, above all else, loves their human. Join a dog and their stuffed “fren” sebastian as they navigate life’s adventures through the most wholesome lens imaginable. The mastermind behind WeRateDogs, Matt Nelson, expands the *Thoughts of Dog* universe born on social media with his new book for anyone looking for a smile.

Dogs Page a Day Diary 1998 John Wiley & Sons

In addition, calendars ship in August unless noted on the order form. If you have not already received a copy of the full-color calendar catalog, please call us at: 1-800-722-7202.

Anecdotes of Dogs David & Charles

Part field guide, part history, part ornithology primer, and altogether fun. Fact: Pigeons are amazing, and until recently, humans adored them. We’ve kept them as pets, held pigeon beauty contests, raced them, used them to carry messages over battlefields, harvested their poop to fertilize our crops—and cooked them in gourmet dishes. Now, with *The Pocket Guide to Pigeon Watching*, readers can rediscover the wonder. Equal parts illustrated field guide and quirky history, it covers behavior: Why they coo; how they flock; how they preen, kiss, and mate (monogamously); and how they raise their young (on chunky pigeon milk). Anatomy and identification, from Birmingham Roller to the American Giant Runt to the Scandaroon. Birder issues, like what to do if you find a baby pigeon stranded in the park. And our lively shared story together, including all the things we’ve taught them—Ping-Pong, for example. “Rats with wings?” Think again. Pigeons coo, peck and nest all over the world, yet most of us treat them with indifference or disdain. So Rosemary Mosco, a bird-lover, science communicator, writer, and cartoonist (and co-author of *The Atlas Obscura Explorer’s Guide for the World’s Most Adventurous Kid*) is here to give the pigeon’s image a makeover, and to help every town- and city-dweller get closer to nature by discovering the joys of birding through pigeon-watching.

Dogs For Dummies John Wiley & Sons

Filled with inspiring stories and photographs, this heartfelt tribute to the pit bull celebrates one of America’s most popular yet misunderstood dogs. Perhaps more than any other breed, the pit bull has been dogged by negative stereotypes. In truth, pit bulls are innately wonderful family pets, as capable of love and good deeds as any other type of dog. Setting the record straight, Ken Foster sings the praises of pit bulls in *I’m a Good Dog*, a gorgeously illustrated, tenderly written tribute to this most misunderstood of canines. Founder of the Sula Foundation, which

promotes responsible pit bull ownership in New Orleans, and the author of two acclaimed books about abandoned dogs, Foster has made it his mission to bring overlooked canines into the limelight. *I’m a Good Dog* traces the fascinating history of this particularly maligned breed. A century ago, the pit bull was considered a family dog, featured in family photos and trusted as loving companions for children. More recently, pit bulls have been portrayed by the media as stereotypes of everything they are not. Foster shatters that reputation through moving profiles of pit bulls that serve as therapy dogs, athletic heroes, search-and-rescue dogs, and educators, not to mention as loving pets. Foster also profiles many pit bull lovers, from Helen Keller and Dr. Seuss to actor Todd Cerveris, who took his pit bull on tour with him for the musical *Spring Awakening*. Proving that there’s much to love and nothing to fear, *I’m a Good Dog* restores the pit bull to its rightful place as friend, family member, athlete and entertainer.

Dog Mom Crown

A very different breed from a crazy cat lady, but with all the eccentricities the name connotes, a dog mom is proud, loving, totally obsessed, and always willing to do anything for that perfect creature in her care—her dog. And there are millions of them out there, especially on Instagram, sharing the love with the hashtag #dogmom. A perfect gift just for them is *Dog Mom*, the little book that gets it. Beautifully illustrated in a bright, vibrant, and emotionally rich way by Isabel Serna, who clearly knows the unique bond between woman and dog, this is a joyful celebration of the dog mom lifestyle: how she spells out “W-A-L-K” so as not to excite her pet; how she plans her pup’s Halloween costume months in advance; different petting techniques and how they work—all in the name of giving her dog the love and life it deserves.

The Book of Dog Magic Ryland Peters & Small

A fireman in charge of burning books meets a revolutionary school teacher who dares to read. Depicts a future world in which all printed reading material is burned.

Feel Free to Quote Me The Floating Press

I’m a Good Dog Bloomsbury Publishing

Charming illustrations highlight a child’s day at school — with a surprise canine visitor — in this twist on a nursery rhyme about the hours of the day. Hickory, dickory, dare, Dogs aren’t allowed in there. A sneaky peek through . . . Then a hullabaloo! Hickory, dickory, dare. Zack and his dog, Rufus, are best friends. So when Zack goes to school, Rufus follows along. And once he’s there, Rufus joins right in with painting, lunchtime, and even garden time — which makes for one messy pup when it’s time to go home! Engaging illustrations capture the people and playthings of a child’s day, with an array of analog clocks sprinkled throughout for good measure.

365 Puppies a Year HarperCollins

Recounts the antics of big, lovable Clifford when he was a very small puppy.
