*Map Skills* Lorenz Educational Press  
The Revolutionary War contains 12 full-color transparencies (print books) or PowerPoint slides (eBooks), 28 reproducible pages including five pages of

test material, and a richly detailed teacher's guide. This volume covers the major military campaigns of the war and ends with the Treaty of Paris. *Basic Map Skills* Lorenz Educational Press Milliken's Reading Well! series provides teachers and parents with a wide variety of activities to use at

home or in the classroom to enhance your reading program. Reading materials and styles of writing include realistic fiction, biography, poetry, fantasy, informational articles, myths, legends, tall tales, and plays or skits. The comprehension activities have been selected to provide opportunities for students to practice a variety of reading skills. A list of comprehension skills for all grade levels is included on the Reading Comprehension Chart on page 1. A variety of assessment rubrics helps you track progress in achieving those skills. Each book in the series is sequential, allowing students to build on skills previous learned.

The various levels available allows you to select the one most appropriate for an individual student or class.

**Remedia Publications**

Explore the varied features of the African continent while reinforcing basic map reading skills. Sixteen student pages and accompanying blackline and full-color maps coordinate to provide a relational study of the elevation, vegetation, products, population, and peoples of Africa. Full-color maps are provided as transparencies for print books and PowerPoint slides for eBooks. Student pages challenge students to combine maps and additional resources in

order to answer questions and make judgments. Question topics follow the Five Themes of Geography as outlined by the National Geographic Society: finding absolute and relative locations on a map, relating physical and human characteristics to an area, understanding human relationships to the environment, tracing movement of peoples and goods throughout an area, and organizing countries and continents into regions for detailed study.
