This is an in-depth study guide into the Holy Spirit, who is not a

mere force. He is not energy. The Holy Spirit is a person and part of the Trinity along with the Father and the Son. God is Sovereign, and just so God wills and moves according to His will. Just so, the Spirit of the Lord moves and acts never out of His own accord, but always follows the leading of the Father. So the Spirit is interdependent, as there is a mutual dependency within the Trinity. The work of the Spirit is far greater in scope than merely the spiritual gifts, for the Spirit of the Lord leads us in our calling

on the narrow path to the glory of the Lord.

In this second collection of recent articles (the first was *Solid Fool's Gold*), groundbreaking sabermetrician and baseball historian Bill James takes his unique way of looking at the world and applies it to topics as diverse as the major league players who went out on top, whether ground ball pitchers are as good (or as bad) as people think, do hitters like Yasiel Puig have hot hand streaks (they do) and why (that's a different question), and do teams have tough stretches and soft patches in their schedules (they do) and how to mention them. Along the way, James takes several detours to discuss his views on classical music, fiction versus non-fiction, keeping wild animals in captivity, conservatives and liberals, and several other things that interest or offend him. He even includes a couple of his favorite old baseball stories and a new way to summarize something's or someone's history in exactly 10-25-50-100-200-500 words.

The Tao Te Ching is an ancient spiritual text from China. It is one of the most wonderful books ever (as proven by special science methods, honest) for helping us human beings to understand life, the universe, and everything. It can help us pierce the mystery, discover the hidden, and do no less than eff the ineffable.

Through poetry and metaphor the *Tao Te Ching* nudges our consciousness towards greater understanding of the nature of life in all its wonderful mystery and subtle challenge. In this new version, Francis Briers (Interfaith Minister, black belt martial artist, and accidental mystic) has taken the Tao's timeless wisdom and set it in modern language to make it easier to digest for a new generation of meaning seekers and spiritual explorers. PRE-PUBLICATION REVIEWS: "Francis Briers has done a brilliant job of casting the *Tao Te Ching* into a modern and popular form. His rendition flows with a humour and innocence that truly reflect the essence of the Taoist tradition. Whether you are approaching philosophy and personal development for the first time, or are an experienced explorer, *My Tao Te Ching* will make you smile with its wry insights and encourage you to be at ease with the wondrous miracle and paradox of your life." - William Bloom, PhD, and author 'The Power of Modern Spirituality: How to Live a Life of Compassion and Personal Fulfilment' "Each chapter is a

meditation helping us not to be so grasping, to empty ourselves so that love and compassion can flow through us, without interference. The style of writing is like love poetry and reminds me of the poetry of the many mystical traditions - Such a gift. " - Dr. Josie Gregory, PhD, and Director of The Centre for Spiritual Development and Facilitation "I'm happy to have introduced Francis to the 'Tao Te Ching' as his Kung Fu Instructor many years ago and watched his progress over the years. To take on this 'bible' of Taoism could be an onerous task but Francis has the insight, wisdom and humour to make it work. It's an excellent and accurate translation with the wit and humour to keep any normal person engaged and able to understand the original meaning of the text with those deep 'glimpses' that can only come from true understanding." - Steve Rowe, 8th Dan Karate, International Tai Chi Teacher, Chairman of the Martial Arts Standards Agency and Shi Kon Martial Arts International "A beautiful book which touches on the wonderful, mysterious and sometimes ridiculous nature of life, the universe, and everything. Wonderful, creative and enjoyable!" - Sue Cheshire, CEO & Founder, Global Leaders Academy "In this version of the Tao Te Ching, Francis Briers has brought to us a unique, playful, humorous, contemporary, and relevant edition of this well of delights. I find it a helpful, practical, and, at points, very funny read. Making a traditional text live in the modern world like this provides a valuable resource to us busy bees." - Luke Concannon, No.1 hit musician and activist To read some of the chapters, go here: <http://www.fudoshin.org.uk/blog/category/my-tao-te-ching>

 Ignorance is costly and deadly. It is heavier than the weights of

stone and mold. Ignorance is a disability that should be conquered. Wisdom is light. It makes the poor become rich. It turns a beggar into a giver. It is the weapon by which kings lead and rule kingdoms. By reading this book, you've made a wise decision, I assure you that at the end of the study you will be able to answer the query 'Am I a fool?' In this inspired precepts, you will find wisdom nuggets that will quicken your spirit. This book is structured to make you participate by reflecting on heart-searching issues that come under the term 'QUERY' and to every query you will find the 'KEY' that opens the door to the world within and without you. Paradox is present when the opposite of what one expects to be true, is true. The capacity to see paradox is the prerequisite to becoming wise. It is expressed when the weak become strong, those who lose their life find it, and the disheartened find the Lord who uses those "things that are not-to nullify the things that are (1 Corinthians 1:28 NIV)." This work demonstrates paradox in health, medicine, business, organizational leadership, cultural myths related to the family, the symptomatic solutions common in political and social structures, and in the spirituality expressed by people of faith. As the former director of an adolescent rehabilitation facility, the author has a keen awareness of the devastation caused by the failures of this generation. Clear and concise recommendations demonstrate the small changes that create enormous differences. We will discover that wisdom begins when we 'fear the Lord' and have 'knowledge of the Holy One.'

The wise see paradox, but not because they look for it. Their openness of thought leads to a perception that life is an interaction of complex systems and ideas that truly transcend us all. Those with the God-given capacity to integrate knowledge, emotion, and faith will, in the end, find wisdom. Rick Myatt is a licensed psychotherapist with an extensive history. From building an orphanage in a war-torn country to becoming the director of an adolescent psychiatric rehabilitation facility, his experience includes crisis intervention, treating sexual addictions, and caring for children victimized by the murder of parents and child prostitution. With Masters Degrees in Marriage and Family Therapy and in Theology, he has also completed all Ph. D. coursework in Family Sociology. He currently specializes in organizing his community to detect and prevent workplace violence.

WE ALL WANT TO KNOW OUR LIFE MATTERS. The Teacher in Ecclesiastes wanted to know if his life mattered. He invested time and energy in every activity he could think of that might bring meaning and purpose to his life but found only disappointment, frustration, hopelessness. In our thirst for significance we, like the Teacher, give our lives-our time, talents, strength, heart-to anything we think will give us worth and purpose: Power.

Relationships. Money. Pleasure. Work. But worshiping these idols has a high cost-and still doesn't bring the fulfillment we long for. In *Breaking the Idols of Your Heart* Dan Allender and Tremper Longman illuminate for us the Teacher's warnings and, after all his activities, his final radiant conclusion: Meaning and purpose come only when God is truly the center of our life and the object of our hope. Using a compelling fictional narrative at the start of each chapter, the authors lead us through Ecclesiastes to help us recognize and exchange cheap pursuits for the only One worth pursuing. Also included are group discussion questions to take you through Ecclesiastes with others. Ecclesiastes is not an easy book to read, because transferring our worship from money,

power and fame to God is not an easy road to travel. But as the Teacher discovered and wrote down for us, it leads to one conclusion: life lived abundantly, with freedom, hope, purpose, meaning.
