In the groundbreaking national bestseller *The Monk Who Sold His Ferrari*, internationally respected author and speaker Robin S. Sharma showed us a powerful way to dramatically improve the quality of our personal and professional lives based on timeless success principles from both the East and the West. In doing so, he helped many thousands and sparked a phenomenon. Now, in *Leadership Wisdom*, his much-awaited follow-up, Sharma has a new mission: to help you become the kind of visionary leader you deserve to be and transform your business into an organization that thrives in this age of dizzying change. With deep insight and compelling examples, this truly innovative thinker shares an ageless yet eminently practical blueprint for effective leadership that is certain to manifest the highest human gifts of the people you lead and unlock loyalty, commitment and creativity in the process. Written as an easy to read and highly entertaining fable, *Leadership Wisdom* is the powerful story of Julian Mantle, a hard-driving corporate player who, after suffering a massive heart attack one Monday morning, decides to embark on an odyssey to the Himalayas in search of the great truths for effective leadership in business and in life. In a tale that will change the way you think about leadership forever, Julian discovers eight timeless rituals practiced by every truly visionary leader, eight rituals that you, as a leader seeking to excel in these information-crazed times, can easily use to energize your team and elevate your entire organization to world-class levels of productivity, performance and passion. *Leadership Wisdom* is a unique treasure of a book that will awaken the fullness of your leadership potential, transform your company and deeply enrich the quality of your professional as well as your personal life.

Robert Greene's *The 48 Laws of Power* has shaken up the lives of millions. It's wielded by successful business executives, leading actors and musicians, and even by criminal kingpins. But how can you apply its lessons to your life? Perhaps you want to become a modern Machiavelli. Perhaps you want to escape the daily grind and realise your true potential and your dreams. Or maybe you're just tired of finding yourself the victim of other people's games. But with 48 Laws to choose from and a strong possibility that any one of them might seem like a radical overhaul of your habits and thought processes, it can seem overwhelming or impossible to put the Laws into practice. Help is at hand. Drawing on our major podcast series, *Exploring The 48 Laws of Power*, this book provides all you need to put the Laws into practice and make

lasting changes to your life. We reveal the 3 Most Powerful Laws (the ones you should start with, and on which all the others build) and the 4 Indispensable Power Principles (the specific rules of thumb and social 'hacks' which explain how the Laws really work in the world today). Armed with this knowledge, *The 48 Laws of Power* won't be a cool book you glanced through and then shelved. It will change your life.

How come I can never find my keys? Why don't I sleep as well as I used to? Why do my friends keep repeating the same stories? What can I do to keep my brain sharp? Scientists know. *Brain Rules for Aging Well*, by developmental molecular biologist Dr. John Medina, gives you the facts, and the prescription to age well, in his signature engaging style. With so many discoveries over the years, science is literally changing our minds about the optimal care and feeding of the brain. All of it is captivating. A great deal of it is unexpected. In his New York Times best seller *Brain Rules*, Medina showed us how our brains really work, and why we ought to redesign our workplaces and schools to match. In *Brain Rules for Baby*, he gave parents the brain science they need to know to raise happy, smart, moral kids. Now, in *Brain Rules for Aging Well*,

Medina shares how you can make the most of the years you have left. In a book destined to be a classic on aging, Medina's fascinating stories and infectious sense of humor breathe life into the science. *Brain Rules for Aging Well* is organized into four sections, each laying out familiar problems with surprising solutions. First up, the social brain, in which topics ranging from relationships to happiness and gullibility illustrate how our emotions change with age. The second section focuses on the thinking brain, explaining how working memory and executive function change with time. The third section is all about your body: how certain kinds of exercise, diets, and sleep can slow the decline of aging. Each section is sprinkled with practical advice, for example, the fascinating benefits of dancing, and the brain science behind each intervention. The final section is about the future. Your future. Medina connects all the chapters into a plan for maintaining your brain health. You may already be experiencing the sometimes-unpleasant effects of the aging process. Or you may be deeply concerned about your loved ones who are. Either way, *Brain Rules for Aging Well* is for you.

"The cost of not following your heart is spending the rest of your life wishing you had." Vishesh is a dreamer, who is driven by his passion for writing and words. But like most Indian middle class families, his parents are impatient to see him settled in a government job. Despite all obstacles, making no complaints, he

continues to follow the hard path, holding up the promise he had made to himself, trying to fulfil his father's wishes, and failing over and over. Almost everyone – his parents, friends, and the love of his life – leaves his side in the middle of his journey. To worsen things, he is diagnosed with Obsessive Compulsive Disorder, the seriousness of which nobody could decipher before it was too late. Will a dreamer be sacrificed for social standing? Will a heart be crushed to uphold a hollow image? Left alone and misunderstood by everyone he knew, this is Vishesh's intense story of repeatedly falling down and trying to get up on his own, to prove that everyone who dares to follow their heart is not a commoner; he is *The One From The Stars*.

Have you ever walked into a room and couldn't remember what you went there for? * Have you ever grasped the hand of a potential client and then when the handshake broke, the name seemed to disappear from your memory? * Or have you ever left a prospect or an important meeting and as you drove away remembered a key point that you should have shared with them? The problem is NOT with your memory. The problem is with the "Filing System" your brain currently uses to store and retrieve memory items. Change the filing system and you'll double and even triple your memory comprehension. Two-time USA Memory Champion Ron White will teach you the same 2,000-year-old memory method that he has already taught thousands to: * Give presentations and speeches without notes... * Memorize chapters of books word for word... * Retain information from workshops or training classes... * Improve your grades and study skills... * Remember names and faces, even years later... * Routinely memorize 100 digit numbers after hearing them only once... * And lots more!
