**Juvenile Justice in  
America** CQ Press  
Using an evidence-based  
approach, Juvenile Justice  
invites students to take a  
journey toward  
understanding the United  
States juvenile justice

system and the response  
from police, courts, and  
correctional institutions to  
crimes committed by  
juveniles, as well as the  
strategies used to deter  
these crimes. Renowned  
authors Frank  
Schmalleger and  
Catherine D. Marcum  
combine a practical tone  
with a variety of engaging  
learning exercises that  
connect readers with the

material. Students are  
encouraged to put what  
they learn into  
action—increasing their  
ability to comprehend and  
retain information long  
after they have completed  
the course. Key Features  
A variety of active-  
learning exercises  
developed by the authors,  
some individual and some  
group-oriented, enhance  
student learning. In the

Media exercises encourage students to think about the relationship between traditional and social media and how they impact juvenile behavior. Navigating the Field exercises let students explore and evaluate evidence-based strategies that have impacted a juvenile justice program, policy, or practice related to the chapter content. Exploring Juvenile Justice Further application activities at the end of each chapter offer additional opportunities

for students to apply what they have learned in class to the real world. A unique chapter on Juveniles and Cybercrime enables students to think critically about cyberbullying, cyberstalking, child pornography, and digital piracy. Humanizing the individuals involved in the juvenile justice system, each chapter opens with a vignette to highlight a contemporary issue for that particular subject. Case studies and accompanying questions encourage students to discuss and debate real-

world examples of juvenile court cases. Give your students the SAGE edge! SAGE edge offers a robust online environment featuring an impressive array of free tools and resources for review, study, and further exploration, keeping both instructors and students on the cutting edge of teaching and learning. **Juvenile Justice** Prentice Hall Too often professionals in public policy or criminal justice must scramble to find additional reading on juvenile law and justice or

on juvenile delinquency topics because most references and textbooks provide inadequate coverage of many issues of importance. The Handbook of Juvenile Justice: Theory and Practice responds to this need by prov

**America** Oxford

University Press, USA

Juvenile Justice: An Introduction is a student-friendly analysis of all aspects of the juvenile justice system. The book covers the history and development of the

juvenile justice system and the unique issues related to juveniles, including police interaction, court processes, due process, movements toward diversion and deinstitutionalization, and community intervention. This book also examines particular issues within juvenile justice, such as female delinquency, gang delinquency, and the use of the death penalty and Life Without Parole with juveniles. Evidence-based suggestions for successful interventions and

treatment are included, with a focus on performing cost-benefit analyses of what works versus what is ineffective with juveniles. The book concludes with a look to the future of the juvenile court, including the real possibility of abolition. Provides an engaging introduction to all aspects of the juvenile justice system in America. This seventh edition builds on a trusted and well-known textbook with new material on key issues such as sexting, bullying, social media, and the

issues of non-delinquent youths. Robust offerings for students include study questions, discussion questions, "What You Need to Know" sections in each chapter, key terms identified, online case study questions, and links to relevant websites. Instructors are provided with helpful test question banks, lesson plans, sample syllabi, PowerPoint lecture slides, and links to useful websites. Glossary consolidates key terms with definitions.

[Juvenile Justice in the Making](#) Pearson

Throughout U.S. history, attitudes toward young people have vacillated between fear of and fear for. These attitudes impact social programs for youth, including the system of juvenile justice. Attitudes are shaped by the socio-political and cultural climate of the times, and can be traced back to colonial times. However, changing mores and values often create confusion and conflict, resulting in ineffective strategies for preventing and responding to juvenile delinquency.

Tracing the history of juvenile justice back to the pre-colonial era through the present day, Finley sheds light on just how we arrived where we are in terms of juvenile justice. She connects the competing attitudes about young people to the social, economic, and political changes of a given era, and offers recommendations for establishing more effective and more humane policies toward juveniles in the justice system. Early America is known for its harsh

treatment of young people, most notably, the stubborn child laws, which authorized use of the death penalty for children who defied their parents. Yet, even then, many people held more nurturing attitudes toward youth. Thus originated the mixed messages in the U.S. regarding juvenile delinquency and the hodgepodge of approaches that follow. The establishment of the juvenile justice system, founded on the concept of *parens patriae*, or the state as parent, would

seem to have settled the debate over how juvenile offenders should be treated. In reality, however, there remains much controversy over how best to handle juvenile offenders, especially those who commit the most serious offenses. While some still maintain juveniles are developmentally different and should be treated in ways consistent with these differences, others are dismayed at what they feel to be a system that is too lenient and that leads to higher

juvenile crime rates and more serious offenses. With the advent of three strikes laws, curfew laws, boot camps, and referring juveniles to adult courts, and subsequently assigning them to adult prisons, many question just how we got to this place in juvenile justice. Here, Finley offers the history behind the controversial goals and development of the juvenile justice system, providing detailed descriptions of the major trends in juvenile justice. Addressing the most

current aspects of the controversy, she also sheds light on issues of race, social class, and gender. Offering recommendations for addressing the weaknesses and confusion in the system, Finley offers a unique and compelling perspective on controversial subject.

**Promise Unfulfilled**

National Academies Press  
The juvenile justice system is a multifaceted entity that continually changes under the influence of decisions, policies, and laws. The all

new Fourth Edition of *Juvenile Justice: A Social, Historical, and Legal Perspective*, offers readers a clear and comprehensive look at exactly what it is and how it works. Reader friendly and up-to-date, this text unravels the complexities of the juvenile justice system by exploring the history, theory, and components of the juvenile justice process and how they relate. *Juvenile Justice* Oxford University Press  
The American Juvenile Justice System, designed

as an introductory text, gives a concise overview of the structure and processes of juvenile justice as practiced in the United States. The changing philosophies of juvenile justice and delinquency, the structure of juvenile courts, the rights of juveniles and ways of evaluating the effectiveness of juvenile justice programmes are all discussed in this comprehensive work. *Do the Crime, Do the Time* National Academies Press  
American Juvenile Justice

is a definitive volume for courses on the criminology and policy analysis of adolescence. The focus is on the principles and policy of a separate and distinct system of juvenile justice. The book opens with an introduction of the creation of adolescence, presenting a justification for the category of the juvenile or a period of partial responsibility before full adulthood. Subsequent sections include empirical investigations of the nature of youth criminality

and legal policy toward youth crime. At the heart of the book is an argument for a penal policy that recognizes diminished responsibility and a youth policy that emphasizes the benefits of letting the maturing process continue with minimal interruption. In this updated and expanded second edition, Zimring has included four new chapters with examinations on important topics including, US Supreme Court decisions of life sentences for minors, the

elected use of juvenile courts over criminal court, punitive sex offender registration for juveniles, and appropriate tactics for juvenile justice reform. [A New Juvenile Justice System](#) SAGE  
In this highly charged, insightful investigation, Ira Schwartz takes us through a fascinating inquiry into the entire juvenile justice system in the United States. Tracing the past twenty years of attempted reforms through current trends, he measures the impact of various administrative,

legal, and fiscal reform efforts and illustrates how the contemporary juvenile justice system is still in shambles for the majority of our youth.

**A Return to Justice** NYU Press

Provides a comparison of criminal justice and juvenile justice systems across the world, looking for points of comparison and policy variance that can lead to positive change in the United States. Contributors discuss important issues such as the relationship between political change

and juvenile justice, the common labels used to unify juvenile systems in different regions and in different forms of government, the types of juvenile systems that exist and how they differ, and more. Furthermore, they use data on criminal versus juvenile justice in a wide variety of nations to create a new explanation of why separate juvenile and criminal courts are felt to be necessary. -- From publisher description.

*Juvenile Justice* NYU Press Winner, 2020 ACJS Outstanding Book Award, given by the Academy of Criminal Justice Sciences A major statement on the juvenile justice system by one of America's leading experts The juvenile court lies at the intersection of youth policy and crime

policy. Its institutional practices reflect our changing ideas about children and crime control. The Evolution of the Juvenile Court provides a sweeping overview of the American juvenile justice system's development and change over the past century. Noted law professor and criminologist Barry C. Feld places special emphasis on changes over the last 25 years—the ascendance of get tough crime policies and the more recent Supreme Court recognition that “children

are different.” Feld’s comprehensive historical analyses trace juvenile courts’ evolution through four periods—the original Progressive Era, the Due Process Revolution in the 1960s, the Get Tough Era of the 1980s and 1990s, and today’s Kids Are Different era. In each period, changes in the economy, cities, families, race and ethnicity, and politics have shaped juvenile courts’ policies and practices. Changes in juvenile courts’ ends and means—substance and procedure—reflect

shifting notions of children’s culpability and competence. The Evolution of the Juvenile Court examines how conservative politicians used coded racial appeals to advocate get tough policies that equated children with adults and more recent Supreme Court decisions that draw on developmental psychology and neuroscience research to bolster its conclusions about youths’ reduced criminal responsibility and diminished competence. Feld draws on lessons

from the past to envision a new, developmentally appropriate justice system for children. Ultimately, providing justice for children requires structural changes to reduce social and economic inequality—concentrated poverty in segregated urban areas—that disproportionately expose children of color to juvenile courts’ punitive policies. Historical, prescriptive, and analytical, *The Evolution of the Juvenile Court* evaluates the author’s

past recommendations to abolish juvenile courts in light of this new evidence, and concludes that separate, but reformed, juvenile courts are necessary to protect children who commit crimes and facilitate their successful transition to adulthood. *(In)justice for Juveniles* NYU Press Juvenile justice policies have historically been built on a foundation of myths and misconceptions. Fear of young, drug-addled superpredators, concerns

about immigrants and gangs, claims of gender biases, and race hostilities have influenced the public’s views and, consequently, the evolution of juvenile justice. These myths have repeatedly confused the process of rational policy development for the juvenile justice system. *Juvenile Justice: Redeeming Our Children* debunks myths about juvenile justice in order to achieve an ideal system that would protect vulnerable children and help build safer

communities. Author Barry Krisberg assembles broad and up-to-date research, statistical data, and theories on the U.S. juvenile justice system to encourage effective responses to youth crime. This text gives a historical context to the ongoing quest for the juvenile justice ideal and examines how the current system of laws, policies, and practices came into place. Juvenile Justice reviews the best research-based knowledge on what works and what does not work in the current

system. The book also examines failed juvenile justice policies and applies high standards of scientific evidence to seek new resolutions. This text helps students embrace the value of redemptive justice and serves as a springboard for the current generation to implement sounder social policies. Juvenile Justice is an ideal textbook for undergraduate and graduate students studying juvenile justice in Criminology, Criminal Justice, and Sociology. The book is also an

excellent supplemental text for juvenile delinquency courses. About the Author Barry Krisberg, PhD has been President of the National Council on Crime and Delinquency (NCCD) since 1983. Dr. Krisberg received both his master's degree in Criminology and his doctorate in Sociology from the University of Pennsylvania. He is currently Clinical Professor of Psychiatry at the University of Hawaii and has held previous faculty positions at the University of California at

Berkeley and the University of Minnesota. Dr. Krisberg was appointed by the legislature to serve on the California Blue Ribbon Commission on Inmate Population Management. He has several books and articles to his credit, is known nationally for his research and expertise on juvenile justice issues, and is called upon as a resource for professionals and the media.

**Handbook of Juvenile Justice** SAGE Publications  
Even though youth crime rates have fallen since the

mid-1990s, public fear and political rhetoric over the issue have heightened. The Columbine shootings and other sensational incidents add to the furor. Often overlooked are the underlying problems of child poverty, social disadvantage, and the pitfalls inherent to adolescent decisionmaking that contribute to youth crime. From a policy standpoint, adolescent offenders are caught in the crossfire between nurturance of youth and punishment of

criminals, between rehabilitation and "get tough" pronouncements. In the midst of this emotional debate, the National Research Council's Panel on Juvenile Crime steps forward with an authoritative review of the best available data and analysis. *Juvenile Crime, Juvenile Justice* presents recommendations for addressing the many aspects of America's youth crime problem. This timely release discusses patterns and trends in crimes by children and

adolescentsâ€"trends revealed by arrest data, victim reports, and other sources; youth crime within general crime; and race and sex disparities. The book explores desistanceâ€"the probability that delinquency or criminal activities decrease with ageâ€"and evaluates different approaches to predicting future crime rates. Why do young people turn to delinquency? Juvenile Crime, Juvenile Justice presents what we know and what we urgently

need to find out about contributing factors, ranging from prenatal care, differences in temperament, and family influences to the role of peer relationships, the impact of the school policies toward delinquency, and the broader influences of the neighborhood and community. Equally important, this book examines a range of solutions: Prevention and intervention efforts directed to individuals, peer groups, and families, as well as day care-,

school- and community-based initiatives. Intervention within the juvenile justice system. Role of the police. Processing and detention of youth offenders. Transferring youths to the adult judicial system. Residential placement of juveniles. The book includes background on the American juvenile court system, useful comparisons with the juvenile justice systems of other nations, and other important information for assessing this problem. [Sm Juvenile Justice I/Tst/m](#)

John Wiley & Sons  
 Several million reported and unreported delinquent acts take place each year. In fact, according to the U.S. Department of Justice and the U.S. Bureau of Justice Statistics, juvenile delinquency, acting-out and oppositional behavior, illegal drugs, guns, and youth violence are pervasive throughout American society. Juvenile Justice Sourcebook is the first comprehensive volume devoted exclusively to the biopsychosocial

assessment, police and juvenile court processing, and institutional and community-based treatment and rehabilitation of juvenile offenders. The overriding objective of this sourcebook is to trace the tremendous progress achieved toward resolving juvenile justice issues, dilemmas, and controversies, while providing futuristic visions for the juvenile justice field. Each chapter, authored by preeminent expert practitioners and researchers, explores

topics ranging from innovative counseling and multisystemic programs, to restorative justice, to rehabilitation programs such as aggression replacement training, wilderness programs, family treatment, substance abuse treatment, restitution, and aftercare. This volume, grounded in history and exhaustive research, presents the latest evidence-based policies, programs, and innovative treatment alternatives. Examining the entire juvenile justice system,

including juvenile law, policies, practices, and research, the Juvenile Justice Sourcebook will be invaluable to all juvenile justice practitioners, policy analysts, researchers, and students.

[Choosing the Future for American Juvenile Justice](#)  
Bloomsbury Publishing USA

This is the eBook of the printed book and may not include any media, website access codes, or print supplements that may come packaged with the bound book. Offering

concise, self-contained chapters, *Juvenile Justice Today*, 1e explores the history of juvenile justice, the juvenile justice system, and special populations. Video profiles accompany each chapter and give a dramatic picture of juveniles in the system, along with the police, judges and personnel that work with them. The mycrimekit website supports the text and includes practice quizzes, essay questions and online activities. Throughout the text, real-world examples and

research and evaluations summaries help students understand the juvenile justice system, processes and people within it.

*Juvenile Justice Today*  
ABDO

The Juvenile Justice System examines all aspects of juvenile justice in the United States. It discusses the history behind the US juvenile justice system and how juveniles are affected by the system. Features include a glossary, further readings, websites, source notes, and an index. Aligned to Common Core

Standards and correlated to state standards. Essential Library is an imprint of Abdo Publishing, a division of ABDO. *A Juvenile Justice System for the 21st Century* Routledge Youth Justice in America, Second Edition engages students in an exciting, informed discussion of the U.S. juvenile justice system and fills a pressing need to make legal issues personally meaningful to young people. Written in a straightforward style, the book addresses tough,

important issues that directly affect today's youth, including the rights of accused juveniles, search and seizure, self-incrimination and confession, right to appeal, and the death penalty for juveniles. Focusing on cases that relate to the Fourth, Fifth, Sixth, and Eighth Amendments to the U.S. Constitution, the subject matter comes alive through a wide variety of in-book learning aids. Reforming Juvenile Justice Pearson Higher Ed Juvenile Justice: A Guide

to Theory, Policy, and Practice takes students through the practical realities of the juvenile justice system and the most current topics in the field. The Tenth Edition features real-life examples, excellent pedagogical features, and complete digital resources to help students learn interactively. **Juvenile Justice** Rowman & Littlefield Authoritative, current, and easy to use, this book is an outstanding resource for readers looking to gain an accurate and thorough

understanding of American juvenile justice. Juvenile delinquency has been of interest to the general public and academic scholars for many decades—and it has been an ongoing societal problem for the same amount of time. Delinquency covers a range of behaviors from minor offenses, such as trespassing or vandalism, to the more serious crimes often associated with gangs that include murder. *Juvenile Justice: A Reference Handbook* puts juvenile justice under the

microscope, surveying its long history and key issues, exploring the myriad of problems and controversies tied to the juvenile justice system, and explains how policymakers and legal professionals have tried to solve these vexing issues. The book first presents historical and contemporary discussions of juvenile justice, especially in the United States. The next chapters address problems, controversies, and possible solutions for juvenile justice; present

insightful, diverse perspectives from leading experts; and profile important figures in the juvenile justice system and the field of crime and delinquency. The book also contains data and primary documents that show who gets processed through the juvenile justice system and for what kinds of criminal acts.

### **The War on Kids**

Prentice Hall

This is a hopeful but complicated era for those with ambitions to reform the juvenile courts and

youth-serving public institutions in the United States. As advocates plea for major reforms, many fear the public backlash in making dramatic changes. *a* *Choosing the Future for American Juvenile Justice* provides a look at the recent trends in juvenile justice as well as suggestions for reforms and policy changes in the future. Should youth be treated as adults when they break the law? How can youth be deterred from crime? What factors should be considered in

how youth are punished? What role should the police have in schools'. This essential volume, edited by two of the leading scholars on juvenile justice, and with contributors who are among the key experts on each issue, the volume focuses on the most pressing issues of the day: the impact of neuroscience on our understanding of brain development and subsequent sentencing, the relationship of schools and the police, the issue

of the school-to-prison pipeline, the impact of immigration, the privacy of juvenile records, and the need for national policies including registration requirements for juvenile sex offenders. *a* *Choosing the Future for American Juvenile Justice* is not only a timely collection, based on the most current research, but also a forward-thinking volume that anticipates the needs for substantive and future changes in juvenile justice."
