Trumpet of the Swan, is a
classic of children's
literature that is "just
about perfect."
Illustrations in this ebook
appear in vibrant full color
on a full-color device and

Pig. Humble. Radiant.
These are the words in
Charlotte's Web, high up

in Zuckerman's barn.
Charlotte's spiderweb tells
of her feelings for a little
pig named Wilbur, who
simply wants a friend.
They also express the
love of a girl named Fern,
who saved Wilbur's life
when he was born the
runt of his litter. E. B.
White's Newbery Honor
Book is a tender novel of
friendship, love, life, and
death that will continue to

be enjoyed by generations to come. It contains illustrations by Garth Williams, the acclaimed illustrator of E. B. White's *Stuart Little* and Laura Ingalls Wilder's *Little House* series, among many other books. Whether enjoyed in the classroom or for homeschooling or independent reading, *Charlotte's Web* is a proven favorite. *Eva's Treetop Festival* Scholastic Teaching Resources This book provides a research-based

framework for making differentiated instruction work in the primary grades. It includes scientifically validated techniques for teaching each component of the beginning reading program. The authors describe how to use assessment to form differentiated small groups and monitor student progress; plan which skills to target and when; and implement carefully selected instructional strategies. Vivid classroom examples illustrate what

differentiated instruction looks like in action in each of the primary grades. For additional helpful resources, including classroom-ready lesson plans, teachers can purchase the complementary volume, *How to Plan Differentiated Reading Instruction: Resources for Grades K-3. Freak the Mighty* Scholastic Inc. *Personalized Learning: A Guide for Engaging Students with Technology* is designed to help educators make sense of the shifting landscape in

modern education. While changes may pose significant challenges, they also offer countless opportunities to engage students in meaningful ways to improve their learning outcomes. Personalized learning is the key to engaging students, as teachers are leading the way toward making learning as relevant, rigorous, and meaningful inside school as outside and what kids do outside school: connecting and sharing online, and engaging in virtual communities of

their own. Renowned author of the Heck: Where the Bad Kids Go series, Dale Basye, and award-winning educator Peggy Grant, provide a go-to tool available to every teacher today—technology as a way to ‘personalize’ the education experience for every student, enabling students to learn at their various paces and in the way most appropriate to their learning styles. Owen and Mzee: The True Story of a Remarkable Friendship Scholastic Inc. A young man describes his torment as he

struggles to reconcile the diverse influences of Western culture and the traditions of his own Japanese heritage. *Clifford's Manners (Classic Storybook)* Guilford Press The amazing true story of the orphaned baby hippo and 130-year-old giant turtle whose remarkable friendship touched millions around the world. The inspiring true story of two great friends, a baby hippo named Owen and a 130-yr-old giant tortoise named Mzee (Mm-ZAY). When Owen was stranded after

the Dec 2004 tsunami, villagers in Kenya worked tirelessly to rescue him. Then, to everyone's amazement, the orphan hippo and the elderly tortoise adopted each other. Now they are inseparable, swimming, eating, and playing together. Adorable photos e-mailed from friend to friend quickly made them worldwide celebrities. Here is a joyous reminder that in times of trouble, friendship is stronger than the differences that too often pull us apart.
