## LUCAS TRISTIN

---

**How to Get Rich** Random House

The essential handbook for anyone who wants to understand how our economic system really works, what has gone wrong

with it, and what we can do to fix it. What is money and how does it work? The conventional answer is that once upon a time people exchanged what they produced for what they wanted--cod in Newfoundland, sugar in the West Indies, tobacco in Virginia--and that today's financial universe evolved from barter. But there is a problem with this story. It's

wrong. And dangerous. Putting the record straight, Money: The Unauthorised Biography draws on stories from around the world and throughout history, from the primitive tribe using as cash an enormous underwater stone wheel to the credits used by modern-day babysitting circles, taking in along the way spendthrift Dauphins, sixteenth-century vampire

squid, rituals of sacrificial feasts in Ancient Greece, and the credit crisis in Ancient Rome (an eerie pre-echo of recent events). In wonderfully witty and lucid style Felix Martin unfolds this panoramic secret history and explains the truth about money: what it is, where it comes from, and how it works. His absorbing account will rearrange your understanding of the world and show how money can once again become the most powerful force for good. By misunderstanding money we have become its slaves. This book sets us straight in order to set us free.

So traumatized by the attack on Pearl Harbour was the author, that he vowed to "get" a Japanese battleship in retaliation. On April 7th, 1945 he fulfilled that vow!

**Lined Journal with Cutest Panda Knights Design - Cool Gift for a Friend Or Family who Loves Wildlife Presents! - 6x9" - 180 White Lined Pages - You Can Use It for School, College, Tracking, Brainstorming, Journaling Or as a Diary** Woodslane Press

Felix Dennis, who believes that almost

anyone of reasonable intelligence can become rich, given sufficient motivation and application. How To Get Rich is a distillation of his business wisdom. Primarily concerned with the step-by-step creation of wealth, it ruthlessly dissects the business failures and financial triumphs of 'a South London lad who became rich virtually by accident'. Part manual, part memoir, part primer, this book is a template for those who are willing to stare down failure and transform their lives. Canny, infuriating, cynical and generous by turns.
